SUBJECT: Service Contract Inventory – Planned FY 2014 Analysis of Special Interest Functions

NEH is a small, independent agency of about 160 FTE. Because of its size, NEH has limited funds for general acquisition purposes. As a result we anticipate having no contracts that fall into the specified Special Interest Function.

However, as we did for FY 2013 we will select one of the functions reported on the FY 2014 report for analysis.
