This addendum to the Request for Proposals contains agency-specific information for those applicants applying to SSHRC.

### **Eligibility**

SSHRC invites applications for grants from social science and humanities researchers affiliated with a Canadian postsecondary educational institution.

### **Amount of Funding**

The maximum award from SSHRC is \$100,000 Canadian dollars.

Canadian participants in each project must prepare a budget detailing costs and the requested amount from SSHRC. ~~The project teams are required to submit a universal budget as well as a separate budget detailing the expenses to be incurred by the Canadian participants.~~ Update 26 May 2009: You do not need to include a budget request form for SSHRC at the time of application. SSHRC will contact you and request such a form after the application has been adjudicated.

The complete list of eligible and ineligible expenses for the Canadian participants can be found in the Tri-Agency Financial Administration Guide:
