Notice of Funding Opportunity

Funding Opportunity Title: Humanities Collections and Reference Resources

Funding Opportunity Number: 20230718-PW

Funding Opportunity Type: New

Federal Assistance Listing Number: 45.149

Application Deadline: July 18, 2023

Ensure your SAM.gov and Grants.gov registrations and passwords are current. It may take up to one month to register with SAM.gov and Grants.gov. NEH will not grant deadline extensions for lack of registration.

Division of Preservation and Access
Email: preservation@neh.gov
Telephone: 202-606-8570
Telecommunications Relay Service: 7-1-1

OMB control number 3136-0134, expiration date October 31, 2024
### Executive Summary

The National Endowment for the Humanities (NEH) Division of Preservation and Access is accepting applications for the Humanities Collections and Reference Resources program. This program supports projects that provide an essential underpinning for scholarship, education, and public engagement in the humanities. It strengthens efforts to extend the reach of humanities collections and make their intellectual content widely accessible. Awards also support the creation of reference resources that facilitate the use of cultural materials, from works that provide basic information quickly to tools that synthesize and codify knowledge of a subject for in-depth investigation.

A. Program Description

1. Purpose
This notice solicits applications for the Humanities Collections and Reference Resources program (HCRR).

HCRR advances scholarship, education, and public engagement in the humanities by helping libraries, archives, museums, and historical organizations across the country steward important collections of books and manuscripts, photographs, sound recordings and moving images, archaeological and ethnographic artifacts, art and material culture, and digital objects. The program strengthens efforts to extend the reach of such materials and make their intellectual content widely accessible. Awards also support the creation of reference resources that facilitate the use of cultural materials, from works that provide basic information quickly to tools that synthesize and codify knowledge of a subject for in-depth investigation.

Projects may address the holdings or activities of a single institution or may involve partnerships between organizations. Collaboration between humanities experts and information professionals is essential to broaden the scope of, and audiences for, proposed collections or reference resources. You should design a project that facilitates sharing, exchange, and the interoperability of humanities information and products, and ensures their long-term availability. Projects should expand participation in cultural heritage and promote engagement with primary sources.

See D6. Funding Restrictions for unallowable activities.

See E1. Review Criteria for the standards NEH will use to evaluate applications under this notice.

Funding categories
The HCRR program includes two funding categories: Foundations and Implementation. Successful completion of a Foundations project is not a prerequisite for Implementation support in this program. While Foundations award recipients may choose to apply later for an Implementation award, they are not required to do so.

Foundations
Foundations awards support planning, assessment, and pilot activities that incorporate cross-disciplinary expertise in the formative stages of preserving and creating access to humanities collections or producing reference resources. Drawing upon the cooperation of humanities scholars and technical specialists, these projects might include efforts to initiate intellectual control of collections, to solidify collaborative frameworks and strategic plans for complex digital reference resources, or to produce preliminary versions of online collections or resources. Experts may be humanities scholars, archivists, curators, librarians, preservation specialists, and other information professionals, depending on your goals.

You may use a Foundations award for one or more of the following activities:

- analyzing and evaluating the content areas, intellectual control requirements, and preservation needs of significant humanities collections, including the development and distribution of collection-level descriptive information (projects to process or
catalog collections at more detailed levels should apply instead for an Implementation award); 

- identifying and prioritizing humanities materials for digitization, developing project-specific selection criteria, evaluating technical requirements for digital preservation and access, reformatting, test-bed items, and/or exploring third-party service arrangements;

- developing plans and protocols to ensure the preservation of digital humanities content (previously digitized or born digital), which could include preliminary testing and evaluation of institutional and/or distributed digital repository systems;

- creating editorial plans, locating and assembling resources, devising strategies for technological and programmatic sustainability, and producing content exemplars for reference resources such as encyclopedias, databases, virtual archives, etymological dictionaries, or online atlases; or

- developing plans for and/or conducting collection surveys to inform future repatriation efforts, sustainable and inclusive collection development, or deaccessioning.

Foundations projects’ initial stages – for example, initial collections appraisal and accessioning for archival materials, conceptualization of scope and audience for reference resources, or consortium partner contact and cooperation – should be complete at the time of application. Any inter-institutional partnerships should also be in place at the time of application.

**Partnership opportunity**

In order to enhance access to humanities collections held by smaller institutions, Foundations applicants may request an additional $10,000 (for a total of $60,000) to support *inter-institutional* planning and pilot activities. Applicants may be small institutions proposing to work with a larger repository or larger institutions proposing to collaborate with one or more smaller partners. In either case, applicants must demonstrate that each participating institution is fully engaged in the project and is an equal stakeholder in its outcomes. Partnerships might be especially well suited for community-based cultural heritage initiatives but are not limited in geographic or topical scope.

**Implementation**

You may use an Implementation award for one or more of the following activities:

- arranging and describing archival and manuscript collections;
- cataloging collections of printed works, photographs, recorded sound, moving images, art, and material culture;
- digitizing and reformatting collections;
- preserving and improving access to born-digital sources, including updating existing digital resources;
- developing databases, virtual collections, other digital resources, or project-specific tools to codify information on a subject or to provide integrated access to selected humanities materials;
- creating encyclopedias;
- preparing linguistic resources, such as historical and etymological dictionaries, corpora, and reference grammars (separate funding is available for [endangered language projects](#) in partnership with the National Science Foundation); or
• producing resources for spatial analysis and representation of humanities data, such as atlases and geographic information systems (GIS).

Because ensuring the longevity of humanities sources is critical to enabling their ongoing use, you may request support for implementing preservation measures – such as rehousing, item-level stabilization, and conservation treatment – in the context of projects that also create or enhance access to humanities collections.

In recognition of the time-sensitive nature of reformatting sound recordings and moving images stored on degrading and obsolescent media, this program encourages applications that address the need to preserve and access these critically endangered sources.

In support of the U.S. Department of Interior’s ongoing investigation into the Federal Indian boarding school system, this program encourages applications that address preservation and access to boarding school and related records.

2. Background

NEH offers this funding opportunity under the authority of 20 U.S.C. § 956. Awards are subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the General Terms and Conditions for Awards to Organizations (for grants and cooperative agreements issued January 1, 2022 or later).

Under Section 3(a) of the National Foundation on the Arts and the Humanities Act of 1965, as amended, “The term ‘humanities’ includes, but is not limited to, the study of the following: language, both modern and classical; linguistics; literature; history; jurisprudence; philosophy; archaeology; comparative religion; ethics; the history, criticism and theory of the arts; those aspects of the social sciences which have humanistic content and employ humanistic methods; and the study and application of the humanities to the human environment with particular attention to reflecting our diverse heritage, traditions, and history and to the relevance of the humanities to the current conditions of national life.”

Use the Funded Projects Query Form to find examples of NEH-supported projects.

Learn more about NEH.

American Tapestry: Weaving Together Past, Present, and Future

American Tapestry: Weaving Together Past, Present, and Future is a wide-ranging special initiative at NEH that leverages the humanities to tackle some of the most pressing challenges of our time: strengthening our democracy, advancing equity for all, and addressing our changing climate. The initiative encourages humanities projects that elevate the role of civics in schools and public programs, advance knowledge of the country’s history and political institutions, and examine threats to its democratic principles. The initiative also encourages projects that explore the untold stories of historically underrepresented groups and build capacity at cultural and educational institutions to benefit underserved communities. Finally, the initiative welcomes projects that promote research into the historical roots and cultural effects of climate change and support the cultural and educational sectors in building climate resilience. By supporting humanities projects that align with these three themes—strengthening our democracy, advancing equity for all, and addressing our changing climate—the American Tapestry initiative seeks to tell our country’s history in all its complexity and diversity.
NEH also encourages projects that include Native American organizations and communities as applicants and project partners. NEH will give all applications equal consideration in accordance with the program’s review criteria.

B. Federal Award Information

1. Type of Application and Award
NEH seeks new applications in response to this notice.

NEH will provide funding in the form of grants.

2. Summary of Funding

Award amounts
You may request up to $50,000 for Foundations awards and up to $350,000 for Implementation awards. In order to enhance access to humanities collections held by smaller institutions, Foundations applicants may request an additional $10,000 (for a total of $60,000) to support inter-institutional planning and pilot activities. Award totals include direct and indirect costs.

NEH anticipates awarding approximately $7,500,000 among an estimated 35 recipients.

NEH will not determine the amount available until Congress makes appropriations for FY 2024. NEH will issue awards subject to the availability of appropriated funds. NEH is publishing this notice as a contingency action to ensure that NEH can process applications and issue awards in a timely manner, should sufficient funds become available.

Period of performance
You must request a period of performance up to two years for Foundations awards and up to three years for Implementation awards with a start date between June 1, 2024, and September 1, 2024.

The period of performance is the span of time during which you may incur expenses to carry out the work under the award. It must start on the first day of the month and end on the last day of a month.

C. Eligibility Information

1. Eligible Applicants
To be eligible to apply, your organization must be established in the United States or its jurisdictions as one of the following organization types:

- a nonprofit organization recognized as tax-exempt under section 501(c)(3) of the Internal Revenue Code
- an accredited institution of higher education (public or nonprofit)
- a state or local government or one of their agencies
- a federally recognized Native American Tribal government
If your organization is eligible, you may apply on behalf of a consortium of collaborating organizations. If NEH selects your proposal for funding, you will be programmatically, legally, and fiscally responsible for the award.

To be eligible, you must not function solely as a fiscal agent for another entity and must make substantive contributions to the success of the project.

Individuals and other organizations, including foreign and for-profit entities, are ineligible.

2. Cost Sharing

NEH does not require cost sharing in this program unless you request federal matching funds.

Cost sharing or matching is the portion of the project costs you pay for with non-NEH funds. Peer reviewers will not consider cost sharing in their evaluation of applications.

If you request federal matching funds, you must raise third-party non-federal gifts dollar-for-dollar. NEH will certify the allowability of these gifts before releasing federal matching funds. Typically, NEH distributes federal matching funds on an annual basis over the period of performance. See the NEH Federal Matching Funds Guidelines.

You may contribute voluntary cost share to your project if the total costs exceed the amount awarded by NEH. Voluntary cost share includes:

- cash contributions made to the project by you or a third party
- your unrecovered indirect costs
- in-kind contributions (non-cash contributions, such as property or services, that benefit the project and are contributed without charge) by you or a third party

While you may describe voluntary cost share in your budget justification, you should not include it on your Research and Related Budget.

You must maintain auditable records of the source and use of cost share. See 2 CFR § 200.306.

Learn about types of funds NEH offers.

3. Other Eligibility Information

You may submit multiple applications for separate and distinct projects under this notice. Collaborating organizations may participate in multiple proposals.

You may revise and resubmit previously rejected applications. Submissions are subject to the application requirements and review criteria of this competition.

If NEH has previously made an award in support of your project, you may submit an application for a new or subsequent stage of the project, which NEH will assess using the same criteria as other applications in this competition.

Per 2 CFR § 200.403(f), you must not include the same project costs in more than one application for federal funding and/or approved federal award budget. However, you may submit multiple proposals for complementary aspects of the same overall project. NEH may
disallow costs or reject applications that include overlapping project costs. An individual’s level of effort cannot exceed 100% across multiple active federally funded awards.

NEH does not issue awards to other federal entities. If your project is so closely intertwined with a federal entity that the project takes on characteristics of the federal entity’s own authorized activities, it is ineligible. You may use funds from, or sites and materials controlled by, other federal entities in your project, but you may not use them as gifts to release NEH matching funds.

NEH does not provide financial assistance to foreign institutions or organizations. If you are an eligible domestic entity, you may apply for collaborative projects involving foreign organizations provided you do not use NEH funds for the purpose of issuing subawards to any foreign organization, as defined in 2 CFR §§ 200.1 and .331(a). You may obtain the services of foreign individuals and consultants to carry out programmatic activities on a fee-for-service basis, as specified in 2 CFR § 200.459. You may obtain goods and services from foreign vendors, such as in-country transportation services, in accordance with 2 CFR § 200.331(b). If you plan to submit an application involving international collaboration, contact program staff at preservation@neh.gov.

Except for the rare cases covered by its late submission policy, NEH will not consider applications submitted after the deadline.

NEH will not consider incomplete, nonresponsive, or ineligible applications for funding.

NEH will not consider applications that exceed page limits or deviate from formatting instructions. See the Application Components Table.

D. Application and Submission Information

1. Application Package
You must apply using Grants.gov Workspace or a Grants.gov system-to-system solution. You can find this funding opportunity in Grants.gov under number 20230718-PW. There is also a link on the program resource page.

Once you have located the funding opportunity in Grants.gov, you will find the application package under the “Package” tab. It includes a series of required and conditionally required forms. You will upload additional application components using the Attachments Form.

You must complete a multistep registration process to submit your application. See D3. Unique Entity Identifier and System for Award Management.

Contact preservation@neh.gov to request a paper copy of this notice.

If you are deaf or hard of hearing, you can contact NEH using telecommunications relay at 7-1-1.
2. Content and Form of Application Submission

Your application will include a narrative, budget, and other forms and attachments. You will complete the forms within Grants.gov Workspace and upload other components into the Attachments Form. See the Application Component Table.

NEH has assigned each application component one of the following designations:

- Required: You must submit this component.
- Conditionally Required: You must submit this component if your proposal meets the specified conditions.
- Recommended: NEH encourages, but does not require, you to submit this component.

You must submit all required components and conditionally required components relevant to your proposal. NEH will not review applications missing any required documents or relevant conditionally required documents.

In addition, NEH has established page limits for some application components:

- Mandatory: You must not exceed the page limit.
- Suggested: NEH encourages, but does not require, you to abide by the page limit.

Take note of the page limits and formatting instructions in this notice. NEH will not review applications that exceed mandatory page limits or deviate from formatting instructions.

Your application components must conform to the following formatting requirements, unless otherwise indicated:

- pages no larger than standard letter (8 ½” x 11”)
- at least one-inch margins on all sides for all pages
- a font no smaller than 11 points

In addition, you are encouraged to format your components consistent with the following:

- single-spacing
- a readable font such as Arial, Georgia, Helvetica, or Times New Roman
- any standard citation style (citations are included in page counts)

## Narrative

Compose a comprehensive description of your proposed project. Your narrative should be succinct, well organized, and free of technical terms and jargon so that peer reviewers can understand the proposed project.
Limit the narrative for Foundations applications to ten single-spaced pages; limit the narrative for Implementation applications to fifteen single-spaced pages. Do not include an executive summary or a table of contents. You may include images, charts, diagrams, footnotes, and endnotes if they fit within the page limit.

Organize your narrative using the following headings. Each section aligns with one or more review criteria NEH will use to evaluate your proposal.

**Significance (aligns with review criterion 1)**
Justify the project’s importance based on its long-term benefits to research, education, or public engagement in the humanities. Discuss the central humanities themes, questions, or disciplines it would address.

For Foundations projects involving humanities collections, describe the nature and importance of the sources that would be the focus of assessment or planning and include examples of materials you would use in any pilot efforts. For Implementation projects involving humanities collections, describe the selection criteria, nature, size, and intellectual content of the selected collections; explain how they relate to similar collections, both within and external to your organization. Discuss the rationale for focusing on these particular sources.

For Foundations applicants proposing reference resources, provide a clear conceptual vision of the scope and contents of the eventual product and its relationship to other pertinent works or tools. For Implementation applicants proposing reference resources, define the selection criteria and explain how your project relates to existing resources. Demonstrate what benefit or utility the project would provide that existing resources cannot.

Discuss actual and anticipated use of the collection or reference work. Identify the audience(s) that the project would serve. Document use, when possible, through examples of outcomes such as scholarly publications, educational activities, exhibitions, or media programming.

**History, scope, and duration (aligns with review criteria 1 and 4)**
Summarize the project’s history, including information about preliminary research and planning, prior financial support, and available resources or research facilities. If relevant, describe the goals of the larger initiative of which this project is a part. If an Implementation project would take more than three years to complete, describe the scope and duration of the entire initiative, as well as the specific accomplishments or final products you intend to produce during this period of performance.

List any project-specific products or publications to date in print or digital form. When appropriate, indicate print runs, sales, and royalties relating to publications; in the case of online products, include the URL and provide user analytics. If NEH has previously supported the project, compare the accomplishments in the current or past period of performance with the intended goals. If you propose the continuation of work on long-standing reference resources, describe how the project has adapted to or envisions incorporating changes in technology and user expectations.

**Methodology and standards (aligns with review criteria 2 and 6)**
Explain how you would execute the project and how it would conform to appropriate national standards and accepted professional practices. If your methodology departs from expected
standards and practices, explain why the project requires such an approach and how you would ensure the interoperability of results with other relevant resources.

Discuss any intellectual property or privacy issues that might affect the availability of collections or the dissemination of reference resources. Describe how you would address intellectual property and privacy issues during the period of performance and provide documentation of applicable permissions, donor agreements, licenses, or proofs of informed consent in Attachment 8: Additional supporting documentation.

Consistent with NEH’s policy on providing access to NEH-funded products, recipients should provide access to all products through the internet, on-site use, interlibrary loan, or duplication of materials at cost, insofar as the condition of the materials and intellectual property rights allow. Explain how you might leverage open access online resources and use Creative Commons licenses, as possible and appropriate.

If your project fits one of the descriptions below, address the following, as relevant.

**Projects for planning, assessment, and pilot work (Foundations)**
Identify professional standards, research, or precedents that inform the project. Discuss the knowledge and skills that the project requires and explain how you chose the planning team to meet those needs. Describe how the team would gather relevant information and provide copies of any assessment tools in Attachment 8: Additional supporting documentation. Indicate the methods of communication and collaboration you would use and the framework for decision making.

Describe the anticipated final products and outcomes and how these would guide future stages of work. You should describe these in the narrative and list them in Attachment 3: Project deliverables. Foundations products could include:

- detailed evaluation reports to guide decision making for preserving and creating access to humanities collections;
- descriptions of prioritized sources and technical requirements for future digitization;
- strategic planning documents for digital preservation efforts; or
- editorial policy, procedure, and scheduling guidelines; tables of contents; and sustainability and dissemination plans for reference resources.

Specify the nature of any testing or modeling efforts and, if possible, provide examples. If you plan to produce and distribute collection information or reference resource content, identify the methods you would use and how you would make the content accessible.

If you are developing plans for and/or conducting collection surveys to inform future repatriation efforts, sustainable and inclusive collection development, or deaccessioning, discuss your institution’s preparatory efforts and any relevant legal requirements, governing structures, or existing collection policies that would impact this work. We encourage you to provide relevant information in Attachment 8: Additional supporting documentation; you are required to include a letter of commitment from your institution’s leadership in Attachment 7: Letters of commitment and support.

If you are requesting an additional $10,000 for the “partnership opportunity,” discuss strategies that could lead not only to immediate, project-specific outcomes, but also to enduring engagement between the collaborating institutions. You should describe how you would
maintain ongoing working relationships between partners through future implementation phases and beyond. Explain how the project could enrich the broader mission and longer-term vision, goals, and capabilities of each partner. You are required to include a letter of commitment from your partner(s) in Attachment 7: Letters of commitment and support.

**Projects to preserve humanities collections and make them accessible**

Describe the collections’ present condition and level of intellectual control. Discuss how you would organize or reorganize the physical materials or digital assets and how users would discover and access them. Reference pertinent strategies, policies, and procedures for collections stewardship; include information on managing the preservation environment, when relevant.

Additionally, provide the following information:

- For archival processing projects, discuss the rationale for the arrangement of the collections and the level of description proposed for the finding aids.
- For cataloging projects, describe the level of detail of the records you will create; the formats, vocabularies, and systems you will use; and the extent to which the records involve original, enhanced, or copy cataloging. Describe how the metadata would be shared and any plans to support its re-use (for example, contributing to aggregated digital platforms or creating an API).
- For digitization projects, quantify the digital objects to be made available; the nature, formats, and quality of the sources from which they would be derived; and the handling and care of original materials during and after reformatting.
- For projects to preserve and provide access to born-digital sources, specify data formats; the current extent of accessibility or obsolescence; and strategies to ensure enduring use, such as migration, emulation, or data harvesting.
- For projects that involve item-level stabilization or conservation treatment, describe the amount, types, and condition of materials you will treat and discuss how access would be enhanced. Justify the chosen approach or method and identify applicable procedures and/or quality control measures. Include treatment proposals and cost estimates prepared by qualified conservators in Attachment 8: Additional supporting documentation.

**Projects to create reference works or research tools**

Indicate the content, form, and length of entries or citations and describe the editorial procedures for writing entries and verifying information. Include a preliminary list of entries, organized by subject areas or topics, and the instructions provided to contributors in Attachment 8: Additional supporting documentation. For language dictionaries, describe the lexicographical principles you would employ. As applicable, indicate how you would update the work or tool, including the addition of new material and the revision of existing content. If relevant, discuss publishing arrangements, publicity plans, estimated prices, and user costs.

**Additional technical considerations for projects creating digital products**

If you employ digital technology and methods, indicate the technical specifications to be used and how they would facilitate the project. When relevant, provide the following information:
• the hardware and software you would use or refine (note that for projects that entail software development, you are encouraged to use open-source code made publicly available through an online repository);
• preparations for and implementation of data processing (for example, digital capture, data entry, optical character recognition, or conversion from another format);
• production, preservation, and distribution formats (for example, TIFF, JPEG, PDF/A, WAV), levels of resolution, compression, image enhancement, and the accuracy of textual conversion or transcription;
• provisions for ensuring quality control;
• schema for descriptive, administrative, preservation, and technical metadata, as well as the use of controlled vocabularies;
• system(s) used to manage and present digital content, including specifications that facilitate end use, as well as accessibility features;
• methods for enhancing discoverability, such as search engine optimization, open data harvesting, and/or inclusion in an aggregated resource such as a digital library, cooperative portal, or clearinghouse; and
• as relevant, procedures for facilitating computational re-use of data for purposes such as text mining, visualization, topic modeling, geo-coding, or other digital methods.

Sustainability of project outcomes and digital content (aligns with review criterion 4)
Describe how you would maintain the project’s results beyond the period of performance. Demonstrate institutional commitment to ensuring sustained access to collections or reference resources. For Foundations projects, discuss the next steps that you envision as an outgrowth of the award, and how these would be supported.

As relevant, provide details on digital preservation infrastructure and policies, such as repository system capabilities, storage requirements and capacity, migration or emulation strategies, and collaborative or third-party arrangements.

Outreach (aligns with review criterion 6)
Describe your plans to bring the project to the attention of the relevant communities of users. The HCRR program can support outreach activities within appropriate limits. Your budget may include staff time and other eligible expenses related to disseminating the NEH-funded product. In many cases, the outreach components accomplished during the period of performance would be preparatory and developmental; larger scale dissemination work would more likely occur after the project concludes. Applicants seeking to communicate project results through exhibits or other public humanities programs should consider programs offered by the NEH Division of Public Programs.

Work plan (aligns with review criteria 3 and 5)
Summarize your work plan, providing an overview of what you would accomplish during each stage of the project. Describe activities for each stage and specify the project team members involved. For multi-institutional collaborative projects, discuss the distribution of responsibilities. Provide a detailed version of your work plan in Attachment 4: Work Plan.
**Project personnel and advisors (aligns with review criterion 5)**

Identify project personnel and advisors, including consultants and/or personnel to be hired, and summarize their duties and relevant qualifications. Specify individual roles and responsibilities as they relate to project activities, the tasks that they would perform, and the aspects of the project they would oversee. Indicate the time they would devote to the project. Provide résumés (recommended length: two pages) for key personnel and all consultants as Attachment 6: Résumés for key personnel.

If the project has an advisory board, list the names and affiliations of its members, and explain its function. While having an advisory board is not a requirement, many projects benefit from early consultation with scholarly advisers and technical experts.

HCRR projects often broaden participation in cultural heritage stewardship. Discuss how you would include diverse perspectives, including those of any source or heritage communities that are the subjects of projects. As relevant, explain how you would incorporate them in the proposed activities and decision-making. In the case of proposed projects specific to Native American groups and cultural materials, indicate how your staffing plan (and other project components) would facilitate adherence to the NEH Code of Ethics Relating to Native Americans.

**Research and Related Budget**

You must submit a project budget using the Research and Related Budget form included in the Grants.gov application package and attach a budget justification. The Research and Related Budget, including the budget justification, correspond to review criteria 7.

Complete a single detailed budget for the entire period of performance. The form will generate a cumulative budget.

If you only request outright funds, your budget should include only the funding you are requesting from NEH. If you request federal matching funds, your budget must equal the total funding requested from NEH (outright and federal matching funds) and the one-to-one
required third party cost share for the federal matching funds. Refer to the NEH Federal Matching Funds Guidelines regarding the eligibility of gifts for matching purposes.

The total federal matching funds and cost share should equal the amounts indicated on the Supplementary Cover Sheet for NEH Grant Programs in the “Federal Matching” and “Cost Sharing” fields. Learn about types of funds NEH offers.

If you will provide voluntary cost share, do not include it on the Research and Related Budget form. You may describe it in your budget justification.

All costs must be reasonable, necessary to accomplish project objectives, allowable in terms of 2 CFR 200 Subpart E - Cost Principles, auditable, and incurred during the period of performance. All costs are subject to audit, record retention, and other requirements set forth in 2 CFR 200 Subpart F - Audit Requirements.

You should only include your own employees under A. Senior/Key Person and B. Other Personnel. Include team members in leadership roles in the project under A. Senior/Key Person. Include other team members under B. Other Personnel. Include costs for non-employees under F3. Consultant Services or F5. Subawards/Consortium/Contractual Costs, as appropriate.

If you charge indirect costs to the project, you must not charge those same costs to the project as direct costs. See H. Indirect Costs.

**Introductory Fields**

If not pre-populated, indicate your organization’s Unique Entity Identifier, name, and the period of performance. This should be the same as the information you provide on your SF-424 Application for Federal Assistance - Short Organizational. You may need to complete the SF-424 prior to completing your Research and Related Budget. Your period of performance must start on the first day of the month and end on the last day of the month. For budget type, check “project.”

**A. Senior/Key Person**

Include personnel who are employed by the applicant institution in leadership roles on the project. Do not include collaborators at other institutions or consultants, as you will include them in F. Other Direct Costs.

Enter the base salary (annual compensation) for each senior/key person and identify the number of months they will devote to the project. If you do not include base salaries, your award may be delayed.

Many non-academic institutions organize their budgets using calendar months. If your organization does not differentiate between academic and summer months, use only the calendar months column.

If your organization follows an academic calendar, you may differentiate levels of effort by using the academic and summer months columns. You may also use both columns if your institutional policy requires accounting for academic and summer months separately. If your institution does not use a nine-month academic year and a three-month summer period, include your institution’s definition of these terms in your budget justification.
Enter the requested salary and fringe benefits for each senior/key person. Per 2 CFR § 200.430, fringe benefits are allowances and services you provide in addition to salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick, or military), employee insurance, pensions, and unemployment benefit plans.

Requested salaries and wages must comply with 2 CFR §§ 200.430 and .466 and fringe benefits must comply with 2 CFR § 200.431.

The form will calculate the requested salary and fringe benefits for each key person.

The form has space for up to eight people. If you request funds for additional key personnel, list them in a separate document using the same format as the Research and Related Budget. Save the document as a PDF named additionalpersonnel.pdf and attach it under “Additional/Senior Key Persons.” If applicable, enter the total funds you are requesting for additional senior/key persons in the "Total Funds requested for all Senior/Key Persons in the attached file" field.

B. Other Personnel
Include personnel employed by the applicant institution who will play a supporting role on the project. For each project role, identify the number of personnel proposed, the total number of months, total salary, and total fringe benefits requested as described in A. Senior/Key Person. The form will calculate the requested salary and fringe benefits for each group.

Post-doctoral associates, graduate students, and undergraduate students
If applicable, include charges for tuition remission and other forms of compensation paid to students as, or in lieu of, salaries and wages. You must report such costs in accordance with 2 CFR § 200.466(b), and must treat them as direct or indirect costs in accordance with the actual work performed. You may charge tuition remission on an average rate basis.

Secretarial/Clerical
In most circumstances, you should include the salaries of administrative, secretarial, or clerical staff as indirect costs (see H. Indirect Costs). Per 2 CFR § 200.413(c), you may charge salaries for administrative or clerical staff as direct costs only if the following conditions are met:

- The administrative or clerical services are integral to a project or activity.
- The individuals involved can be specifically identified with the project or activity.
- You explicitly include these costs in your budget or have prior written approval from NEH.
- You do not also recover the costs as indirect costs.

If you include administrative or clerical salaries in your budget as direct costs, document how direct charging meets all four conditions in your budget justification. NEH may request additional information to assess if proposed costs are allowable.

Additional Other Personnel
List additional project roles, if applicable. The form has space for six named roles. If you have more, combine project roles on the form and explain in your budget justification.

Requested salaries and wages must comply with 2 CFR §§ 200.430 and .466 and fringe benefits must comply with 2 CFR § 200.431.
Do not list collaborators at other institutions or consultants here, as you will include them in F. Other Direct Costs.

C. Equipment Description
Equipment is defined as nonexpendable personal property costing $5,000 or more per item and having a service life of more than one year (unless your organization has established a lower level). See 2 CFR §§ 200.313 and .439.

You may purchase equipment if analysis demonstrates that it is more economical and practical than leasing (equipment rental/user fees should be included in F. Other Direct Costs). You may charge depreciation in compliance with 2 CFR § 200.436.

Per 2 CFR § 200.322, you should preference goods, products, and materials produced in the United States purchased or acquired under a federal award. If your application is selected for funding, you must include the requirements of this section in all subawards, contracts, and purchase orders for work or products.

List each item of equipment you plan to purchase and its estimated cost, including shipping and maintenance. Include supporting information, such as a price quote, in your budget justification.

The form has space for ten items. If you request funds for additional equipment, list them in a separate document. Save the document as a PDF named additionalequipment.pdf and attach it under “Additional Equipment.” Enter the total funds you are requesting for the additional equipment in the “Total funds requested for all equipment listed in the attached file” field.

The form will calculate total equipment costs.

D. Travel
Enter the total funds you are requesting for both domestic travel (local and long-distance) and foreign travel (including travel to Canada and Mexico). Provide a detailed breakdown of costs for each trip in your budget justification. If you make nonrefundable travel arrangements, it is at your own risk. You cannot charge cancelled travel to your award.

Travel costs must comply with 2 CFR § 200.475 and the General Terms and Conditions for Awards to Organizations. NEH uses the General Services Administration’s published per diem rates to assess if proposed travel costs are reasonable.

You may not use NEH funds to attend regularly occurring professional meetings unless the purpose of attending is to disseminate project-related findings.

Include travel costs for participants in E3 and travel costs for consultants in F3.

The form will calculate total travel costs.

E. Participant/Trainee Support Costs
Participants are the beneficiaries, not the providers, of a service or training opportunity (such as a workshop, conference, seminar, or symposium) funded by a federal award.
2 CFR § 200.1 defines participant support costs as direct costs for expenses such as stipends, travel allowances, subsistence allowances, and registration fees paid to or on behalf of participants (but not employees) in connection with conferences or training projects. If you claim indirect costs, exclude participant support costs from the MTDC base.

2 CFR § 200.432 defines a conference as a meeting, retreat, seminar, symposium, workshop, or event, the primary purpose of which is the dissemination of technical information beyond the non-federal entity, and which is necessary and reasonable for successful performance under the federal award.

Include supporting information in your budget justification. If you or your participants make nonrefundable travel arrangements, it is at your own risk. You cannot charge cancelled travel to your award.

The form will calculate total participant support costs.

1. Tuition/Fees/Health Insurance
Leave this field blank.

2. Stipends
Enter the total funds you are requesting for participant stipends.

3. Travel
Enter the total funds you are requesting for participant travel. In your budget justification, name the travelers (if known) and itemize their travel expenses (e.g., roundtrip airfare, mileage, public transportation fares, parking fees, etc.).

4. Subsistence
Enter the total funds you are requesting for participant subsistence. Subsistence expenses include lodging and service charges; meals, including taxes and tips; and incidental expenses (e.g., fees and tips).

5. Other
Describe other participant support costs (e.g., local ground transportation to venues, admission fees, bottled water, etc.) and enter the total funds you are requesting. You may provide additional information in your budget justification.

Number of Participants/Trainees
Enter the total number of participants. This field cannot exceed 999.

F. Other Direct Costs
The form will calculate total other direct costs.

1. Materials and Supplies
Enter the total funds you are requesting for materials and supplies that cost less than $5,000 per item, regardless of its useful life, unless your organization has established a different capitalization level. See 2 CFR §§ 200.314 and 453.
2. Publication Costs
Enter the total funds you are requesting for publication costs, including the costs of documenting, preparing, publishing, or otherwise making available to others the findings and products of the work conducted under the award. Include supporting information in your budget justification.

3. Consultant Services
Enter the total funds you are requesting for consultant services. If your project includes an external advisory committee, include associated costs here.

Consultant fees must comply with 2 CFR § 200.459.

4. Automated Data Processing (ADP)/Computer Services
Enter the total funds you are requesting for ADP/computer services, including computer-based retrieval of scientific, technical, and education information. Include personal computers and accessories under Materials and Supplies.

If a third party will provide these services, include them in Subawards/Consortium/Contractual Costs.

5. Subawards/Consortium/Contractual Costs
Enter the total funds you are requesting (both direct and indirect costs) for activities third parties will perform.

Per 2 CFR §§ 200.1 and .331(a), a subaward is an award you issue to a subrecipient to carry out part of your federal award. Subawards do not include payments to contractors (as defined in 2 CFR §§ 200.1 and .331(b)) or payments to individuals who are beneficiaries of federal programs.

You may provide a subaward through any form of legal agreement, including an agreement you consider a contract. The substance of your relationship with a third party is more important than the form of the agreement when determining if the third party functions as a subrecipient or contractor. See 2 CFR § 200.331(c).

NEH may request additional information to assess if proposed costs are reasonable and allowable. See 2 CFR §§ 200.331 and .332.

If your budget includes subawards, you must submit a separate Research and Related budget and budget justification for each. See Attachment 9: Subrecipient budget(s).

If a subrecipient claims indirect costs, include its federally negotiated indirect cost rate agreement in Attachment 10: Federally negotiated indirect cost rate agreement. You do not have to include an agreement for any subrecipient that requests the 10% de minimis rate.

6. Equipment or Facility Rental/User Fees
Enter the total funds you are requesting for rental fees for equipment and facilities (sometimes referred to as user fees).
If you will use your own equipment and facilities, you may charge depreciation in compliance with 2 CFR § 200.436. Alternatively, if you will use equipment you purchased with federal funds under another award, you may charge user fees consistent with 2 CFR § 200.313(c)(2). You may not charge both depreciation and user fees.

If you will host a conference, you may rent facilities per 2 CFR § 200.432. If you are renting facilities under a “less-than-arm’s-length” lease, you must comply with 2 CFR § 200.465(c).

Federally funded meetings and conferences must take place in properties that comply with the Hotel and Motel Fire Safety Act of 1990 (Pub. L. 101-391). Consult the U.S. Fire Administration’s National Master List for fire code compliant hotels.

7. Alterations and Renovations
Leave this line blank. Per 2 CFR § 200.462, costs you incur for ordinary and normal rearrangement and alteration of facilities are allowable as indirect costs.

8-10. Other
List items you have not included in other previous categories or in the indirect cost pool. “Other” project-specific costs may include fees for promotion, acquisition, rights, evaluation and assessment, and accessibility accommodations (e.g., audio description, sign-language interpretation, closed or open captioning, large-print brochures/labeling). “Miscellaneous” and “contingency” are not acceptable budget categories.

Per 2 CFR § 200.432, allowable conference costs include speakers’ fees, costs of meals and refreshments, and other incidental items. You must exercise discretion and judgment to ensure that costs are appropriate, necessary, and managed in a manner that minimizes costs to the award.

Food and/or meals are only allowable when vendors are unavailable during the scheduled program. You may not use federal funds for meals/food/refreshments at receptions or “networking” events. If participants will receive complimentary meals or refreshments during meetings, conferences, training, or other events while on NEH-supported travel, you must reduce the per diem you charge to the award accordingly. Per 2 CFR § 200.423, you may not use federal funds for alcoholic beverages.

8. Total Direct Costs
The form will calculate total direct costs.

8. Indirect Costs
Indirect costs are costs that your institution incurs for common or joint objectives and that you cannot readily identify with a specific project or activity. Indirect costs include such expenses as the depreciation on buildings, equipment, and capital improvements; operations and maintenance expenses; accounting and legal services; and salaries of executive officers.

You do not have to claim indirect costs, but if you do, calculate the amount you may request by multiplying the applicable indirect cost rate by the distribution base, which is typically the project’s modified total direct costs (MTDC).

Per 2 CFR § 200.1, MTDC are all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the
period of performance of the subaward). **MTDC exclude equipment, capital expenditures, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of $25,000.**

Review your institution’s negotiated indirect cost rate(s) to ensure you are using the most appropriate rate for your project. Many institutions of higher education negotiate multiple rates, such as “research,” “instruction,” and “other sponsored activities.” An institution’s “research” rate is not the appropriate rate for inclusion in NEH project budgets, except in rare cases, since it is reserved for projects involving scientific research, not scholarly inquiry of the type most often supported by NEH.

Except as provided in 2 CFR § 200.414(c)(1), NEH must use the negotiated rate(s) that are in effect at the time it issues your award and will not adjust the rate(s) throughout the life of your award. NEH will not adjust your award amount as a result of changes to your negotiated rates.

If an educational institution does not have a negotiated rate with the federal government when NEH issues an award (because the educational institution is a new recipient or the parties cannot reach agreement on a rate), but has a provisional rate, NEH must use the provisional rate until a final cost is negotiated and approved by the cognizant agency, except as provided in 2 CFR § 200.414. If the recipient fails to negotiate an indirect cost rate applicable to the period of performance within the period of performance, NEH may disallow indirect costs.

If your organization does not have a federally negotiated indirect cost rate, you may:

- submit an indirect cost proposal to your cognizant federal agency to negotiate a rate within three months of your award’s period of performance start date; or
- charge a de minimis rate of 10% applicable to MTDC (see 2 CFR § 200.414(f))

If you choose one of these options, indicate this under **Indirect Cost Type.** If you do not choose either of the above options, you may only charge costs that are allocable, allowable, and reasonable to the award.

Include a copy of your federally negotiated indirect cost rate agreement, along with subrecipient agreements, as **Attachment 10: Federally negotiated indirect cost rate agreement,** if applicable.

Reference **NEH’s General Guidance on Calculating Indirect Costs** for more information.

If NEH is your cognizant agency, reference **Guidance for Negotiating an Indirect Cost Rate Agreement with NEH.**

**Indirect Cost Type**

Enter the type of indirect cost rate (e.g., “other sponsored activities,” “all programs,” “instruction,” “10% de minimis,” etc.) and base (e.g., “MTDC,” “salaries,” “salaries & fringe,” etc.) and whether the activity and rate are on- or off-site. If your budget includes more than one indirect cost rate or base, list them as separate entries (for example, if your project includes activities that occur both on and off campus). If you do not have a current indirect rate agreement with your cognizant agency, but intend to negotiate one, write "None-will negotiate." If needed, provide additional detail in your **budget justification.**
Indirect Cost Rate (%)
Enter the most recent indirect cost rate(s) established with your cognizant federal agency (or the 10% de minimis rate) as a number without special characters (i.e., 32.5).

Indirect Cost Base ($)Enter the base for each indirect cost type. Describe any exclusions in your budget justification. If applicable, refer to your federally negotiated indirect cost rate agreement to determine how to calculate the indirect cost base.

Funds Requested ($)Enter the funds you are requesting for each indirect cost type.

Total Indirect Costs
The form will calculate total indirect costs.

Cognizant Federal Agency
Enter the name of your cognizant federal agency and a point of contact, if applicable.

I. Total Direct and Indirect Costs
The form will calculate total project costs. Total project costs should not exceed $50,000 for Foundations awards ($60,000 for awards with an inter-institutional partnership) and $350,000 for Implementation awards.

J. Fee
Leave this field blank.

K. Total Costs and Fee
The form will calculate this field, which will be the same amount as I. Total Direct and Indirect Costs.

L. Budget Justification
You must provide a budget justification to support your project. Specifically describe how each item supports your proposed objectives, detail how you calculated all costs, and provide supporting documentation. Organize your budget justification using the section headings on the Research and Related Budget.

If you are providing voluntary cost share, you may describe it in the budget justification to contextualize the project as a whole. Do not include voluntary cost share on the Research and Related Budget form.

If you are requesting federal matching funds, identify which activities your required cost share will support, and the expected source(s) of funding. Refer to the NEH Federal Matching Funds Guidelines to learn about which third-party, non-federal gifts you can use for matching purposes.

Your requested federal matching funds and required cost share should correspond with the amounts on the Supplementary Cover Sheet for NEH Grant Programs in the “Federal Matching” and “Cost Sharing” fields, respectively.
Save the document as a PDF named justification.pdf. Attach only one file to the Research and Related Budget form. Do not use your budget justification to expand your narrative.

**A. Senior/Key Person**
Detail the salary and wages you will pay to each Senior/Key Person. Provide their names and briefly describe their roles in and suitability to the project. Identify the fringe benefit rate and explain the base for each person. If your organization follows an academic calendar, explain any differences in compensation between academic and summer months.

**B. Other Personnel**
List names (if known), roles, months, and requested salary and fringe benefits for other personnel, including post-doctoral associates, graduate students, undergraduate students, and secretarial/clerical personnel.

If your budget includes secretarial/clerical personnel, describe how they meet the four conditions for inclusion as a direct cost.

**C. Equipment Description**
Detail the number and unit cost for each item, and explain how you determined these figures. Provide vendor quotes or price lists, if applicable.

**D. Travel**
For each trip, provide the name of the traveler (if known), explain the purpose of the trip, and specify the points of origin and destination. Break out the costs of transportation, lodging, per diem, and any other associated expenses. Explain how you determined these figures. You must justify each trip separately, with the exception of recurring local trips, which you may group together.

For local travel, include the mileage rate, number of miles, reason for travel, and staff members completing the travel. For long-distance travel, calculate per diem amounts for meals and lodging consistent with written institutional policy. You must use the lowest available commercial fares for coach or equivalent accommodations. **If you make nonrefundable travel arrangements, it is at your own risk. You cannot charge cancelled travel to your award.**

**E. Participant/Trainee Support Costs**
Describe how you calculated participant stipends, travel, subsistence, and other costs. If possible, detail participant travel costs using the instructions above.

**F. Other Direct Costs**
1. **Materials and Supplies**
   Indicate general categories (e.g., personal computers, digital cameras, archival supplies). Provide a total for each category. Itemize categories totaling $1,000 or more and provide vendor quotes or price lists, if applicable.

2. **Publication Costs**
   Indicate print runs and justify costs, including vendor quotes, if applicable.

3. **Consultant Services**
Identify each consultant, describe the services they will perform, specify the amount of time they will devote to the project across the period of performance, outline travel costs, and provide total costs. If applicable, include consultants’ proposals.

4. Automated Data Processing (ADP)/Computer Services
   Itemize the cost for each service and include established service rates, if applicable.

5. Subawards/Consortium/Contractual Costs
   List the costs of project activities to be undertaken by third parties. Identify each third party by name, describe its role in the project, the activities it will carry out, and the associated costs. For each entry, designate the third party as either a subrecipient (who receives a subaward) or a contractor (who receives a contract).

   For each contractor, itemize costs using the same categories as the Research and Related Budget and provide relevant supporting documents.

   You will submit a Research and Related budget and budget justification for each subrecipient, which you will include in Attachment 9: Subrecipient budget(s).

6. Equipment or Facility Rental/User Fees
   Identify and justify each rental fee. Provide relevant supporting documentation.

7. Alterations and Renovations
   Leave this line blank.

8. Other Costs
   Itemize, describe, and justify any other direct costs. Include supporting documentation. “Miscellaneous” and “contingency” are not acceptable budget categories.

H. Indirect Costs
   If you include indirect costs in your project budget, identify the rate(s), explain the base(s), and describe any exclusions.

Application Components

SF-424 Application for Federal Assistance – Short Organizational
   This form requests basic information about your institution, the proposed project, and key contacts. Items 1, 2, and 4 will be automatically filled in; leave item 3 blank.

5. Applicant Information
   a-d. Provide your organization’s legal name, address, and web address. Select the applicant type that best describes your organization from the drop-down menu.

   e-f. Provide your organization’s employer/taxpayer identification number (EIN/TIN), and Unique Entity Identifier assigned by the System for Award Management. If you do not know your identifier, contact your grant administrator or chief financial officer. See D3. Unique Entity Identifier and System for Award Management.

   g. Provide your congressional district with your two-character state abbreviation followed by your three-character district number. For example, if your institution is located in the 5th
congressional district of Alabama, enter “AL-005.” If your institution is in a state or U.S. jurisdiction that does not have districts, enter “000” in place of the district number. If your institution is outside the U.S., enter “00-000.”

6. Project Information
a. Provide your project’s title. It should be brief (no more than 125 characters, including spaces), descriptive of the project, and easily understood by the general public. If NEH funds your project, the agency may retitle your project for clarity in internal and external communications, including the public announcement of awards. Regardless, you may use your preferred title when carrying out the project.

b. Provide a brief description of your project (no more than one thousand characters, including spaces). You should write the description for a nonspecialist audience, clearly stating the importance of the proposed work and its relation to larger issues in the humanities.

c. State your project’s period of performance start and end dates. Your project must start on the first day of a month and end on the last day of a month. See B2. Summary of Funding for allowable periods of performance.

7. Project Director
Provide the project director’s name, title, and contact information. The project director is responsible for the programmatic aspects and day-to-day management of the proposed project. You must notify the NEH Office of Grant Management immediately if you need to change project directors.

If the project director is not employed by the applicant organization, you must have a formal written agreement with the project director that specifies an official relationship between the parties even if the relationship does not involve a salary or other form of remuneration.

8. Primary Contact/Grant Administrator
Provide the name, title, and contact information for the official responsible for the administration of the award (e.g., negotiating the budget and ensuring compliance with the terms and conditions of the award).

As a matter of NEH policy, the project director and primary contact/grant administrator must not be the same person.

The grant administrator (also called the “institutional grant administrator”) functions as the representative of the recipient organization. This individual should have authority to act on the organization’s behalf in matters related to the administration of the award. The institutional grant administrator must sign or countersign financial reports and prior approval requests such as budget revisions, extensions to the period of performance, and changes in key personnel.

NEH will address official correspondence (for example, the offer letter or Notice of Action) to the institutional grant administrator and copy the project director.

9. Authorized Representative
Provide the name, title, and contact information for the authorized organization representative (AOR) who is submitting the application on behalf of the institution. This person, often called an “authorizing official,” is typically the institution’s president, vice president, executive director,
board chair, provost, or chancellor. The institution’s Grants.gov E-Business Point of Contact must designate the AOR. See the Grants.gov Online User Guide.

Supplementary Cover Sheet for NEH Grant Programs

1. Project Director
Select the project director’s major field of study from the drop-down menu.

2. Institutional Information
Select your institution type from the drop-down menu.

3. Project Funding
   - Under “Outright Funds,” enter the amount of outright funds you are requesting.
   - Under “Federal Match,” enter the amount of federal matching funds you are requesting.
   - Under “Cost Sharing,” enter the required cost share you will provide to release the federal matching funds (dollar-for-dollar). Do not include voluntary cost share.

Learn more about the types of funding NEH offers.

4. Application Information
Indicate whether you or others will submit complementary proposals to other NEH programs, government agencies, or private entities. If so, specify when and to whom. NEH will not consider this information when evaluating the merits of your proposal. See C3. Other Eligibility Information for restrictions regarding overlapping costs.

For type of application, check “new.”

Select the project’s primary discipline from the drop-down menu. If applicable, select the project’s secondary and tertiary disciplines.

Project/Performance Site Location(s) Form
Provide the primary location and any other locations where you will conduct project activities during the period of performance.

Enter congressional districts using the two-letter state abbreviation followed by your three-character district number. For example, if your institution in the 5th congressional district of Alabama, enter “AL-005.” If your institution is in a state or U.S. jurisdiction that does not have districts, enter “000” in place of the district number. If your institution is outside the U.S., enter “00-000.”

The form has space for 300 sites. If your project includes additional locations, list them in a separate document. Save the document as a PDF named additionallocations.pdf and attach it under “Additional Locations.”

Certification Regarding Lobbying (conditionally required)
If you request more than $100,000, you must submit the Certification Regarding Lobbying. Add this form to your application package in Grants.gov and it will autofill based upon information provided on the SF-424 Application for Federal Assistance - Short Organizational.
Standard Form-LLL, “Disclosure of Lobbying Activities” (conditionally required)
If you have or will use non-federal funds for lobbying, you must submit Standard Form-LLL, “Disclosure of Lobbying Activities.” Add this form to your application package in Grants.gov. See 2 CFR § 200.450.

Attachments Form
This form accommodates up to fifteen attachments. Attachments must be in Portable Document Format (.pdf). Convert all non-PDF files (e.g., Word, Excel, images) to PDFs. If an attachment contains multiple documents, merge them into a single file. Occasionally, converting a document to PDF may alter its length. You must ensure that each attachment is within the page limit, if applicable.

Do not attach portfolios containing multiple PDFs.

NEH cannot accept security-enhanced PDFs (e.g., XFA files, PDFs that include password-protection, encryption, digital signatures). Remove these features (or “flatten” these files) before uploading to Grants.gov.

Consult the Application Components Table to name and sequence your attachments so that NEH can easily identify them. Grants.gov may reject your application if:

- file names exceed 50 characters
- multiple files have the same name
- file names include characters other than the following: A-Z, a-z, 0-9, underscore, hyphen, space, period, parentheses, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semicolon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign

Grants.gov may accept and validate your application even if you are missing required components or have formatted them incorrectly. You must ensure that you have formatted, attached, and submitted all required components correctly. If you have not, NEH may reject your application as incomplete or nonresponsive.

Learn about Adobe software compatibility with Grants.gov and ensure that you can use your version of Adobe Acrobat Reader to download, complete, and submit your application.

Attachment 1: Narrative (required)
Refer to the prior instructions on preparing your narrative. Name the file narrative.pdf.

Attachment 2: History of awards (conditionally required)
If the project has received previous support from any federal or nonfederal sources, including NEH, list the sources, dates, and amounts of these funds. If the project has a long history of support, you may group and summarize the sources and contributions. This attachment has a suggested length of one page.

Name the file awardhistory.pdf.
Attachment 3: Project deliverables (required)
Applicants for Foundations projects must list the names of any reports, inventories, documents, or pilot work that would be produced in the process of planning, as relevant, such as:

- evaluation reports to guide decision making for preserving and creating access to humanities collections;
- inventories of prioritized sources and technical requirements for future digitization;
- strategic planning documents for digital preservation efforts; or
- editorial policy, procedure, and scheduling guidelines; tables of contents; and sustainability and dissemination plans for reference resources.

Applicants for Implementation projects must include the following quantitative information, as relevant:

- the total amount of linear feet to be arranged and described;
- the number of finding aids and/or collection-level descriptions to be produced;
- the total number and type(s) of items to be cataloged (for example, books, manuscripts, photographs, broadsides, maps, artworks, artifacts, audio or video tapes or disks);
- the total number and type(s) of items to be digitized;
- the total number of hours of sound recordings or moving images to be preserved and made available (if both types are included in the project, provide separate numbers for each type);
- the total number of individual records or entries to be created for a database, encyclopedia, historical dictionary, or cartographic resource; or
- the number and type of any other quantifiable products expected as a result of the grant.

Name the file deliverables.pdf.

Attachment 4: Work plan (required)
Your work plan should reflect the major activities you describe in your narrative, the project dates on your SF-424 Application for Federal Assistance - Short Organizational, and your Research and Related Budget.

Describe the activities that will take place during the period of performance to achieve each of the proposed objectives. Use a timeline that includes each activity and identifies responsible staff. Explain how outcomes from one activity will carry over into the next. For each activity, specify the project team members involved. For multi-institutional collaborative projects, discuss the distribution of responsibilities across each institution. As appropriate, identify meaningful support and collaboration with key stakeholders in planning, designing, and implementing activities. Name the file workplan.pdf.

Attachment 5: List of project personnel (required)
Include a list of project personnel and collaborators and their institutional affiliations, organized alphabetically by surname. If applicable, include advisory board members, consultants, and authors of letters of commitment and letters of support. NEH will use this list to ensure that the peer reviewers do not have conflicts of interest with proposed projects.

Name the file personnel.pdf.
Attachment 6: Résumés for key personnel (required)
Include résumés for key personnel (suggested length is no more than two pages per person). Include a biographical sketch and letter of commitment or a job description for any individuals who will work on the project but who have not yet been hired.

Name the file resumes.pdf.

Attachment 7: Letters of commitment and support (conditionally required)
Provide letters of commitment from your institution’s leadership, partners, consultants, or others who would work closely with you on your project, receive grant funds, or contribute funds to the completion of project activities.

Provide letters of support that address the project’s significance and the program’s review criteria by experts in the project’s subject area. Authors of letters of support will not participate in the NEH review process. We recommend no more than three letters of support.

Elected government officials, NEH staff, and current members of the National Council on the Humanities may not serve as authors of letters of support.

This attachment is required for Foundations applicants requesting:
- the additional $10,000 to support inter-institutional planning and piloting activities
- funding for planning for future repatriation efforts, sustainable and inclusive collection development, or deaccessioning

Name the file letters.pdf.

Attachment 8: Additional supporting documentation (recommended)
The following documentation is strongly encouraged, as relevant to the project:

- copies of any tools to be used for assessment of collections (for Foundations applicants);
- documentation of legal requirements, governing structures, or existing collection policies that would inform planning for future repatriation efforts, sustainable and inclusive collection development, or deaccessioning (for Foundations applicants);
- sample materials and reports (restrict these to summaries or excerpts where possible; you may also include hyperlinks in the narrative);
- documentation of permissions, donor agreements, licenses, or proofs of informed consent;
- treatment proposals and cost estimates prepared by qualified conservators (for projects that include conservation treatment);
- contractor quotes and equipment specifications; or
- a preliminary list of entries, organized by subject areas or topics, and the instructions provided to contributors (for projects to create reference works or research tools).

Name the file documentation.pdf.

Attachment 9: Subrecipient budget(s) (conditionally required)
If your project includes subawards, you must provide a separate Research and Related Budget and budget justification for each subrecipient.
Download a fillable PDF of the Research and Related Budget form from the NEH website for each subrecipient. You must open and complete this form in Adobe Reader 8.0 or higher rather than in your web browser.

Prepare a budget and budget justification for each subrecipient using the same instructions in this notice, with a few exceptions:

- Enter the subrecipient’s Unique Entity Identifier, organization name, and period of performance start and end date (these fields will not prepopulate).
- For “budget type,” check “Subaward/Consortium.”

If your subrecipients have a federally negotiated indirect cost rate, you must honor it. If they do not have a federally negotiated indirect cost rate, they may negotiate a rate with you consistent with 2 CFR § 200.414 or use the de minimis rate.

Rather than attaching related documents (budget justification, additional personnel, additional equipment) to the form itself, you will separately convert each document into a PDF and combine all subrecipients’ budget forms and related documents into a single document. Do not attach portfolios containing multiple PDFs.

NEH cannot accept security-enhanced PDFs (e.g., XFA files, PDFs that include password-protection, encryption, digital signatures). Remove these features (or “flatten” these files) before merging them into a single PDF and uploading it to the Attachments Form.

Name the file subrecipient.pdf.

**Attachment 10: Federally negotiated indirect cost rate agreement (conditionally required)**

If your organization is claiming indirect costs and has a current federally negotiated indirect cost rate agreement, provide a copy of the agreement. If applicable, provide the indirect cost rate agreements for subrecipients claiming indirect costs. If you and your subrecipients are requesting the de minimis rate, you do not need to submit this attachment.

Name the file agreement.pdf.

**Attachment 11: Explanation of delinquent federal debt (conditionally required)**

If your organization is delinquent in the repayment of any federal debt, explain why. Provide evidence that you have entered into a repayment agreement with the Internal Revenue Service, if applicable, and that you are current on all payments due. Examples of relevant debt include delinquent payroll or other taxes, audit disallowances, and benefit overpayments. See OMB Circular A-129.

Name the file delinquentdebt.pdf.

**3. Unique Entity Identifier and System for Award Management**

Before submitting its application, your organization must register with the System for Award Management (SAM) and Grants.gov. Learn more about this multistep process.
NEH encourages organizations with SAM registrations to check the validation of their UEI well in advance of the deadline to ensure that they are accurate, current, and active. Due to the recent transition from D-U-N-S® numbers to Unique Entity Identifiers in April 2022, the Federal Service Desk is currently experiencing delays with UEIs requiring validation. If your SAM registration is not active and current at the time of Grants.gov submission, NEH will reject your application.

You should allow several weeks to register with SAM and Grants.gov. NEH will not waive the online submission requirement or extend the application deadline to allow additional time for you to complete registration with SAM or Grants.gov.

**Login.gov**
If you have not already done so, you must create a Login.gov user account to register and log in to SAM and Grants.gov. Login.gov is a secure sign in service used by the public to sign in to participating government agencies. [Create and link your account now.](#)

**System for Award Management (SAM)**
Your organization must register with the System for Award Management (SAM) and maintain an active SAM registration with current information at all times during which you have an active federal award or an application under consideration by a federal agency. See 2 CFR § 25.110 for exceptions. SAM will assign your organization a [Unique Entity Identifier](#).

When registering or renewing in SAM, the system will prompt you to review and agree to certain financial assistance certifications and representations, as required by 2 CFR § 200.209.

If your SAM registration is not active and current at the time an award is made, NEH may determine that you are not qualified to receive an award and use that determination as a basis for making an award to another applicant.

[Check the status of your SAM.gov registration.](#)

**Grants.gov**
Your organization must register with Grants.gov using your Login.gov credentials before applying. You must submit your application using Grants.gov Workspace or a Grants.gov system-to-system solution. Workspace is a shared, online environment where team members may simultaneously access and edit forms within a grant application.

After you register and create an [Organizational Applicant Profile](#), Grants.gov will email your E-Business Point of Contact to assign the appropriate roles to individuals within your organization. This includes the authorized organization representative (AOR), who will give you permission to complete and submit applications on behalf of your organization.

If you have previously registered with Grants.gov, confirm that your registration is still active and that your authorized organization representative (AOR) is current.

Consult the [Grants.gov Online User Guide](#) if you have questions. Grants.gov maintains a [library of instructional videos](#) which may be helpful as you prepare your application.
4. Submission Dates and Times

Drafts
Program officers will review one draft narrative per project if you submit it by June 6, 2023, at 11:59 p.m. Eastern Time. Program officers will not review late drafts.

This optional review is not part of the formal selection process and has no bearing on the final funding decision. However, previous applicants have found it useful to strengthen their applications. If you choose to submit a draft, send it as an attachment to preservation@neh.gov.

Applications
The deadline for applications under this notice is July 18, 2023, at 11:59 p.m. Eastern Time.

Applications must be complete, comply with length and formatting requirements, and be validated by Grants.gov under the correct funding opportunity prior to the deadline to be considered under this notice.

It is your responsibility to confirm that Grants.gov and subsequently NEH have received your application. Check your Grants.gov application status.

When NEH receives your application, the agency will assign it a tracking number beginning with PW-. A tracking number does not guarantee that your application is free of technical problems (such as missing attachments or failure to convert attachments to PDFs). If your files are not correctly formatted, eGMS Reach, NEH’s electronic grants management system, will reject your application and notify you by email. eGMS Reach cannot detect other errors such as missing components or excess pages.

NEH recommends you submit your application at least 48 hours prior to the deadline so that you have time to correct any technical errors eGMS Reach has notified you of or that you have discovered. It is your responsibility to correct any errors prior to the deadline.

NEH will not comment on the status of your application except regarding matters of eligibility, completeness, and responsiveness.

5. Intergovernmental Review
This funding opportunity is not subject to intergovernmental review under Executive Order 12372.

6. Funding Restrictions
You may not use awards made under this notice for the following purposes:

- the purchase of collections, including appraisal for acquisition or monetary purposes
- the creation of oral history interview collections
- the restoration of historic structures, the preservation of the built environment, or the stabilization of archaeological sites
- the preservation, organization, or description of materials that are not regularly accessible for research, education, or public engagement
- the digitization of United States newspapers (applicants interested in such projects
should consult the National Digital Newspaper Program)
• the creation of tools and reference works designed *exclusively* for classroom instruction
• scholarly or public conferences (which NEH supports through its Collaborative Research program)
• the creation of selective compilations of primary sources in print or digital form, when such works are developed primarily as an adjunct to interpretive research (NEH supports such compilations through its Collaborative Research program)
• the support of projects to document endangered languages (applicants interested in such projects should consult the Documenting Endangered Languages program)
• GIS projects for civic planning or resource management
• projects focused solely on translation (translation is an allowable component of an HCRR project as long as the work is being conducted in the service of an effort to create access to humanities collections or to produce reference resources.)
• institutional records management
• costs for activities performed by federal entities or personnel
• promotion of a particular political, religious, or ideological point of view
• advocacy of a particular program of social or political action
• support of specific public policies or legislation
• lobbying
• projects that fall outside of the humanities; the creation or performance of art; creative writing, autobiographies, memoirs, and creative nonfiction; policy studies; and social science research that does not address humanistic questions and/or utilize humanistic methods

E. Application Review Information

1. Review Criteria

Peer reviewers will use the following criteria to review applications under this notice:

1. **The project’s significance for supporting scholarly research, education, or public engagement in the humanities.**

In what ways is the topic/subject matter important? To what extent is the proposed material or reference resource of value, and how? To what extent would the collections/resource either fill an important gap or complement other available materials? For whom is this project significant and in what ways?

(aligns with narrative sections “Significance” and “History, scope, and duration”)

2. **The soundness of the proposed methodology, including the selection criteria, where applicable, and the project’s adherence to accepted national standards and professional practices, especially those that would contribute to making grant products interoperable with related resources and facilitate their discovery.**

To what extent would the project employ best practices in preservation and access? Are the proposed procedures clear and appropriate for achieving the project’s goals? Is the planning process well explained and sufficiently collaborative, particularly for Foundations projects, where collaboration is strongly encouraged?
3. **The specificity and utility of the proposed products and outcomes, and the viability of the project, as indicated by the work plan.**

To what extent are the outcomes or “deliverables” clearly identified? Is the project doable within the timeline and with the resources proposed? To what extent is the sequencing of activities appropriate?

(aligns with narrative section “**Methodology and standards**”)

4. **The soundness of plans for sustaining project outcomes, including digital content.** For Foundations projects, the appropriateness of the next steps in the undertaking and their likely viability.

To what extent would the collections or resource be made accessible in an ongoing manner, beyond the term of the project? For Foundations projects, to what extent are “next steps” sufficiently clear?

(aligns with narrative sections “**History, scope and duration**” and “**Sustainability of project outcomes and digital content**”)

5. **The qualifications of the project’s staff and suitability of the staffing arrangements.**

Are the roles and duties of personnel clear, and are staff appropriately qualified for the work proposed? Are the job descriptions for staff to be hired appropriate for their roles? Are the right kinds of humanities or technical advisors in place in cases where advice might be needed, particularly for Foundations projects, where cross-domain participation is strongly encouraged?

(aligns with narrative sections “**Project personnel and advisors**” and “**Work plan**,” as well as with Attachment 4: **Work plan** and Attachment 6: **Résumés for key personnel**)

6. **The quality of the project’s plans for providing access to award products and engaging with relevant audiences.**

How effectively would the results of the project reach the intended users and, if presented as a model, other practitioners? How well does the project conform to NEH’s expressed preference for free and open access to materials and tools?

(aligns with narrative sections “**Methodology and standards**” and “**Outreach**”)

7. **The reasonableness of the budget in relation to the activities and the anticipated results.**

Would key personnel devote adequate time to the project to achieve its objectives? To what extent does the budget justification demonstrate that the costs are reasonable and necessary?

(aligns with the **budget and budget justification** in relation to the project **narrative** and Attachment 4: **Work plan**)

2. **Review and Selection Process**

NEH staff review all applications for eligibility, completeness, and responsiveness. The agency then conducts a peer review process for all applications that pass this initial screening.
Peer reviewers are experts in their fields with knowledge and expertise relevant to the activities that the program supports. NEH instructs peer reviewers to evaluate applications according to the review criteria in this notice. Peer reviewers must comply with federal ethics rules governing conflicts of interest.

NEH program officers supplement the peer reviewers’ comments to address matters of fact or significant points that the peer reviewers have overlooked. They then make funding recommendations to the National Council on the Humanities. The National Council meets at least twice each year to review applications and advise the NEH Chair. By law, the Chair has the sole authority to make final funding decisions.

Following NEH’s public announcement of funded projects, you may request copies of the peer reviewers’ evaluations of your proposal by contacting preservation@neh.gov.

Learn more about the NEH review process.

Apply to be a peer reviewer for NEH.

3. Assessment of Risk and Other Pre-Award Activities

Following the Chair’s initial selection of applications for support, the NEH Office of Grant Management (OGM) conducts a risk assessment for selected applications. OGM will consider the applicant’s past performance, if applicable; analyze the project budget; assess the applicant’s management systems; confirm the applicant’s continued eligibility; and evaluate compliance with public policy requirements. This assessment guards against the risk that federal financial assistance might be wasted, used fraudulently, or abused.

OGM may request that you submit additional programmatic or administrative information (such as an updated budget or supporting documentation) or undertake certain activities (such as negotiating an indirect cost rate) in anticipation of an award. Such requests do not guarantee that NEH will make an award.

After completing its risk assessment, NEH will determine whether making an award would be consistent with the agency’s risk management policy, whether it must impose any special terms and conditions, and what funding level is appropriate. NEH may elect not to issue awards to applicants with management or financial instability that affects their ability to comply with the terms and conditions of the award (2 CFR § 200.206).

Award decisions are discretionary and are not appealable to any federal official or board.

4. Anticipated Announcement and Award Dates

NEH will notify you of funding decisions by email in April 2024. This is not an authorization to begin performance or incur related costs.
F. Federal Award Administration Information

1. Federal Award Notices
If NEH selects your application for an award, the NEH Office of Grant Management will send award documents to the institutional grant administrator and project director through eGMS Reach beginning in May 2024.

Learn more about managing an NEH award.

2. Administrative and National Policy Requirements
Each award is subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the General Terms and Conditions for Awards to Organizations (for grants and cooperative agreements issued January 1, 2022 or later), and any specific terms and conditions that NEH places on the award in the Notice of Action.

Debarment, suspension, ineligibility, and voluntary exclusion certification
By applying, you certify that neither your institution nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

You must comply with 2 CFR §§ 180.335 and 350 with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

If you cannot attest to the statements in this certification, explain why not in Attachment 11: Explanation of delinquent federal debt.

Providing access to NEH-funded products
NEH strives to make the products of its awards available to the broadest possible audience by providing ready and easy access to its grant products to scholars, educators, students, and the American public. All other considerations being equal, NEH gives preference to projects that provide free access to the public.

You must comply with Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in any program or activity receiving federal financial assistance. Consult Design for Accessibility: A Cultural Administrator's Handbook.

Copyright information
Subject to applicable law, you may copyright work that you develop or acquire under an award. In accordance with 2 CFR § 200.315(b), NEH reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so. NEH has typically exercised this right in consultation with recipients to publish excerpts of grant products in Humanities magazine or on its website.
Acknowledging NEH support
Materials publicizing or products resulting from NEH-funded activities must contain an acknowledgment of NEH support. Consult Acknowledgment and Publicity Requirements for NEH Awards and Publicizing Your Project for guidance.

Subrecipient monitoring requirements
Per 2 CFR § 25.300, you may only issue subawards with federal funds to organizations that have obtained and provided their Unique Entity Identifier. Subrecipients are not required to complete registration with the System for Award Management (SAM) to obtain a Unique Entity Identifier. See D3. Unique Entity Identifier and System for Award Management.

You must monitor your subrecipients to ensure that they use their subawards for authorized purposes; comply with federal statutes, legislative requirements, regulations, and the terms and conditions of the subaward; and achieve their performance goals. You must ensure that your subrecipients track, appropriately use, and report program income generated by the subaward. See 2 CFR § 200.332 for information that you must include in subaward agreements.

Program income
If your NEH-supported activities generate income during the period of performance, you must use it for additional approved project-related activities. See 2 CFR § 200.307 for income that you generate after the period of performance.

Coordination of geographic information and related spatial data
If you request funding for the development, acquisition, preservation, or enhancement of geospatial data, products, or services, you must first conduct a due diligence search of the Data.gov list of datasets to determine whether the needed data, products, or services already exist. If not, you must produce the proposed geospatial data, products, or services in compliance with applicable Federal Geographic Data Committee guidance.

Eliminate waste, fraud, and abuse
Help NEH eliminate fraud and improve management by reporting allegations or suspicions of waste, fraud, abuse, mismanagement, research misconduct (fabrication, falsification, plagiarism), or unnecessary government expenditures to the NEH Office of the Inspector General.

Termination
NEH reserves the right to terminate awards consistent with 2 CFR § 200.340.

3. Reporting
If you receive an award, you must complete required reports in eGMS Reach, the NEH online grant management system, unless otherwise instructed. NEH will provide further information in the Notice of Action.

3. **Final Reports.** You must submit a final Federal Financial Report (SF-425) and a final performance report within 120 calendar days after the period of performance ends. The final performance report collects information relevant to progress on program-specific goals; impact of the overall project; the degree to which you achieved the mission, goals, and strategies outlined in the approved application; your objectives and accomplishments; barriers encountered; and your overall experiences during the period of performance.

4. **Tangible Personal Property Report.** If applicable, you must submit the Tangible Personal Property Report (SF-428) and any related forms within 120 calendar days after the period of performance ends. You must report all equipment with an acquisition cost of $5,000 or more per unit purchased with NEH funds.

Learn more about performance reporting requirements and financial reporting requirements.

**G. Agency Contacts**

If you have questions about the program, contact:

Division of Preservation and Access  
National Endowment for the Humanities  
400 Seventh Street, SW  
Washington, DC 20506  
202-606-8570  
preservation@neh.gov

If you have questions about administrative requirements or allowable costs, contact:

Office of Grant Management  
National Endowment for the Humanities  
400 Seventh Street, SW  
Washington, DC 20506  
202-606-8494  
grantmanagement@neh.gov

If you are deaf or hard of hearing, you can contact NEH using telecommunications relay at 7-1-1.

If you have questions about registering or renewing your registration with login.gov or SAM.gov, contact the Federal Service Desk, Monday – Friday, 8:00 a.m. to 8:00 p.m. Eastern Time, at:

**Federal Service Desk**  
U.S. calls: 866-606-8220  
International calls: +1 334-206-7828

For assistance in registering with or submitting your application through Grants.gov, contact Grants.gov Applicant Support at:

**Grants.gov Applicant Support**  
U.S. calls: 1-800-518-4726  
International calls: +1-606-545-5035  
support@grants.gov
Always obtain a case number when calling for support.

**H. Other Information**

**Related funding opportunities**

Applicants seeking support for initial preservation assessments and other basic steps in collections care should consult the [Preservation Assistance Grants for Smaller Institutions](#) program. Applicants seeking support for the purchase of storage furniture and rehousing collections; improving environmental conditions (including the installation of climate control systems); and installing security, lighting, and fire-prevention systems should consult the [Sustaining Cultural Heritage Collections](#) program. Projects that focus on serving the preservation and access field more generally by developing new standards, practices, methodologies, and workflows for humanities collections are eligible for support through the [Research and Development](#) program. These programs are offered by the [Division of Preservation and Access](#).

Applicants seeking primarily to create or enhance experimental, computationally-based methods, techniques, or infrastructure that contribute to the humanities; pursue scholarship that examines the history, criticism, and philosophy of digital culture or technology and its impact on society; or conduct evaluative studies that investigate the practices and the impact of digital scholarship on research, pedagogy, scholarly communication, and public engagement should consider the [Digital Humanities Advancement Grants](#) program in the [Office of Digital Humanities](#).

Applicants seeking support to prepare critical editions and translations of important humanities texts (in print or digital form) should consider the [Scholarly Editions and Scholarly Translations](#) program offered by the [Division of Research Programs](#).

**Privacy policy**

NEH solicits the information in this Notice of Funding Opportunity under the authority of the National Foundation on the Arts and Humanities Act of 1965, as amended, 20 U.S.C. 951, et seq. Disclosure of the information is voluntary. The principal purpose for which NEH will use the information is to process the application, which may include determining eligibility, evaluating the application, selecting recipients, and administering the award program. Panelists and other third parties may assist in the evaluation of applications, in which case NEH will take appropriate security measures with respect to the information provided to such individuals for review. NEH may also use or disclose the information it collects as required by law and for governmental purposes such as statistical research, analysis of trends, Congressional oversight, and the other routine uses set forth in the systems of records notice (“SORN”) published by NEH in the Federal Register. NEH ordinarily will not publicly disclose the contents of applications that NEH does not select for funding, except as set forth in the SORN. Failure to provide the information solicited in this Notice may result in rejection of the application.

**Application completion time**

The Office of Management and Budget requires federal agencies to supply information on the time needed to complete forms and also to invite comments on the paperwork burden. NEH
estimates that on average it takes sixty hours to complete an application. This estimate includes time for reviewing instructions; researching, gathering, and maintaining the information needed; and completing and reviewing the application. Time needed may vary from program to program.

You may send any comments regarding the estimated completion time or any other aspect of this application, including suggestions for reducing the completion time, to the Chief Funding Opportunity Officer at grantmanagement@neh.gov. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB number. The OMB Control Number for this Notice of Funding Opportunity is 3136-0134, expiration date October 31, 2024.
