TIMELINE21

I. Program Description

America's cultural heritage is preserved not only in libraries, museums, archives, and other community organizations, but also in all of our homes, family histories, and life stories. The Common Heritage program aims to capture this vitally important part of our country's heritage and preserve it for future generations. Common Heritage will support both the digitization of cultural heritage materials and the organization of outreach through community events that explore and interpret these materials as a window on the community's history and culture.

The Common Heritage program recognizes that members of the public—in partnership with libraries, museums, archives, and historical organizations—have much to contribute to the understanding of our cultural mosaic. Together, such institutions and the public can be effective partners in the appreciation and stewardship of our common heritage.

The program supports events organized by community cultural institutions, which members of the public will be invited to attend. At these events experienced staff will digitize the community historical materials brought in by the public. Project staff will also record descriptive information—provided by community attendees—about the historical materials. Contributors will be given a free digital copy of their items to take home, along with the original materials. With the owner's permission, digital copies of these materials would be included in the institutions' collections. Historical photographs, artifacts, documents, family letters, art works, and audiovisual recordings are among the many items eligible for digitization and public commemoration.

Projects must also provide community outreach via public events that would expand understanding of the community's heritage. Public programs could include lectures, panels, reading and discussion groups, special gallery tours, screening and discussion of relevant films, presentations by a historian, special initiatives for families and children, interpretation by curators about items brought in by the public, workshops on preserving heritage materials, or other activities that bring humanities perspectives on heritage materials to community audiences. These activities should provide a framework for a deeper understanding of the community members' shared or divergent heritage. The programs may take place before, during, and/or after the day of the digitization event. Applicants may but need not include in their proposals a topic around which the event and the programs would be organized. Topics proposed for programs may also be proposed for the digitization event.

The applicant institution must plan, promote, and organize the event and ensure that a wide range of historical materials can be digitized and also contextualized through public programming. Since the help of additional institutions and organizations in the community may be needed to accomplish this work, the applicant must take responsibility for enlisting appropriate organizations or institutions, such as local libraries and museums, to contribute to the project, as needed.

NEH especially welcomes applications from small and medium-sized institutions that have not previously received NEH support. The program also encourages applications from presidentially designated institutions (Hispanic-serving institutions, Historically Black Colleges and Universities, and Tribal Colleges and Universities), and from Native American tribes and Native Alaskan and Native Hawaiian organizations.

NEH grantees must follow the requirements of Section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of handicap in any program or activity receiving federal financial assistance. For more information consult Design for Accessibility: A Cultural Administrator's Handbook [here](#).

Applicant institutions should

- plan the event with community input (and recruit partner institutions, if desired);
- secure a venue for the community event;
- identify the roles of partner institutions (if any); and
- make preparations to announce and promote the event and its programs.

Applicant and/or partner institutions should

- arrange for the purchase or loan of the necessary equipment, such as scanners, digital cameras, and computers, to handle the expected materials;
- identify experienced staff, who would perform the digitization and obtain information from members of the public about their materials, in order to create metadata for digital files;
- coordinate community participation and create a plan to enhance the community heritage day with programming that may be scheduled before, during, and/or after the digitization event, and to identify staff, who would plan and present the public programming;
- select historical or cultural topics, if desired, to be explored in the public programming; and
- identify appropriate humanities scholars, if desired, to advise on the public programming.

Common Heritage grants may not be used for

- projects digitizing materials unrelated to family and cultural heritage;
- appraisal of collections to determine their financial value;
- events not open to the general public or events charging a fee for admission;
- digitization of materials held by the applicant institution or other cultural heritage repositories (applicants seeking support for such projects should consult [Humanities Collections and Reference Resources](#));
- projects that seek to promote a particular political, religious, or ideological point of view or that advocate a particular program of social action; or

- projects that support obscene, libelous, indecent, or defamatory content (including hate speech, personal attacks, or material constituting harassment).

The Common Good: The Humanities in the Public Square

NEH invites projects related to its initiative, [The Common Good: The Humanities in the Public Square](#). This initiative seeks to connect the study of the humanities to the current conditions of national life. Many of today's challenges require more than ever the forms of understanding and knowledge represented by the humanities. They require the broadest possible engagement of scholars and the public with the resources of the humanities, including but not limited to the study of language, literature, history, philosophy, comparative religion, and ethics. The study of the humanities can help illuminate the complexity of many contemporary challenges while enriching our understanding of the common good.

Note that the Common Good initiative incorporates the [Standing Together](#) initiative, which encourages projects related to war and military service.

All applications will be given equal consideration in accordance with the program's evaluation criteria, whether or not they respond to the Common Good initiative or the Standing Together initiative.

Award information

Grants of up to \$12,000 will be awarded.

All grants are awarded for a period of eighteen months, although a grantee may complete a project in a shorter period of time.

Cost sharing

Cost sharing is not required in this program. If eligible expenses are more than \$12,000, an applicant may cover the difference and show this as cost sharing in the project's budget.

Eligibility

U.S. nonprofit organizations with 501(c)(3) tax-exempt status are eligible, as are state and local governmental agencies and federally recognized Indian tribal governments. Individuals are not eligible to apply.

NEH generally does not award grants to other federal entities or to applicants whose projects are so closely intertwined with a federal entity that the project takes on characteristics of the federal entity's own authorized activities. This does not preclude applicants from using grant funds from, or sites and materials controlled by, other federal entities in their projects.

Late, incomplete, or ineligible applications will not be reviewed.

II. Preparing and Organizing your Application

Resources for preparing a strong application

To prepare a strong application, applicants are encouraged to take the following steps:

- read these **guidelines** carefully, noting what information needs to be provided in the application;
- review the **sample narratives**, which are available on the [program resource page](#);
- consult the program's **evaluation criteria**, which are listed immediately below;
- read the **Frequently Asked Questions**, which are available on the [program resource page](#); and
- contact the **program staff** (at 202-606-8570 or preservation@neh.gov) to discuss your project and raise any questions you may have about the application.

Evaluation criteria

NEH asks evaluators knowledgeable about the preservation of cultural heritage materials and the creation of public programs on historical and cultural topics to assess applications according to the following criteria:

The significance of the event for public understanding and enjoyment of family and community heritage, and its significance for appreciation of the humanities:

- Has the applicant shown how the community event will provide participants with a deeper understanding of their own historical collections and those of other community members?
- If the applicant proposed a historical topic as the focus of the digitization event and/or the public programming, was it convincingly described?
- Has the applicant presented a strong vision for making the planned event important to the life of the community?
- Has the applicant established why the community's cultural heritage is important to its members and identified the sorts of items that the public may want to have digitized?

The quality of the public programs to be presented, and the process of digitization and creation of metadata:

- Does the applicant describe in detail the public programs to be presented and how they relate to the project overall? Are any topics selected for the event appropriately addressed and explored through the public programs to be offered? Will the public programming provide a deeper understanding of the community's history?
- How well has the applicant described the range of cultural heritage materials that the planned event will be equipped to digitize? Will project staff be prepared to digitize family letters, documents, and photographs? Will staff be equipped to digitize historical artifacts and other 3D objects? Will staff be able to digitize bound volumes, such as scrapbooks and journals? Are there certain formats, such as recorded sound and moving image materials, that cannot be reformatted in conjunction with the event?

- What standards and best practices will guide the technical work to be performed in digitizing collection items and creating metadata?

The selection of experienced project staff to plan, promote, and carry out the community heritage event:

- Are the roles of the applicant institution and any partner institutions clearly explained? Have the planning, promotion, and implementation of the event been thoroughly described?
- Have the applicant and/or partner institutions identified project staff with the education, training, and experience necessary to carry out the proposed digitization and creation of metadata in a professional manner?
- Does the project staff that will create and present public programming have the education, training, and experience to make the event a meaningful exploration of cultural heritage?

The adequacy of the plan of work and budget:

- Has the applicant described in detail the substance and sequence of tasks to be performed to organize the event and to conduct it? Is there a timetable and a clearly described budget?
- Have supplies and equipment been adequately described, and do they meet preservation standards?

Prior to preparing and submitting a proposal, applicants are encouraged to check the websites of state humanities councils (contact information for the councils is available [here](#)) for resources related to community-based projects, to consult with their state humanities council, and (as noted earlier) to review the Frequently Asked Questions document, which they can access through a link on the [program resource page](#). Although program staff is not able to review draft applications, it will provide consultation by phone and e-mail. You may send questions regarding prospective applications to the Division of Preservation and Access, at 202-606-8570 or preservation@neh.gov.

Application elements

Your application consists of the following parts:

1. Project abstract

Provide a one-paragraph abstract (up to one thousand characters) describing the project, both the digitization of historical materials brought in by the public and the programs to provide insight and knowledge about cultural heritage. Explain the importance of the project to the community, and outline any historical or cultural topics to be explored in the public programming. Applicants should copy this paragraph into the Project Information field in the Application for Federal Domestic

Assistance—Short Organizational form. (See below, in the instructions for submitting an application to Grants.gov.)

2. Narrative

Project narratives are limited to five single-spaced pages. The font size should be no smaller than eleven point, and all pages should have one-inch margins. Applicants should keep the application review criteria (see above) in mind when writing their narratives.

Answer the following questions in order. State each question as the heading for the answer to that question.

A. What is the significance of this event to the community's members and its cultural institutions?

Describe the community and the range of cultural heritage materials held by members of the public and cultural institutions. Explain the significance of family and cultural heritage to the community. If appropriate, describe any historical topics to be explored in the public programs to be presented. (Note that applicants may but need not propose specific topics to be explored in the public programs.) How will the proposed project improve the understanding and appreciation of the community's heritage? What would motivate community participation? What central ideas should community members take away after participating in the event?

B. What arrangements need to be made to digitize the public's cultural heritage materials, to get information for the metadata describing each item, and to provide access to the digital copies?

Identify the staff who would organize the digitization and those who would take responsibility for the digitization and creation of metadata. Describe the experience that they bring to this work. What range of cultural heritage items and formats will the event be equipped to digitize? If audiovisual media may be digitized, what arrangements will the organizers of the event make for the safe handling, digitization, and return to the owners of their recorded sound and moving image materials? What standards and best practices would be followed for the safe handling of the public's collections and for conducting the scanning and creation of metadata? Identify the community's choice of a repository, or repositories, to hold digital copies of items for which it has received permission from members of the public. What plans are in place for making these digitized items accessible to the community, researchers, and the public?

See the Frequently Asked Questions document (available on the [program resource page](#)) for information and links to resources on standards and best practices for digitizing and creating metadata, and for guidance on the care and handling of original materials and the use of preservation supplies to protect collection items.

Applicants should describe their plans for nonprofit re-use of any equipment purchased with grant funds.

C. In digitizing and providing access to the public's historical materials, what plans will be in place to deal with intellectual property rights and the permissions process?

What plans would be made to secure permission from members of the public for deposit of digital copies of their items in an acceptable online repository of historical collections, and to explain to them the permissions process? What precautions will be taken to identify any items that cannot be digitized without infringing intellectual property rights? Will members of the public be able to eliminate public access to items that they provided for digitization, if they subsequently change their minds about permitting online access to them?

D. What kind or kinds of outreach programs are proposed?

Describe the program formats that you plan to use: an exhibition of historical materials, a film screening, a presentation by a historian, a curator's commentary on items brought in by the public, a workshop on preserving heritage materials, and/or other programs that could promote the event and provide interpretive context for a better understanding of the community's cultural heritage. If you have chosen to organize the event around a topic, describe how the proposed public programs will illuminate that topic. Identify staff members who would organize these programs, and indicate the relevant experience that equips them for this task, as well as their background and training in the humanities. If you plan on bringing in people from outside your organization, such as historians, curators, or other speakers, please identify them, too. When will public programming take place (before, during, and/or after the digitization event) and how would the events be connected?

E. What is the plan of work for the project?

Outline the steps of the project, the sequence in which they will occur, the amount of time they will take, and indicate who is responsible for each task. Identify staff who will manage the project and any specialists who will aid in the digitization and outreach programs.

3. Budget

Allowable expenses include the cost of flatbed and overhead scanners, digital cameras, preservation supplies for protecting cultural heritage items, and computers to assist the digitization and creation of metadata. Preservation enclosures may be purchased and given to members of the public to help them protect photographs and documents. Grant funds may also cover fees for the staff of libraries, museums, and other collecting institutions to conduct the digitization. Because of the cost of equipment and staffing, applicants should work with local institutions to put together a combination of purchased and borrowed or donated equipment and staff time that meets their needs and stays within the maximum award amount of \$12,000. Equipment for public events, such as projectors and amplification systems, may not be purchased with grant funds; however, costs for renting such equipment, as well as

rental of space for the heritage event, are allowed. Grant funds may also be used for honoraria for humanities advisors and public programs presenters.

Provide an itemized budget showing the project's expenses. To illustrate the format that you should follow, please consult the sample budget, which is available (along with the budget form) on the [program resource page](#).

If the applicant is claiming indirect costs and has a current federally negotiated indirect-cost rate agreement, submit a copy of this agreement. Do not attach the agreement to your budget form. Instead you must attach it to the Budget Narrative Attachment Form (also known as the Budget Narrative File). (See the instructions for this form in the Application Checklist near the end of this document.) Alternatively, you must attach a statement to the form, explaining a) that the applicant institution is not claiming indirect costs; b) that the applicant institution does not currently have a federally negotiated indirect-cost rate agreement; or c) that the applicant institution is using the government-wide rate of up to 10 percent of the total direct costs, less distorting items (including but not limited to capital expenditures, participant stipends, fellowships, and the portion of each subgrant or subcontract in excess of \$25,000).

Indirect costs are computed by applying a negotiated indirect-cost rate to a distribution base (typically a portion of the direct costs of the project). If the applicant institution is claiming indirect costs and has a current federally negotiated indirect-cost rate agreement, include on the budget form the following information: a) the indirect-cost rate; b) the federal agency with which the agreement was negotiated; and c) the date of the agreement.

Organizations that wish to include overhead charges in the budget but do not have a current federally negotiated indirect-cost rate or have not submitted a pending indirect-cost proposal to a federal agency may choose one of the following options:

1. NEH will not require the formal negotiation of an indirect-cost rate, provided that the charge for indirect costs does not exceed the government-wide rate of up to 10 percent of direct costs, less distorting items (including, but not limited to, capital expenditures, participant stipends, fellowships, and the portion of each individual subgrant or subcontract in excess of \$25,000). This option is not available to a sponsorship or umbrella organization—that is, an organization that applies for a grant on behalf of an organization that may not be eligible to apply directly to NEH for a grant. Applicants choosing this option should understand that they must maintain documentation to support overhead charges claimed as part of project costs.
2. If your organization wishes to use a rate higher than 10 percent, provide on the budget form an estimate of the indirect-cost rate and the charges. If the application is approved for funding, the award document will provide instructions on how to negotiate an indirect-cost rate with NEH.

Applicants may (but need not) explain any of the budget items in more detail in notes accompanying the budget (as in the sample budget).

Cost sharing is not required for Common Heritage grants. However, if eligible expenses are greater than \$12,000, the applicant must cover the difference and enter the amount in excess of \$12,000 on the cost-sharing line of the Supplementary Cover Sheet (discussed below, in the instructions for submitting the proposal to Grants.gov) and in the budget. For example, if a project costs \$13,500, the applicant may request \$12,000 from NEH and provide cost sharing in the amount of \$1,500.

4. **Results of past support**

If you have previously received a Common Heritage grant, briefly describe the funded project(s) and the impact of the previous award(s) on the community.

5. **Appendices (letters of commitment, supporting documentation, and résumés)**

Each participating institution or organization must submit a letter of commitment, signed by the head of that institution or organization, stating its commitment to its role in the project. If the project team includes advisers, consultants, or contractors, submit letters of commitment from them as well.

For projects that involve purchasing supplies and equipment, provide supporting documentation: a list that identifies each item, quantity, unit cost, and the name of the vendor.

All projects must include brief résumés (no longer than two pages) for the project director and other key staff.

III. Submitting your Application

To be able to submit an application, applicants must have registered with Grants.gov and must have an updated Entity record in the System for Award Management (SAM). More detailed information is immediately below.

All applications to this program must be submitted via Grants.gov. NEH strongly recommends that you complete or verify your Grants.gov registration at least two weeks before the application deadline, since it takes time to process your registration.

The Federal Funding Accountability and Transparency Act (FFATA) requires federal agencies to make information about the expenditure of tax funds available to the public. To facilitate this, the applicant organization must maintain current information in its Entity record in the System for Award Management (SAM). You must therefore review and update the information in your organization's Entity record at least annually after the initial registration, and more frequently if required by changes in your organization's information or another award term. In order for your organization to apply for an award via Grants.gov, receive an award, or receive payment on an award, the information in its Entity record must be current. You can update your organization's Entity record [here](#). You may need a new SAM User Account to register your organization or

update its Entity record. NEH strongly recommends that applicants update (or, if necessary, create) their SAM Entity record at least four weeks before the application deadline.

How to submit your application via Grants.gov

Register or verify registration with Grants.gov

As noted earlier, applications for this program must be submitted via [Grants.gov](https://www.grants.gov). Before using Grants.gov for the first time, each organization must register with the website to create an institutional profile. Once registered, your organization can then apply for any government grant on the Grants.gov website.

If your organization has already registered and you have verified that your registration is still valid, you may skip this step. If not, Grants.gov guides you through the registration process [here](#). If you have problems registering with Grants.gov, call the Grants.gov help desk at 1-800-518-4726.

Download the free Adobe Reader software

To fill out a Grants.gov application package, you will need to download and install the current version of Adobe Reader. The latest version of Adobe Reader, which is designed for use with PCs and Macintosh computers, is available at no charge from [Adobe](https://www.adobe.com).

Once installed, the current version of Adobe Reader will allow you to view and fill out Grants.gov application packages for any federal agency.

If you have a problem installing Adobe Reader, it may be because you do not have permission to install a new program on your computer. Many organizations have rules about installing new programs. If you encounter a problem, contact your system administrator.

Download the application package or access it through Grants.gov Workspace

To submit your application, you will need to download the application package from the Grants.gov website, or to access it through Grants.gov Workspace. Information about Workspace is available [here](#). You can download the application package at any time. (You do not have to wait for your Grants.gov registration to be complete.) You can also find a link to the application package on the [program resource page](#).

Save the application package to your computer's hard drive. To open the application package, select the file and double click. You do not have to be online to work on it.

You can save your application package at any time by clicking the "Save" button at the top of your screen. *Tip:* If you choose to save your application package before you have completed all the required forms, you may receive an error message indicating that your application is not

valid. Click “OK” to save your work and complete the package another time. You can also use e-mail to share the application package with members of your organization or project team.

The application package contains four forms that you must complete in order to submit your application:

1. **Application for Federal Domestic Assistance - Short Organizational**—this form asks for basic information about the project, the project director, and the institution.
2. **Supplementary Cover Sheet for NEH Grant Programs**—this form asks for additional information about the project director, the institution, and the budget.
3. **Attachments Form**— this form allows you to attach your narrative, budget, and the other parts of your application.
4. **Budget Narrative Attachment Form**—Attach to this form **only** a copy of your institution’s current federally negotiated indirect-cost rate agreement (or an explanation why you are not attaching such an agreement).

When you fill out the forms, use normal punctuation and do not type using only capital letters.

How to fill out the Application for Federal Domestic Assistance—Short Organizational

Select the form from the menu and double click to open it.

Please provide the following information:

1. **Name of Federal Agency:** This will be filled in automatically with “National Endowment for the Humanities.”
2. **Catalog of Federal Domestic Assistance Number:** This will be filled in automatically with the CFDA number and title of the NEH program to which you are applying.
3. **Date Received:** Please leave blank.
4. **Funding Opportunity Number:** This will be filled in automatically.
5. **Applicant Information:** In this section, please supply the name, address, employer/taxpayer identification number (EIN/TIN), DUNS number, website address, and congressional district of the institution. Also choose the “type” that best describes your institution (you only need to select one).

If your institution is located, for example, in the 5th Congressional District of your state, put a “5.” If your institution doesn’t have a congressional district (for example, it is in a

state or U.S. territory that doesn't have districts or is in a foreign country), put a "0" (zero).

All institutions applying to federal grant programs are required to provide a DUNS number, issued by Dun & Bradstreet, as part of their application. Project directors should contact their institution's grants administrator or chief financial officer to obtain their institution's DUNS number. Federal grant applicants can obtain a DUNS number free of charge by calling 1-866-705-5711. ([Learn more](#) about the requirement.)

6. **Project Information:** Provide the title of your project. Your title should be brief (no more than 125 characters), descriptive, and substantive. It should also be informative to a nonspecialist audience. Provide a brief (no more than one thousand characters) description of your project. The description should be written for a nonspecialist audience and clearly state the importance of the proposed work and its relation to larger issues in the humanities. List the starting and ending dates for your project. Applicants should copy their project abstracts into this field.
7. **Project Director:** Provide the name, title, mailing address, e-mail address, and telephone and fax numbers for the project director.
8. **Primary Contact/Grants Administrator:** Provide the contact information for the official responsible for the administration of the grant (that is, ensuring compliance with the terms and conditions of the award). This person is often a grants administrator, research officer, or sponsored programs official. Normally, the Primary Contact/Grants Administrator is not the same person as the Project Director. If the project director and the grants administrator are the same person, skip to Item 9.
9. **Authorized Representative:** Provide the contact information for the Authorized Organization Representative (AOR) who is submitting the application on behalf of the institution. This person, often called an "Authorizing Official," is typically the president, vice president, executive director, provost, or chancellor. In order to become an AOR, the person must be designated by the institution's E-Business Point of Contact. For more information, please consult the [Grants.gov Online User Guide](#), which is available along with other resources for applicants [here](#).

How to fill out the Supplementary Cover Sheet for NEH Grant Programs

Select the form from the menu and double click to open it. Please provide the following information:

1. **Project Director:** Use the pull-down menu to select the major field of study for the project director.
2. **Institution Information:** Use the pull-down menu to select your type of institution.
3. **Project Funding:** Enter your project funding information.

4. **Application Information:** Indicate whether the proposal will be submitted to other NEH grant programs, government agencies, or private entities for funding. If so, please indicate where and when. NEH frequently cosponsors projects with other funding sources. Providing this information will not prejudice the review of your application.

For **Type of Application**, check “new” if the application requests a new period of funding, whether for a new project or the next phase of a project previously funded by NEH. Check “supplement” if the application requests additional funding for a current NEH grant. If you are requesting a supplement, provide the current grant number. Before submitting an application for a supplement, applicants should discuss their request with an NEH program officer.

Enter the primary project discipline (and, if you like, the project’s secondary and tertiary disciplines as well).

How to use the Attachments Form

You will use this form to attach the files that makes up your application.

Your attachments must be in Portable Document Format (.pdf). We cannot accept attachments in their original word processing or spreadsheet formats. If you don’t already have software to convert your files into PDFs, many low-cost and free software packages will do so. ([Learn more](#) about creating PDFs.)

When you open the Attachments Form, you will find fifteen attachment buttons, labeled “Attachment 1” through “Attachment 15.” By clicking on a button, you will be able to choose the file from your computer that you wish to attach. You must name and attach your files in the proper order so that we can identify them. Please attach the proper file to the proper button as listed below:

ATTACHMENT 1: Attach your **project abstract** to this button. Name the file “abstract.pdf”.

ATTACHMENT 2: Attach your **narrative** to this button. Name the file “narrative.pdf”.

ATTACHMENT 3: Attach your **budget** to this button. Name the file “budget.pdf”.

ATTACHMENT 4: If necessary, attach your statement describing the **results of past support** here. Name the file “results.pdf”.

ATTACHMENT 5: Attach your **appendices** (letters of commitment, supporting documentation, and résumés) to this button. Name the file “appendices.pdf”.

Use the remaining buttons to attach any additional materials (if appropriate). Please give these attachments meaningful file names and ensure that they are PDFs.

How to fill out the Budget Narrative Attachment Form (also known as the Budget Narrative File)

The only thing that you should attach to this form is a copy of your institution's current federally negotiated indirect-cost rate agreement (or an explanation why you are not attaching such an agreement).

If you are not attaching an indirect-cost rate agreement, you must instead attach a brief statement explaining why. As appropriate, use one of the following explanations:

1. The applicant institution is not claiming indirect costs.
2. The applicant institution does not currently have a federally negotiated indirect-cost rate agreement.
3. The applicant institution's charge for indirect costs will not exceed the government-wide rate of up to 10 percent of direct costs, less distorting items (including but not limited to capital expenditures, participant stipends, fellowships, and the portion of each individual subgrant or subcontract in excess of \$25,000).

Note that you may not leave the Budget Narrative Attachment Form blank. Instead you must attach either the applicant institution's indirect-cost rate agreement or one of the three explanations provided above.

Uploading your application to Grants.gov

When you have completed all four forms, use the right-facing arrow to move each of them to the "Mandatory Documents for Submission" column. Once they have been moved over, the "Submit" button will activate. You are now ready to upload your application package to Grants.gov.

During the registration process, your institution designated one or more AORs (Authorized Organization Representatives). These AORs typically work in your institution's Sponsored Research Office or Grants Office. When you have completed your application, you must ask your AOR to submit the application, using the special username and password that were assigned to him or her during the registration process.

To submit your application, your computer must have an active connection to the Internet. To begin the submission process, click the "Submit" button. A page will appear, asking you to sign and submit your application. At this point, your AOR will enter his or her username and password. When you click the "Sign and Submit Application" button, your application package will be uploaded to Grants.gov. Please note that it may take some time to upload your application package, depending on the size of your files and the speed of your Internet connection.

After the upload is complete, a confirmation page will appear. This page, which includes a tracking number, indicates that you have submitted your application to Grants.gov. Please print this page for your records. The AOR will also receive a confirmation e-mail message.

NEH suggests that you submit your application no later than 5:00 p.m. Eastern Time on the day of the deadline. Doing so will leave you time to contact the Grants.gov help desk for support, should you encounter a technical problem of some kind. The Grants.gov help desk is now available seven days a week, twenty-four hours a day (except on [federal holidays](#)), at 1-800-518-4726. You can also send an e-mail message to support@grants.gov. For purposes of verification, keep a record of any communication with Grants.gov, including a case number if it is assigned.

Be sure to read the [document](#) (PDF) that explains how to confirm that you successfully submitted your application. It is your responsibility as an applicant to confirm that Grants.gov and subsequently NEH have accepted your application.

Deadline for submitting applications

Applications must be received by Grants.gov by June 1, 2017. Grants.gov will date- and time-stamp your application after it is fully uploaded. Applications submitted after that date will not be accepted.

IV. What Happens After the Submission of an Application

Review and selection process

All eligible applications receive peer review. Knowledgeable persons outside NEH will read each application and advise the agency about its merits. NEH staff comments on matters of fact or on significant issues that otherwise would be missing from these reviews, then makes recommendations to the National Council on the Humanities. The National Council meets at various times during the year to advise the NEH chairman on grants. The chairman takes into account the advice provided by the review process and, by law, makes all funding decisions. More details about NEH's review process are available [here](#).

Prior to making an award, NEH will conduct a risk assessment of successful applicants, consistent with Uniform Guidance [§200.205](#). (See the second paragraph below the next heading for more information about the Uniform Guidance provided by the Office of Management and Budget.) This assessment guards against the risk that federal financial assistance might be wasted, used fraudulently, or abused. Based on its risk assessment, NEH will include in the award documents specific conditions designed to mitigate the effects of the risk.

Information for all applicants and for successful applicants

Applicants will be notified of decisions by e-mail in December 2017. Institutional grant administrators and project directors of successful applications will receive award documents by e-mail in January 2018. Award documents will identify the relevant terms, conditions, and administrative requirements that pertain to successful applications. The [Grant Management](#) section of the NEH website outlines all the responsibilities of award recipients, including anti-lobbying restrictions, in great detail. Applicants may obtain the evaluations of their applications

by sending a letter to NEH, Division of Preservation and Access, 400 Seventh Street, S.W., Washington, D.C. 20506, or an e-mail message to preservation@neh.gov.

In September 2015 NEH adopted without exception a new government-wide regulation for federal awards, referred to as the “Uniform Guidance.” The Uniform Guidance applies to all NEH awards to organizations and is aimed at reducing the administrative burden on award recipients and improving accountability of federal financial assistance for tax payers (See 2 C.F.R. Part 200: [UNIFORM ADMINISTRATIVE REQUIREMENTS, COST PRINCIPLES, AND AUDIT REQUIREMENTS FOR FEDERAL AWARDS](#).) NEH will identify in each grantee’s award documents the relevant terms, conditions, and administrative requirements from the Uniform Guidance with which the grantee must comply.

Help NEH eliminate fraud and improve management by providing information about allegations or suspicions of waste, fraud, abuse, mismanagement, research misconduct (fabrication, falsification, plagiarism), or unnecessary government expenditures, during the period of award performance, to the NEH Office of the Inspector General. You can find details on how to report such allegations and suspicions [here](#).
