Notice of Funding Opportunity

Funding Opportunity Title:
Preservation Assistance Grants for Smaller Institutions

Funding Opportunity Number: 20230112-PG

Funding Opportunity Type(s): New

Federal Assistance Listing Number: 45.149

Application Deadline:
January 12, 2023

Ensure your SAM.gov and Grants.gov registrations and passwords are current.
It may take up to one month to register with SAM.gov and Grants.gov.
NEH will not grant deadline extensions for lack of registration.

Division of Preservation and Access
Email: preservation@neh.gov
Telephone: 202-606-8570
Federal Relay: 7-1-1

OMB control number 3136-0134, expiration date October 31, 2024
Executive Summary
The National Endowment for the Humanities (NEH) Division of Preservation and Access is accepting applications for the Preservation Assistance Grants for Smaller Institutions program. This program aims to help small and mid-sized institutions improve their ability to preserve and care for their significant humanities collections. The program encourages applications from small and mid-sized institutions that have never received an NEH grant.

A. Program Description

1. Purpose
This notice solicits applications for the Preservation Assistance Grants for Smaller Institutions program from the NEH Division of Preservation and Access.

Preservation Assistance Grants help small and mid-sized institutions — such as libraries, museums, historical societies, archival repositories, cultural organizations, town and county records offices, and colleges and universities — improve their ability to preserve and care for their significant humanities collections. These may include special collections of books and journals, archives and manuscripts, prints and photographs, moving images, sound recordings, architectural and cartographic records, decorative and fine art objects, textiles, archaeological and ethnographic artifacts, furniture, historical objects, and digital materials.

The program encourages applications from small and mid-sized institutions that have never received an NEH grant as well as minority serving institutions: community colleges, Hispanic-Serving Institutions, Historically Black Colleges and Universities, and Tribal Colleges and Universities, and Native American tribes and Native Alaskan and Native Hawaiian organizations with significant humanities collections. Furthermore, NEH encourages organizations or collections that represent the contributions of historically excluded communities.

If you have previously received a Preservation Assistance Grant, you may apply for another one to support the next phase of your preservation efforts. For example, after completing a preservation assessment, you might apply to purchase storage supplies and cabinets to rehouse a collection identified as a high priority for improved storage. NEH will not give these proposals special consideration and will judge them by the same criteria as others in the competition.

Allowable activities
The Preservation Assistance Grants for Smaller Institutions program funds a range of activities described below. You may combine two or more activities in a single application. For example, you may request funds for a consultant (and an assistant, if applicable) to conduct a preservation assessment and an on-site preservation workshop for the institution’s staff. Or you could request re-housing supplies, environmental monitoring supplies, and training by a consultant in environmental monitoring.

Within the conservation field, conservators usually specialize in the care of specific types of collections, such as objects, paper, or paintings. You should choose a conservator whose specialty is appropriate for the nature of your collections. Similarly, when assessing the preservation needs of library, museum, or archival holdings, you should seek a consultant specifically knowledgeable about the preservation of collections in these types of institutions.

General preservation assessments
You may request funding to engage a conservator or other preservation specialist to conduct a general preservation assessment and to help draft a long-range plan for the care and sustainability of your humanities collections. The consultant visits your institution to assess its policies, practices, and conditions affecting the care and preservation of its humanities collections and prepares a report that summarizes the findings and prioritizes recommendations for future preservation action. An advanced student or recent graduate from a preservation program may assist the project consultant.
Consultants must submit letters of commitment guaranteeing their participation, describing their plan of work, any supplies recommended for advanced purchase (if applicable), and stating the costs of their services. Consultants should also indicate if they will work with an advanced student or recent graduate and if they have requested funds for their participation in the project.

**Consultations with preservation professionals to address a specific preservation issue, need, or problem**

You may request funding to hire a consultant to address specific challenges in the stewardship of your humanities collections. An advanced student or recent graduate from a preservation program may assist the consultant.

Consultants may engage in activities such as:

- assessing the conservation treatment needs of selected items in a collection
- assessing mechanical systems, such as HVAC, based on collection environmental needs for minor repairs and adjustments to improve efficiency and environmental conditions
- studying light levels in exhibition and storage spaces and recommending appropriate methods for limiting light damage to collections
- planning for capital improvements that would enhance care of collections
- developing detailed plans for improving storage or rehousing a collection
- developing plans for improving security or fire protection for collections
- developing and revising disaster preparedness and response plans, including continuity of operations plans
- establishing an environmental monitoring program
- instituting an integrated pest management program
- implementing preventive conservation strategies that pragmatically balance effectiveness, cost, and environmental impact

Based on preliminary discussions about the proposed assessment, a consultant may be able to anticipate your institution’s need for basic preservation supplies. In such cases, you may request funds to purchase the recommended supplies, but you must include the consultant’s letter of commitment describing the supplies and justifying their use with your application. After the on-site visit, the consultant can refine the list of supplies, if necessary.

**Purchase of storage furniture and preservation supplies**

If you have previously completed a preservation assessment or consulted with an appropriate professional, you may request funding to purchase permanent and durable furniture and supplies (e.g., cabinetry, shelving units, storage containers, boxes, folders, and sleeves). Additionally, you may purchase discrete units to improve the environment, such as portable dehumidifiers, air conditioning units, or vacuums, if recommended in an assessment. You may also use NEH funds to support installation of storage furniture and shipping for furniture and other necessary supplies and materials.

If your staff and volunteers have limited experience in rehousing collections, you should enlist a consultant to provide guidance and training at the beginning of the project. If you request funding for preservation or storage supplies, you should discuss how the organization or arrangement of the collections informed the selection of supplies and equipment.
Purchase of environmental monitoring equipment
If you have previously completed a preservation assessment or consulted with an appropriate professional, you may request funding to purchase environmental monitoring equipment (e.g., dataloggers or light meters) and related software. If your staff does not have experience using the equipment or software, your request should include funding for training in its installation and use of and the interpretation of the data.

Digital preservation assessment and storage
You may request funding to hire a digital preservation consultant for a general assessment or the development of detailed plans for the preservation of your digital collections. Based on preliminary discussions about the proposed assessment, a consultant may be able to anticipate your need for digital storage. In such cases, you may request funds to purchase the recommended storage, but you must include the consultant’s letter of commitment describing the storage and justifying its use with your application. After the on-site visit, the consultant can refine the chosen digital storage, if necessary.

Based on the results of a digital preservation assessment, you may request funding for digital storage media (e.g., external hard drives, RAID, NAS, and LTO systems). If your staff and volunteers have limited experience in digital preservation, you should enlist a consultant to provide guidance and training at the beginning of the project. In your narrative, you should discuss how your digital preservation plan informed the digital storage options you have selected.

Education and training
The Preservation Assistance Grants for Smaller Institutions program focuses on the preservation of collections, but also recognizes that cultural institutions need to gain better intellectual control of and enhance access to their collections. Therefore, you may request funding to support attendance at workshops and training courses that address preservation and/or access topics. Workshops must occur during the period of performance. If a provider has not scheduled a regularly offered workshop at the time of application, contact them to confirm they will offer it.

Workshops and training sessions may be in-person or virtual; you may hire a consultant to conduct on-site training for staff and volunteers tailored to your specific needs and holdings. An advanced student or recent graduate from a preservation program may assist the project consultant. If you host a workshop, NEH encourages you to invite staff, students, and volunteers from neighboring organizations institutions to enhance its impact.

Education and training requests may address preservation and/or access topics. Workshops could focus on topics such as:

- preservation and care of humanities collections (often offered by collection type, e.g., textiles, paintings, photographs, archival records, manuscripts, and books)
- disaster preparedness and response, including continuity of operations
- methods and materials for the storage of collections
- environmental monitoring
- best practices for cataloging rare books, art, and material culture collections
- proper methods for the arrangement and description of archival collections
- preservation and access challenges for community-based archives
- standards and best practices for the preservation of digital collections
• care and handling of collections during digitization

Federally declared disaster areas
If your organization is in an area where the federal government declared a disaster or major emergency, you may request funding for the following activities:

• disaster response, recovery, and mitigation for your humanities collections
• conservation treatment of damaged collections
• temporary storage and relocation
• purchase of cleaning supplies and equipment
• the reformatting of impacted collections as a preservation methodology

You may not use award funds for repair and renovation activities.

Per 2 CFR §200.447 (c), you may not use award funds for actual losses which could have been covered by permissible insurance (through a self-insurance program or otherwise). However, costs you incurred because of losses not covered under nominal deductible insurance coverage provided in keeping with sound management practice, and minor losses not covered by insurance are allowable.

See the list of disaster-related resources in Section H. Other Information.

See D6. Funding Restrictions for unallowable activities.

See E1. Review Criteria for the criteria NEH will use to evaluate applications under this notice.

2. Background

NEH offers this funding opportunity under the authority of 20 U.S.C. § 956. Awards are subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the General Terms and Conditions for Awards to Organizations (for grants and cooperative agreements issued January 1, 2022 or later).

Under the National Foundation on the Arts and the Humanities Act of 1965, “The term 'humanities' includes, but is not limited to, the study of the following: language, both modern and classical; linguistics; literature; history; jurisprudence; philosophy; archaeology; comparative religion; ethics; the history, criticism and theory of the arts; those aspects of the social sciences which have humanistic content and employ humanistic methods; and the study and application of the humanities to the human environment with particular attention to reflecting our diverse heritage, traditions, and history and to the relevance of the humanities to the current conditions of national life.”

Use the Funded Projects Query Form to find examples of NEH-supported projects.

Learn more about NEH.

B. Federal Award Information

1. Type of Application and Award

NEH seeks new applications in response to this notice.
NEH will provide funding in the form of grants.

2. Summary of Funding

Award amounts
You may request up to $10,000.

Successful applicants will be awarded outright funds, which are not contingent on additional funding from other sources.

NEH anticipates awarding approximately $650,000 among an estimated 65 recipients.

NEH will not determine the amount available until Congress makes appropriations for FY 2023. NEH will issue awards subject to the availability of appropriated funds. NEH is publishing this notice as a contingency action to ensure that NEH can process applications and issue awards in a timely manner, should sufficient funds become available.

Period of performance
You may request a period of performance up to one to eighteen months with a start date between September 1, 2023, and December 1, 2023.

The period of performance is the span of time during which you may incur new obligations to carry out the work under the NEH award. It must start on the first day of the month and end on the last day of the month.

The Division of Preservation and Access encourages you to carefully consider the time necessary to complete your project and to tailor your period of performance accordingly. For example, a request to purchase rehousing supplies should include the time it will take to rehouse the collection, and projects that involve consultants should consider the need for flexible schedules to accommodate site visits, virtual meetings, and time for consultants to complete their reports.

C. Eligibility Information

1. Eligible Applicants

To be eligible to apply, you must be established in the United States or its jurisdictions as one of the following organization types:

- a nonprofit organization recognized as tax-exempt under section 501(c)(3) of the Internal Revenue Code
- an accredited institution of higher education (public or nonprofit)
- a state or local government or one of their agencies
- a federally recognized Native American Tribal government

In addition, you must demonstrate that you:

- care for and have custody of and/or responsibility for the humanities collections that are the focus of the application;
• have at least one staff member or the full-time equivalent, whether paid or unpaid; and
• make your collections open and available for the purpose of education, research, and/or
  public programming.

If you are requesting funds for disaster relief activities, you must be in a federally declared
disaster area.

You may provide this information in your institutional profile and section D of the narrative.

Individuals and other organizations, including foreign and for-profit entities, are ineligible.

2. Cost Sharing
NEH does not require cost sharing in this program.

Cost sharing or matching is the portion of the project costs you pay for with non-NEH funds.
Peer reviewers will not consider cost sharing in their evaluation of applications.

You may contribute voluntary cost share to your project if the total costs exceed the amount
awarded by NEH. Voluntary cost share includes:

• cash contributions made to the project by you or a third party
• your unrecovered indirect costs
• in-kind contributions (non-cash contributions, such as property or services, that benefit
  the project and are contributed without charge) by you or a third party

While you may describe voluntary cost share in your budget justification, you should not include
it on your Research and Related Budget.

You must maintain auditable records of the source and use of cost share. See 2 CFR § 200.306.

Learn about types of funds NEH offers.

3. Other Eligibility Information
You may submit only one application under this notice. However, distinct collecting entities
within a larger organization, such as university’s library and museum or two historic sites within
a historical society, may apply.

If you submit multiple applications (including submitting to the wrong funding opportunity or
making corrections/updates), NEH will only accept your last validated submission prior to the
deadline under the correct Grants.gov funding opportunity.

You may revise and resubmit previously rejected applications. Submissions are subject to the
application requirements and review criteria of this competition.

Per 2 CFR § 200.403(f), you must not include the same project costs in more than one
application for federal funding and/or approved federal award budget. However, you may
submit multiple proposals for complementary aspects of the same overall project. NEH may
disallow costs or reject applications with overlapping project costs. An individual’s level of effort
cannot exceed 100% across multiple active federally funded awards.
NEH does not make awards to other federal entities. If your project is so closely intertwined with a federal entity that the project takes on characteristics of the federal entity's own authorized activities, it is ineligible. You may use funds from, or sites and materials controlled by, other federal entities in your project.

NEH does not provide financial assistance to foreign institutions or organizations. If you are an eligible domestic entity, you may apply for collaborative projects involving foreign organizations provided you do not use NEH funds for the purpose of issuing subawards to any foreign organization, as defined in 2 CFR §§ 200.1 and .331(a). You may obtain the services of foreign individuals and consultants to carry out programmatic activities on a fee-for-service basis, as specified in 2 CFR § 200.459. You may obtain goods and services from foreign vendors, such as in-country transportation services, in accordance with 2 CFR § 200.331(b). If you plan to submit an application involving international collaboration, contact program staff at preservation@neh.gov.

Except for the rare cases covered by its late submission policy, NEH will not consider applications submitted after the deadline.

NEH will not consider incomplete, nonresponsive, or ineligible applications for funding.

NEH will not review applications that exceed page limits or violate formatting instructions. See the Application Components Table.

D. Application and Submission Information

1. Application Package
You must apply using Grants.gov Workspace or a Grants.gov system-to-system solution. You can find this funding opportunity in Grants.gov under number 20230112-PG. There is also a link on the program resource page.

Once you have located the funding opportunity in Grants.gov, you will find the application package under the “Package” tab. It includes a series of required and conditionally required forms. You will upload additional application components using the Attachments Form.

You must complete a multistep registration process to submit your application. See D3. Unique Entity Identifier and System for Award Management.

Contact preservation@neh.gov to request a paper copy of this notice.

If you are deaf or hard of hearing, you can contact NEH using Federal Relay at 7-1-1.

2. Content and Form of Application Submission
Your application will include a narrative, budget, and other forms and attachments. You will complete the forms within Grants.gov Workspace and upload other components into the Attachments Form. See the Application Component Table.

NEH has assigned each application component one of the following designations:
• Required: You must submit this component.
• Conditionally Required: You must submit this component if your proposal meets the specified conditions.
• Recommended: NEH encourages, but does not require, you to submit this component.

You must submit all required components and conditionally required components relevant to your proposal. NEH will not review applications missing any required documents or relevant conditionally required documents.

In addition, NEH has established page limits for some application components:

• Mandatory: You must not exceed the page limit.
• Suggested: NEH encourages, but does not require, you to abide by the page limit.

Take note of the page limits and formatting instructions in this notice. NEH will not review applications that exceed mandatory page limits or violate formatting instructions.

Your application components must conform to the following formatting requirements, unless otherwise indicated:

• pages no larger than standard letter (8 ½" x 11”)
• at least one-inch margins on all sides for all pages
• a font no smaller than 11 point

In addition, you are encouraged to format your components consistent with the following:

• single-spacing
• a readable font such as Arial, Georgia, Helvetica, or Times New Roman
• any standard citation style (citations are included in page counts)

**Narrative**

20230112-PG 9
Compose a comprehensive description of your proposed project. Your narrative should be succinct, well organized, and free of technical terms and jargon so that peer reviewers can understand the proposed project.

You must limit the narrative to five single-spaced pages (six single-spaced pages if your request is for disaster-related activities). Do not include an executive summary or a table of contents. You may include images, charts, diagrams, footnotes, and endnotes if they fit within the page limit.

Organize your narrative using the following section headings. Each section aligns with one or more review criteria NEH will use to evaluate your proposal.

A. What activity (or activities) would the grant support? (aligns with review criterion 2)
State the specific activity or activities that the grant would support and the goals of the proposed project. If you are requesting funds for the purchase of digital storage, please include a description of the staff activities involved with setting up the system and where the digital storage would be housed.

B. State the specific activity or activities that the grant would support and the goals of the proposed project. What are the content and size of the humanities collections that are the focus of the project? (aligns with review criterion 1)
Describe the collections that are the focus of the project, emphasizing their significance to the humanities (keeping in mind that projects NEH funds should promote public confidence that taxpayer funds in support of the humanities are well spent). Identify the categories of materials and indicate, where pertinent, the date ranges, quantities, and subject matter. Highlight specific examples of important items in the collections.

For example, a description of an archival collection might state that the collection comprises two hundred letters written by prominent political figures between 1870 and 1885; twenty-four linear feet of records documenting the environmental impact of a regional coal mining company active from 1940 through 1970; fifty-two maps documenting the history and development of the local transportation system; twelve volumes of birth and death records for local residents from 1860 to 1950; and nine hundred photographs depicting community life during the 1930s and 1940s.

A description of a museum collection might state that the collection comprises ten thousand objects from the early 1800s to the present, including approximately one thousand costumes and items of personal adornment, five hundred Native American baskets, four hundred agricultural implements, and hundreds of household products and furnishings.

Detail the content of these materials and their significance to the humanities. For example, you might highlight specific examples to explore topics such as the social, political, or economic development of a community, showing how the collections deepen or diversify understanding of American history and culture.

If the project focuses only on a portion of your institution’s collections, briefly describe your overall holdings and detail the portion on which the project focuses.
This section of the narrative should be at least one page.

C. How do you use these humanities collections? (aligns with review criterion 1)

Explain in detail the collections on which the project focuses and provide evidence of how you and others outside your institution use or might use them in scholarly publications, educational activities, exhibitions, or public programming. For example, you could explain how you have used the collections to illuminate specific humanities themes in an exhibition, or how they have been or could be used in educational programs and classroom instructional materials.

If the collections are used for research, describe the range of subjects that have been (or could be) explored and show how these materials could contribute to new interpretations of national or regional history. Provide examples of research projects conducted by students, scholars, public historians, or genealogists.

By illustrating the use of collections and the ways in which they can increase the understanding of broad humanities themes, you will help evaluators understand their importance to the humanities and to the institution’s mission.

This section of the narrative should be at least one page.

D. What is the nature and mission of your institution or institutional unit? (aligns with review criteria 1 and 2)

Describe your institution’s mission and discuss specific budget or staffing considerations that characterize it as a small or mid-sized institution. Demonstrate your institutional commitment to making your collection accessible for education, research, and public programming in the humanities, as evidenced by the following information:

- the number of full-time, part-time, and volunteer staff
- the number of days per year on which the institution is open to the public
- the size of the institutional or unit budget

Libraries, archives, or museums that are part of a larger organization, such as a college or university, should provide this information for their institutional unit.

E. Has your institution ever had a preservation or conservation assessment or consultation? (aligns with review criterion 2)

If your institution has previously had a preservation or conservation assessment or consultation, provide the date of the assessment, the name(s) of the assessor(s), and, if applicable, explain how previous assessments or consultations relate to your proposed project.

If your institution has previously engaged a preservation consultant for purposes other than a general preservation or conservation assessment, briefly elaborate.

F. What is the importance of this project to your institution or institutional unit? (aligns with review criterion 2)

Discuss how this project fits into your institution’s overall preservation needs or plans. Describe the current condition of collections and the environment in which you store them. Explain how the proposed activities build on previous preservation efforts and how the project fits into future preservation plans. Explain how the project would increase your institution’s ability to improve
collection care beyond the period of performance. For projects involving preservation assessments or consultations, explain how you will disseminate findings within your institution.

If you are proposing to attend workshops or training courses describe their content and explain how you would use the knowledge gained to improve preservation and/or access practices at your institution. If applicable, provide information about the workshop from the provider (e.g., a description, announcement, or program) in Attachment 8.

G. What are the names and qualifications of the consultant(s) and staff involved in the project? (aligns with review criterion 3)
Briefly, provide the name(s) and qualifications of your consultant(s), and the names and relevant experience for participating staff. For preservation training projects, identify the staff member(s) who will attend the training and state their positions and responsibilities.

H. Additional information for applicants in federally declared disaster areas (aligns with review criterion 2)
If you are in a federally declared disaster area, and your proposal contains activities that are limited to those areas, you should also provide the following information in your narrative (up to one additional page is permitted for this information):

- Discuss how the disaster (hurricane, wildfire, mudslide, etc.) affected your institution and the steps that you have taken toward recovery.

- If the disaster threatened or harmed your collections, describe the risks or the extent of the damage and any steps you have taken to salvage and protect collections. You may include a few photographs in Attachment 8.

- If you are requesting support for disaster planning, response, recovery, or mitigation (or education and training related to these activities), describe the current status of your planning or response, the steps you would take to create a plan or to train staff, and the name(s) and qualifications of any consultant(s) you have selected to assist you in developing a plan or training staff. Provide a letter (or letters) of commitment and résumé(s) for the consultant(s) in Attachment 4.

- If you are requesting support for conservation treatment, provide a treatment proposal in Attachment 8 with cost estimates prepared by a qualified conservator. Include images of the items or a representative selection. If you are proposing treatment of a group of items of similar material and condition, you may submit a conservator’s proposal for the group of items. Include the résumé(s) of the conservator(s) who will perform the treatments.

- If you are requesting support for the temporary relocation and storage of collections, describe the temporary facility, its environment, and the manner in which collections are or will be housed. Discuss your longer-term plans for housing the collection and providing access to it. Include any further information, such as price quotes in Attachment 8.

- If you are requesting support for reformatting, demonstrate that reformatting is an accepted preservation methodology for the materials and that you would adhere to existing best practices and standards.
Institutions affected by natural disasters may wish to consult the resources included in H. Other Information.

**Research and Related Budget**

You must submit a project budget using the Research and Related Budget form included in the Grants.gov application package and attach a budget justification.

Complete a single detailed budget for the entire period of performance. The form will generate a cumulative budget.

The form indicates required fields in yellow. Round all costs to the nearest whole dollar. The inclusion of a cost category on the Research and Related Budget does not necessarily mean that an expense is allowable. See D6. Funding Restrictions to ensure that proposed costs are allowable.

If you will provide voluntary cost share, do not include it on the Research and Related Budget form. You may describe it in your budget justification.
All costs must be reasonable, necessary to accomplish project objectives, allowable in terms of 2 CFR 200 Subpart E - Cost Principles, auditable, and incurred during the period of performance. All costs are subject to audit, record retention, and other requirements set forth in 2 CFR 200 Subpart F - Audit Requirements.

You should only include your own employees under A. Senior/Key Person and B. Other Personnel. Include team members in leadership roles in the project under A. Senior/Key Person. Include other team members under B. Other Personnel. Include costs for non-employees under F3. Consultant Services or F5. Subawards/Consortium/Contractual Costs, as appropriate.

If you charge indirect costs to the project, you must not charge those same costs to the project as direct costs. See H. Indirect Costs.

Introductory Fields
If not pre-populated, indicate your organization’s Unique Entity Identifier, name, and the period of performance. This should be the same as the information you provide on your SF-424 Application for Federal Assistance - Short Organizational. You may need to complete the SF-424 prior to completing your Research and Related Budget. Your period of performance must start on the first day of the month and end on the last day of the month. For budget type, check “project.”

A. Senior/Key Person
Include personnel who are employed by the applicant institution in leadership roles on the project. Do not include collaborators at other institutions or consultants, as you will include them in F. Other Direct Costs.

Enter the base salary (annual compensation) for each senior/key person and identify the number of months they will devote to the project. If you do not include base salaries, your award may be delayed.

Many non-academic institutions organize their budgets using calendar months. If your organization does not differentiate between academic and summer months, use only the calendar months column.

If your organization follows an academic calendar, you may differentiate levels of effort by using the academic and summer months columns. You may also use both columns if your institutional policy requires accounting for academic and summer months separately. If your institution does not use a nine-month academic year and a three-month summer period, include your institution's definition of these terms in your budget justification.

Enter the requested salary and fringe benefits for each senior/key person. Per 2 CFR § 200.431, fringe benefits are allowances and services you provide in addition to salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick, or military), employee insurance, pensions, and unemployment benefit plans.

Requested salaries and wages must comply with 2 CFR §§ 200.430 and .466 and fringe benefits must comply with 2 CFR § 200.431.

The form will calculate the requested salary and fringe benefits for each key person.
The form has space for up to eight people. If you request funds for additional key personnel, list them in a separate document using the same format as the Research and Related Budget. Save the document as a PDF named additionalpersonnel.pdf and attach it under “Additional/Senior Key Persons.” If applicable, enter the total funds you are requesting for additional senior/key persons in the "Total Funds requested for all Senior/Key Persons in the attached file" field.

B. Other Personnel
Include personnel employed by the applicant institution who will play a supporting role on the project. For each project role, identify the number of personnel proposed, the total number of months, total salary, and total fringe benefits requested as described in A. Senior/Key Person. The form will calculate the requested salary and fringe benefits for each group.

Post-doctoral associates, graduate students, and undergraduate students
If applicable, include charges for tuition remission and other forms of compensation paid to students as, or in lieu of, salaries and wages. You must report such costs in accordance with 2 CFR § 200.466(b), and must treat them as direct or indirect costs in accordance with the actual work performed. You may charge tuition remission on an average rate basis.

As a matter of programmatic policy, costs associated with post-doctoral associates, graduate students, and undergraduate students are not allowed in this program. NEH will disallow student costs.

Secretarial/Clerical
In most circumstances, you should include the salaries of administrative, secretarial, or clerical staff as indirect costs (see H. Indirect Costs). Per 2 CFR § 200.413(c), you may charge salaries for administrative or clerical staff as direct costs only if the following conditions are met:

- The administrative or clerical services are integral to a project or activity.
- The individuals involved can be specifically identified with the project or activity.
- You explicitly include these costs in your budget or have prior written approval from NEH.
- You do not also recover the costs as indirect costs.

If you include administrative or clerical salaries in your budget as direct costs, document how direct charging meets all four conditions in your budget justification. NEH may request additional information to assess if proposed costs are allowable.

Additional Other Personnel
List additional project roles, if applicable. The form has space for six named roles. If you have more, combine project roles on the form and explain in your budget justification.

Requested salaries and wages must comply with 2 CFR §§ 200.430 and .466 and fringe benefits must comply with 2 CFR § 200.431.

Do not list collaborators at other institutions or consultants here, as you will include them in E. Other Direct Costs.
C. Equipment Description

Equipment is defined as nonexpendable personal property costing $5,000 or more per item and having a service life of more than one year (unless your organization has established a lower level). See 2 CFR §§ 200.313 and .439.

You may purchase equipment if analysis demonstrates that it is more economical and practical than leasing (equipment rental/user fees should be included in F. Other Direct Costs). You may charge depreciation in compliance with 2 CFR § 200.436.

Per 2 CFR § 200.322, you should preference goods, products, and materials produced in the United States purchased or acquired under a federal award. If your application is selected for funding, you must include the requirements of this section in all subawards, contracts, and purchase orders for work or products.

List each item of equipment you plan to purchase and its estimated cost, including shipping and maintenance. Include supporting information, such as a price quote, in your budget justification.

The form has space for ten items. If you request funds for additional equipment, list them in a separate document. Save the document as a PDF named additionalequipment.pdf and attach it under “Additional Equipment.” Enter the total funds you are requesting for the additional equipment in the “Total funds requested for all equipment listed in the attached file” field.

The form will calculate total equipment costs.

D. Travel

Enter the total funds you are requesting for both domestic travel (local and long-distance) and foreign travel (including travel to Canada and Mexico). Provide a detailed breakdown of costs for each trip in your budget justification. If you make nonrefundable travel arrangements, it is at your own risk. You cannot charge cancelled travel to your award.

Travel costs must comply with 2 CFR § 200.475 and the General Terms and Conditions for Awards to Organizations. NEH uses the General Services Administration’s published per diem rates to assess if proposed travel costs are reasonable.

You may not use NEH funds to attend regularly occurring professional meetings.

Include travel costs for participants in F3 and travel costs for consultants in F3.

The form will calculate total travel costs.

E. Participant/Trainee Support Costs

Participants are the beneficiaries, not the providers, of a service or training opportunity (such as a workshop, conference, seminar, or symposium) funded by a federal award.

2 CFR § 200.1 defines participant support costs as direct costs for expenses such as stipends, travel allowances, subsistence allowances, and registration fees paid to or on behalf of participants (but not employees) in connection with conferences or training projects.
2 CFR § 200.432 defines a conference as a meeting, retreat, seminar, symposium, workshop, or event, the primary purpose of which is the dissemination of technical information beyond the non-federal entity, and which is necessary and reasonable for successful performance under the federal award.

Include supporting information in your budget justification. **If you or your participants make nonrefundable travel arrangements, it is at your own risk. You cannot charge cancelled travel to your award.**

The form will calculate total participant support costs.

1. **Tuition/Fees/Health Insurance**
   Leave this field blank.

2. **Stipends**
Enter the total funds you are requesting for participant stipends.

3. **Travel**
Enter the total funds you are requesting for participant travel. In your budget justification, name the travelers (if known) and itemize their travel expenses (e.g., roundtrip airfare, mileage, public transportation fares, parking fees, etc.).

4. **Subsistence**
Enter the total funds you are requesting for participant subsistence. Subsistence expenses include lodging and service charges; meals, including taxes and tips; and incidental expenses (e.g., fees and tips).

5. **Other**
Describe other participant support costs (e.g., local ground transportation to venues, admission fees, bottled water, etc.) and enter the total funds you are requesting. You may provide additional information in your budget justification.

**Number of Participants/Trainees**
Enter the total number of participants. This field cannot exceed 999.

**F. Other Direct Costs**
The form will calculate total other direct costs.

1. **Materials and Supplies**
Enter the total funds you are requesting for materials and supplies that cost less than $5,000 per item, regardless of its useful life, unless your organization has established a different capitalization level. See 2 CFR §88.200.314 and .453.

2. **Publication Costs**
Enter the total funds you are requesting for publication costs, including the costs of documenting, preparing, publishing, or otherwise making available to others the findings and products of the work conducted under the award. Include supporting information in your budget justification.
3. Consultant Services
Enter the total funds you are requesting for consultant services. If your project includes an external advisory committee, include associated costs here.

Consultant fees must comply with 2 CFR § 200.459.

4. Automated Data Processing (ADP)/Computer Services
Enter the total funds you are requesting for ADP/computer services, including computer-based retrieval of scientific, technical, and education information. Include personal computers and accessories under Materials and Supplies.

If a third party will provide these services, include them in Subawards/Consortium/Contractual Costs.

5. Subawards/Consortium/Contractual Costs
Enter the total funds you are requesting (both direct and indirect costs) for activities third parties will perform.

Per 2 CFR §§ 200.1 and .331(a), a subaward is an award you issue to a subrecipient to carry out part of your federal award. Subawards do not include payments to contractors (as defined in 2 CFR §§ 200.1 and .331(b)) or payments to individuals who are beneficiaries of federal programs.

You may provide a subaward through any form of legal agreement, including an agreement you consider a contract. The substance of your relationship with a third party is more important than the form of the agreement when determining if the third party functions as a subrecipient or contractor. See 2 CFR § 200.331(c).

NEH may request additional information in order to assess if proposed costs are reasonable and allowable. See 2 CFR §§ 200.331 and .332.

If your budget includes subawards, you must submit a separate Research and Related budget and budget justification for each. See Attachment 9: Subrecipient Budget(s).

If a subrecipient claims indirect costs, include its federally negotiated indirect cost rate agreement in Attachment 10: Federally negotiated indirect cost rate agreement. You do not have to include an agreement for any subrecipient that requests the 10% de minimis rate.

See F2, Administrative and National Policy Requirements for additional information on monitoring subrecipients’ performance.

6. Equipment or Facility Rental/User Fees
Enter the total funds you are requesting for rental fees for equipment and facilities (sometimes referred to as user fees).

If you will use your own equipment and facilities, you may charge depreciation in compliance with 2 CFR § 200.436. Alternatively, if you will use equipment you purchased with federal funds under another award, you may charge user fees consistent with 2 CFR § 200.313(c)(2). You may not charge both depreciation and user fees.

If you will host a conference, you may rent facilities per 2 CFR § 200.432. If you are renting facilities under a “less-than-arm’s-length” lease, you must comply with 2 CFR § 200.465(c).
Federally funded meetings and conferences must take place in properties that comply with the Hotel and Motel Fire Safety Act of 1990 (Pub. L. 101-391). Consult the U.S. Fire Administration’s National Master List for fire code compliant hotels.

7. Alterations and Renovations
Leave this line blank. Per 2 CFR § 200.462, costs you incur for ordinary and normal rearrangement and alteration of facilities are allowable as indirect costs.

8-10. Other
List items you have not included in other previous categories or in the indirect cost pool. “Other” project-specific costs may include fees for promotion, acquisition, rights, evaluation and assessment, and accessibility accommodations (e.g., audio description, sign-language interpretation, closed or open captioning, large-print brochures/labeling). “Miscellaneous” and “contingency” are not acceptable budget categories.

Per 2 CFR § 200.432, allowable conference costs include speakers’ fees, costs of meals and refreshments, and other incidental items. You must exercise discretion and judgment to ensure that costs are appropriate, necessary, and managed in a manner that minimizes costs to the award.

Food and/or meals are only allowable when vendors are unavailable during the scheduled program. You may not use federal funds for meals/food/refreshments at receptions or “networking” events. If participants will receive complimentary meals or refreshments during meetings, conferences, training, or other events while on NEH-supported travel, you must reduce the per diem you charge to award accordingly. Per 2 CFR § 200.423, you may not use federal funds for alcoholic beverages.

G. Total Direct Costs
The form will calculate total direct costs.

H. Indirect Costs
Indirect costs are costs that your institution incurs for common or joint objectives and that you cannot readily identify with a specific project or activity. Indirect costs include such expenses as the depreciation on buildings, equipment, and capital improvements; operations and maintenance expenses; accounting and legal services; and salaries of executive officers.

You do not have to claim indirect costs, but if you do, calculate the amount you may request by multiplying the applicable indirect cost rate by the distribution base, which is typically the project’s modified total direct costs (MTDC).

Per 2 CFR § 200.1, MTDC are all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward (regardless of the period of performance of the subaward). MTDC exclude equipment, capital expenditures, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of $25,000.

Review your institution’s negotiated indirect cost rate(s) to ensure you are using the most appropriate rate for your project. Many institutions of higher education negotiate multiple rates, such as “research,” “instruction,” and “other sponsored activities.” An institution’s “research”
rate is not the appropriate rate for inclusion in NEH project budgets, except in rare cases, since it is reserved for projects involving scientific research, not scholarly inquiry of the type most often supported by NEH.

Except as provided in 2 CFR § 200.414(c)(1), NEH must use the negotiated rate(s) that are in effect at the time it issues your award and will not adjust the rate(s) throughout the life of your award. NEH will not adjust your award amount as a result of changes to your negotiated rates.

If an educational institution does not have a negotiated rate with the federal government when NEH issues an award (because the educational institution is a new recipient or the parties cannot reach agreement on a rate), but has a provisional rate, NEH must use the provisional rate until a final cost is negotiated and approved by the cognizant agency, except as provided in 2 CFR § 200.414. If the recipient fails to negotiate an indirect cost rate applicable to the period of performance within the period of performance, NEH may disallow indirect costs.

If your organization does not have a federally negotiated indirect cost rate, you may:

- submit an indirect cost proposal to your cognizant federal agency to negotiate a rate within three months of your award’s period of performance start date; or
- charge a de minimis rate of 10% applicable to MTDC (see 2 CFR § 200.414(f))

If you choose one of these options, indicate this under Indirect Cost Type. If you do not choose either of the above options, you may only charge costs that are allocable, allowable, and reasonable to the award.

Include a copy of your federally negotiated indirect cost rate agreement, along with subrecipient agreements, as Attachment 10: Federally negotiated indirect cost rate agreement, when applicable.

**Indirect Cost Type**

Enter the type of indirect cost rate (e.g., “other sponsored activities,” “all programs,” “instruction,” “10% de minimis,” etc.) and base (e.g., “MTDC,” “salaries,” “salaries & fringe,” etc.) and whether the activity and rate are on- or off-site. If your budget includes more than one indirect cost rate or base, list them as separate entries (for example, if your project includes activities that occur both on and off campus). If you do not have a current indirect rate agreement with your cognizant agency, but intend to negotiate one, write "None-will negotiate." If needed, provide additional detail in your budget justification.

**Indirect Cost Rate (%)**

Enter the most recent indirect cost rate(s) established with your cognizant federal agency (or the 10% de minimis rate) as a number without special characters (i.e., 32.5).

**Indirect Cost Base ($)**

Enter the base for each indirect cost type. Describe any exclusions in your budget justification. If applicable, refer to your federally negotiated indirect cost rate agreement to determine how to calculate the indirect cost base.

**Funds Requested ($)**

Enter the funds you are requesting for each indirect cost type.
**Total Indirect Costs**
The form will calculate total indirect costs.

**Cognizant Federal Agency**
Enter the name of your cognizant federal agency and a point of contact, if applicable.

**I. Total Direct and Indirect Costs**
The form will calculate total project costs.

**J. Fee**
Leave this field blank.

**K. Total Costs and Fee**
The form will calculate this field, which will be the same amount as I. Total Direct and Indirect Costs.

**L. Budget Justification**
You must provide a budget justification to support your project. Specifically describe how each item supports your proposed objectives, detail how you calculated costs, and provide supporting documentation. Organize your budget justification using the section headings on the Research and Related Budget.

If you are providing voluntary cost share, you may describe it in the budget justification to contextualize the project as a whole. Do not include voluntary cost share on the Research and Related Budget form.

**A. Senior/Key Person**
Detail the salary and wages you will pay to each Senior/Key Person. Provide their names and briefly describe their roles in and suitability to the project. Identify the fringe benefit rate and explain the base for each person. If your organization follows an academic calendar, explain any differences in compensation between academic and summer months.

**B. Other Personnel**
List names (if known), roles, months, and requested salary and fringe benefits for other personnel, including post-doctoral associates, graduate students, undergraduate students, and secretarial/clerical personnel.

If your budget includes secretarial/clerical personnel, describe how they meet the four conditions for inclusion as a direct cost.

**C. Equipment Description**
Detail the number and unit cost for each item and explain how you determined these figures. Provide vendor quotes or price lists, if applicable.

**D. Travel**
For each trip, provide the name of the traveler (if known), explain the purpose of the trip, and specify the points of origin and destination. Break out the costs of transportation, lodging, per diem, and any other associated expenses. Explain how you determined these figures. You must
justify each trip separately, with the exception of recurring local trips, which you may group together.

For local travel, include the mileage rate, number of miles, reason for travel, and staff members completing the travel. For long-distance travel, calculate per diem amounts for meals and lodging consistent with written institutional policy. You must use the lowest available commercial fares for coach or equivalent accommodations. **If you make nonrefundable travel arrangements, it is at your own risk. You cannot charge cancelled travel to your award.**

E. Participant/Trainee Support Costs
Describe how you calculated participant stipends, travel, subsistence, and other costs. If possible, detail participant travel costs using the instructions above.

F. Other Direct Costs
1. Materials and Supplies
   Indicate general categories (e.g., personal computers, digital cameras, archival supplies). Provide a total for each category. Itemize categories totaling $1,000 or more and provide vendor quotes or price lists, if applicable.

2. Publication Costs
   Indicate print runs and justify costs, including vendor quotes, if applicable.

3. Consultant Services
   Identify each consultant, describe the services they will perform, specify the number of days of service and provide the hourly or daily rate. Break down travel costs into transportation, hotel, and per diem and provide total costs. If applicable, include consultants’ proposals.

4. Automated Data Processing (ADP)/Computer Services
   Itemize the cost for each service and include established service rates, if applicable.

5. Subawards/Consortium/Contractual Costs
   List the costs of project activities to be undertaken by third parties. Identify each third party by name, describe its role in the project, the activities it will carry out, and the associated costs. For each entry, designate the third party as either a subrecipient (who receives a subaward) or a contractor (who receives a contract).

   For each contractor, itemize costs using the same categories as the Research and Related Budget and provide relevant supporting documents.

   You will submit a Research and Related budget and budget justification for each subrecipient, which you will include in **Attachment 9: Subrecipient budget(s)**.

6. Equipment or Facility Rental/User Fees
   Identify and justify each rental fee. Provide relevant supporting documentation.

7. Alterations and Renovations
   Do not include any costs for alterations and renovations in your budget. Per **2 CFR § 200.462**, costs you incur for ordinary and normal rearrangement and alteration of facilities are allowable as indirect costs.
8. Other Costs
Itemize, describe, and justify any other direct costs. Include supporting documentation. “Miscellaneous” and “contingency” are not acceptable budget categories.

H. Indirect Costs
If you include indirect costs in your project budget, identify the rate(s), explain the base(s), and describe any exclusions.

Application Components

SF-424 Application for Federal Assistance – Short Organizational
This form requests basic information about your institution, the proposed project, and key contacts. Items 1, 2, and 4 will be automatically filled in; leave item 3 blank.

5. Applicant Information
a-d. Provide your organization’s legal name, address, and web address. Select the applicant type that best describes your organization from the drop-down menu.

e-f. Provide your organization’s employer/taxpayer identification number (EIN/TIN), and Unique Entity Identifier assigned by the System for Award Management. If you do not know your identifier, contact your grant administrator or chief financial officer. See D3. Unique Entity Identifier and System for Award Management.

g. Provide your congressional district with your two-character state abbreviation followed by your three-character district number. For example, if your institution is located in the 5th congressional district of Alabama, enter “AL-005.” If your institution is in a state or U.S. jurisdiction that does not have districts, enter “000” in place of the district number. If your institution is outside the U.S., enter “00-000.”

6. Project Information
a. Provide your project’s title. It should be brief (no more than 125 characters, including spaces), descriptive of the project, and easily understood by the general public. If NEH funds your project, the agency may retitle your project for clarity in internal and external communications, including the public announcement of awards. Regardless, you may use your preferred title when carrying out the project.

b. Provide a brief description of your project (no more than one thousand characters, including spaces). You should write the description for a nonspecialist audience, clearly stating the importance of the proposed work and its relation to larger issues in the humanities.

c. State your project’s period of performance start and end dates. Your project must start on the first day of a month and end on the last day of a month. See B2. Summary of Funding for allowable periods of performance.

7. Project Director
Provide the project director’s name, title, and contact information. The project director is responsible for the programmatic aspects and day-to-day management of the proposed project. You must notify the NEH Office of Grant Management immediately if you need to change project directors.
If the project director is not employed by the applicant organization, you must have a formal written agreement with the project director that specifies an official relationship between the parties even if the relationship does not involve a salary or other form of remuneration.

8. Primary Contact/Grant Administrator
Provide the name, title, and contact information for the official responsible for the administration of the award (e.g., negotiating the budget and ensuring compliance with the terms and conditions of the award).

As a matter of NEH policy, the project director and primary contact/grant administrator must not be the same person.

The grant administrator (also called the “institutional grant administrator”) functions as the representative of the recipient organization. This individual should have authority to act on the organization’s behalf in matters related to the administration of the award. The institutional grant administrator must sign or countersign financial reports and prior approval requests such as budget revisions, extensions to the period of performance, and changes in key personnel.

NEH will address official correspondence (for example, the offer letter or Notice of Action) to the institutional grant administrator and copy the project director.

9. Authorized Representative
Provide the name, title, and contact information for the authorized organization representative (AOR) who is submitting the application on behalf of the institution. This person, often called an “authorizing official,” is typically the institution’s president, vice president, executive director, board chair, provost, or chancellor. The institution’s Grants.gov E-Business Point of Contact must designate the AOR. See the Grants.gov Online User Guide.

Supplementary Cover Sheet for NEH Grant Programs

1. Project Director
Select the project director’s major field of study from the drop-down menu.

2. Institutional Information
Select your institution type from the drop-down menu.

3. Project Funding
Enter the amount requested under “Outright Funds.” Do not enter anything under “Federal Match” or “Cost Sharing.”

Learn more about the types of funding NEH offers.

4. Application Information
Indicate whether you or others will submit complementary proposals to other NEH programs, government agencies, or private entities. If so, specify when and to whom. NEH will not consider this information when evaluating the merits of your proposal. See C3. Other Eligibility Information for restrictions regarding overlapping costs.

For type of application, check “new.”
Select the project’s primary discipline from the drop-down menu. If applicable, select the project’s secondary and tertiary disciplines.

**Project/Performance Site Location(s) Form**
Provide the primary location and any other locations where you will conduct project activities during the period of performance.

Enter congressional districts using the two-letter state abbreviation followed by your three-character district number. For example, if your institution is located in the 5th congressional district of Alabama, enter “AL-005.” If your institution is in a state or U.S. jurisdiction that does not have districts, enter “000” in place of the district number. If your institution is outside the U.S., enter “00-000.”

The form has space for 300 sites. If your project includes additional locations, list them in a separate document. Save the document as a PDF named additionallocations.pdf and attach it under “Additional Locations.”

**Institutional Profile Form**
Select the appropriate response to each of the six questions on the form regarding your budget, staffing, and operations. If you are an institutional unit within a larger organization (i.e., university museum or library), please answer the questions based on your individual unit, not the larger organization.

**Attachments Form**
This form accommodates up to fifteen attachments. **Attachments must be in Portable Document Format (.pdf).** Convert all non-PDF files (e.g., Word, Excel, images) to PDFs. If an attachment contains multiple documents, merge them into a single file. Be aware that, occasionally, converting a document to PDF may alter its length. You must ensure that each attachment is within the page limit, if applicable.

Do not attach portfolios containing multiple PDFs.

NEH cannot accept security-enhanced PDFs (e.g., XFA files, PDFs that include password-protection, encryption, digital signatures). Remove these features (or “flatten” these files) before uploading to Grants.gov.

Consult the Application Components Table to name and sequence your attachments so that NEH can easily identify them. Grants.gov may reject your application if file names are more than 50 characters; if you use the same name for multiple files; or if file names include characters other than the following: A-Z, a-z, 0-9, underscore, hyphen, space, period, parentheses, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semicolon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign.

Grants.gov may accept and validate your application even if you are missing required components or have formatted them incorrectly. You must ensure that you have formatted, attached, and submitted all required components correctly. If you have not, NEH may reject your application as incomplete or nonresponsive.

Learn about Adobe software compatibility with Grants.gov and ensure that you can use your version of Adobe Acrobat Reader to download, complete, and submit your application.
Attachment 1: Narrative (required)
Refer to the prior instructions on preparing your narrative. Your narrative must not exceed five single-spaced pages (six single-spaced pages if the request is for disaster-related activities).

Name the file narrative.pdf.

Attachment 2: Work plan (required)
Outline the steps of the project, the sequence in which they will occur, the amount of time they will take, and indicate who is responsible for which activities. You may format this as you see fit, though a table or chart is used most often.

Name the file workplan.pdf.

Attachment 3: Résumés (required)
Include brief résumés for the project director and other key staff.

Résumés have a suggested page limit of two pages per person. Name the file resumes.pdf.

Attachment 4: Letters of commitment from consultants (required for projects that involve hiring a consultant)
If your project involves hiring a consultant, attach a two-page résumé for and letter of commitment from the consultant(s). The letter of commitment should describe the proposed activity or activities; a detailed plan of work and budget; and, if relevant, a preliminary list of supplies that the consultant recommends. It should indicate the services the consultant would provide, such as training, an assessment, or a planning report. If the consultant is working with an advanced student or recent graduate, the letter should identify the academic program from which the student or graduate would be selected and discuss the practical experience that the student or graduate would gain from the project.

Name the file consultants.pdf.

Attachment 5: Previous conservation assessment or executive summary for purchase of furniture & supplies (recommended for projects based on a previous preservation assessment)
If your project includes the purchase of rehousing or environmental monitoring supplies, attach a copy of the executive summary and relevant sections of the previous preservation assessment on which it is based.

Name the file assessment.pdf.

Attachment 6: Workshop descriptions for training projects (recommended for projects with a training workshop)
If your project includes preservation training, attach workshop descriptions, announcements, or programs.

Name the file workshop.pdf.
Attachment 7: Supporting materials for disaster-related activities (recommended for projects that involve disaster related activities)
If your project includes disaster-related activities, see the bulleted list in the narrative instructions for the necessary supporting documentation. Depending on the proposed activities, this could include images, treatment proposals, and quotes for storage.

Name the file disaster.pdf.

Attachment 8: Other supporting documentation (recommended)
You may include information not relevant in the previous categories that helps to illustrate your purposes and preparedness for the proposed project (e.g., quotes for supplies and equipment, images, details on collections that are the focus of a project, planning documents, or other information that supports points made in the narrative.)

This attachment must not exceed ten pages. Name this file other.pdf.

Attachment 9: Subrecipient budget(s) (conditionally required)
If your project includes subawards, you must provide a separate Research and Related Budget and budget justification for each subrecipient.

Download a fillable PDF of the Research and Related Budget form from the NEH website for each subrecipient. You must open and complete this form in Adobe Reader 8.0 or higher rather than in your web browser.

Prepare a budget and budget justification for each subrecipient using the same instructions in this notice, with a few exceptions:

- Enter the subrecipient’s Unique Entity Identifier, organization name, and period of performance start and end date (these fields will not prepopulate).
- For “budget type,” check “Subaward/Consortium.”

If your subrecipients have a federally negotiated indirect cost rate, you must honor it. If they do not have a federally negotiated indirect cost rate, they may negotiate a rate with you consistent with 2 CFR § 200.414.

Rather than attaching related documents (budget justification, additional personnel, additional equipment) to the form itself, you will separately convert each document into a PDF and combine all subrecipients’ budget forms and related documents into a single document. Do not attach portfolios containing multiple PDFs. Name the file subrecipient.pdf.

NEH cannot accept security-enhanced PDFs (e.g., XFA files, PDFs that include password-protection, encryption, digital signatures). Remove these features (“flatten” these files) before merging them into a single PDF and uploading it to the Attachments Form.

Name the file subrecipient.pdf.

Attachment 10: Federally negotiated indirect cost rate agreement (conditionally required)
If your organization is claiming indirect costs and has a current federally negotiated indirect cost rate agreement, provide a copy of the agreement. If applicable, provide the indirect cost rate
agreements for subrecipients claiming indirect costs. If you and your subrecipients are requesting the de minimis rate, you do not need to submit this attachment.

Name the file agreement.pdf.

**Attachment 11: Explanation of delinquent federal debt (conditionally required)**

If your organization is delinquent in the repayment of any federal debt, explain why. Provide evidence that you have entered into a repayment agreement with the Internal Revenue Service, if applicable, and that you are current on all payments due. Examples of relevant debt include delinquent payroll or other taxes, audit disallowances, and benefit overpayments. See [OMB Circular A-129](https://www.whitehouse.gov/omb/circulars/a129/).

Name the file delinquentdebt.pdf.

### 3. Unique Entity Identifier and System for Award Management

Before submitting its application, your organization must register with the [System for Award Management (SAM)](https://sam.gov) and [Grants.gov](https://grants.gov). Learn more about this multistep process.

NEH encourages organizations with SAM registrations to check the validation of their UEI well in advance of the deadline to ensure that they are accurate, current, and active. Due to the recent transition from D-U-N-S® numbers to Unique Entity Identifiers in April 2022, the Federal Service Desk is currently experiencing long delays with UEIs requiring validation. If your SAM registration is not active and current at the time of Grants.gov submission, NEH will reject your application.

You should allow several weeks to register with SAM and Grants.gov. NEH will not waive the online submission requirement or extend the application deadline to allow additional time for you to complete registration with SAM or Grants.gov.

**Login.gov**

If you have not already done so, you must create a [Login.gov](https://login.gov) user account to register and log in to SAM and Grants.gov. Login.gov is a secure sign in service used by the public to sign in to participating government agencies. [Create and link your account now.](https://login.gov)

**System for Award Management (SAM)**

Your organization must register with the [System for Award Management (SAM)](https://sam.gov) and maintain an active SAM registration with current information at all times during which you have an active federal award or an application under consideration by a federal agency. See [2 CFR § 25.110](https://www.cfr.gov) for exceptions. SAM will assign your organization a [Unique Entity Identifier](https://sam.gov).

When registering or renewing in SAM, the system will prompt you to review and agree to certain financial assistance certifications and representations, as required by [2 CFR § 200.209](https://www.cfr.gov).

If your SAM registration is not active and current at the time an award is made, NEH may determine that you are not qualified to receive an award and use that determination as a basis for making an award to another applicant.
Check the status of your SAM.gov registration.

**Grants.gov**
Your organization must register with [Grants.gov](https://www.grants.gov) using your Login.gov credentials before submitting an application. You must submit your application using Grants.gov Workspace or a Grants.gov system-to-system solution. Workspace is a shared, online environment where team members may simultaneously access and edit forms within a grant application.

After you register and create an [Organizational Applicant Profile](https://www.grants.gov), Grants.gov will email your E-Business Point of Contact to assign the appropriate roles to individuals within your organization. This includes the authorized organization representative (AOR), who will give you permission to complete and submit applications on behalf of your organization.

If you have previously registered with Grants.gov, confirm that your registration is still active and that your authorized organization representative (AOR) is current.

Consult the [Grants.gov Online User Guide](https://www.grants.gov) if you have questions. Grants.gov maintains a library of instructional videos which may be helpful as you prepare your application.

**4. Submission Dates and Times**
The deadline for applications under this notice is January 12, 2023, at 11:59 p.m. Eastern Time.

Applications must be complete, comply with length and formatting requirements, and be validated by Grants.gov under the correct funding opportunity prior to the deadline to be considered under this notice.

It is your responsibility to confirm that Grants.gov and subsequently NEH have received your application. [Check your Grants.gov application status](https://www.grants.gov).

When NEH receives your application, the agency will assign it a tracking number beginning with PG-. A tracking number does not guarantee that your application is free of technical problems (such as missing attachments or failure to convert attachments to PDFs). If your files are not correctly formatted, eGMS, NEH’s electronic grants management system, will reject your application and notify you by email. eGMS cannot detect other errors such as missing components or excess pages.

NEH recommends you submit your application 48 hours prior to the deadline so that you have time to correct any technical errors eGMS has notified you of or that you have discovered. It is your responsibility to correct any errors prior to the deadline.

NEH will not comment on the status of your application except regarding matters of eligibility, completeness, and responsiveness.

**5. Intergovernmental Review**
This funding opportunity is not subject to intergovernmental review under [Executive Order 12372](https://www.whitehouse.gov).
6. Funding Restrictions

Awards made under this notice may not be used for the following purposes:

- projects focused on collections or materials that are the responsibility of an agency of the federal government
- appraisals of collections to determine their financial value
- courses leading to a degree, including graduate-level conservation training or training related to advanced conservation treatment
- attendance at regular meetings of museum, library, archives, or preservation organizations
- projects focused on preserving or restoring buildings or other structures
- capital improvements to buildings and building systems, including the purchase or installation of equipment such as air conditioning systems, lighting systems, and security and fire protection systems (applicants interested in such projects should consult Sustaining Cultural Heritage Collections)
- the purchase of furniture and display cases intended solely for rotating and temporary displays of collection items
- development or purchase of software, including but not limited to content and digital asset management systems, except for software related to monitoring the preservation environment
- planning for the reformatting or digitization of collections (applicants interested in such projects should consult Humanities Collections and Reference Resources Foundations level)
- cataloging, indexing, arranging, and describing collections
- consultations focused solely on preparing exhibits or other interpretive products
- costs for activities performed by federal entities or personnel
- promotion of a particular political, religious, or ideological point of view
- advocacy of a particular program of social or political action
- support of specific public policies or legislation
- lobbying
- projects that fall outside of the humanities; the creation or performance of art; creative writing, autobiographies, memoirs, and creative nonfiction; policy studies; and social science research that does not address humanistic questions and/or utilize humanistic methods

The following activities are unallowable, unless your institution is located in federally declared disaster areas:

- reformatting of collections (e.g., digitizing, photocopying, microfilming, or copying to another medium) or the purchase of equipment for reformatting (e.g., computers, scanners, digital cameras, cassette decks, and CD-ROM drives)
- conservation or restoration treatments, or the purchase of conservation or restoration treatment equipment and supplies (e.g., mending tape, erasers, and cleaning supplies)

See 2 CFR 200 Subpart E - Cost Principles for other unallowable costs.
E. Application Review Information

1. Review Criteria
Peer reviewers will use the following criteria to review applications under this notice:

1. The significance of the collections and their use in education, research, or public programming in the humanities (corresponds to narrative sections B, C, and D)
   - The humanities significance of the content and use of collections that are the focus of the project.
   - The extent to which the applicant demonstrates a sufficient commitment to making its collections accessible for education, research, or public programming in the humanities, as evidenced by the number of days on which the institution is open to the public, the institutional capacity to support access and use, and the availability of staff for this purpose.

2. The strength of the proposed activities, the adequacy of the plan of work, and the justification of their importance to the institution (corresponds to narrative sections A, D, E, F, and H)
   - The extent to which the project contributes to the institution’s capacity to preserve its collections and make them accessible.
   - The feasibility and strength of the work plan and budget.
   - If applicable, the extent to which the proposed supplies and equipment meet preservation standards.
   - If applicable, the appropriateness of the workshop topics in relation to the applicant’s needs.

3. The appropriateness of the experience and the qualifications of consultants and staff (corresponds to narrative section G)
   - The extent to which the roles of the consultants and staff are well explained.
   - The extent to which the experience and qualifications of the consultants and staff are appropriate to the project’s goals and implementation.

2. Review and Selection Process
NEH staff review all applications for eligibility, completeness, and responsiveness. The agency then conducts a peer review process for all applications that pass this initial screening.

Peer reviewers are experts in their fields with knowledge and expertise relevant to the activities that the program supports. NEH instructs peer reviewers to evaluate applications according to the review criteria in this notice. Peer reviewers must comply with federal ethics rules governing conflicts of interest.

NEH program officers supplement the peer reviewers’ comments to address matters of fact or significant points that the peer reviewers have overlooked. They then make funding recommendations to the National Council on the Humanities. The National Council meets at
least twice each year to review applications and advise the NEH Chair. By law, the Chair has the sole authority to make final funding decisions.

Following NEH’s public announcement of funded projects, you may request copies of the peer reviewers’ evaluations of your proposal by contacting preservation@neh.gov.

Learn more about the NEH review process.

3. Assessment of Risk and Other Pre-Award Activities
Following the Chair’s initial selection of applications for support, the NEH Office of Grant Management (OGM) conducts a risk assessment for selected applications. OGM will consider the applicant’s past performance, if applicable; analyze the project budget; assess the applicant’s management systems; confirm the applicant’s continued eligibility; and evaluate compliance with public policy requirements.

OGM may request that you submit additional programmatic or administrative information (such as an updated budget or supporting documentation) or undertake certain activities (such as negotiating an indirect cost rate) in anticipation of an award. Such requests do not guarantee that NEH will make an award.

After completing its risk assessment, NEH will determine whether making an award would be consistent with the agency’s risk management policy, whether it must impose any special terms and conditions, and what funding level is appropriate. NEH may elect not to make awards to applicants with management or financial instability that affects their ability to comply with the terms and conditions of the award (2 CFR § 200.206).

NEH’s award decisions are discretionary and are not appealable to any federal official or board.

4. Anticipated Announcement and Award Dates
NEH will notify you of funding decisions by email in August 2023. This is not an authorization to begin performance or incur related costs.

F. Federal Award Administration Information

1. Federal Award Notices
If your application is selected for an award, the NEH Office of Grant Management will send award documents to the institutional grant administrator and project director through eGMS Reach beginning in August 2023.

2. Administrative and National Policy Requirements
Each award is subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, the General Terms and Conditions for Awards to Organizations (for grants and cooperative agreements issued January 1, 2022 or later), and any specific terms and conditions that NEH places on the award in the Notice of Action.
Debarment, suspension, ineligibility, and voluntary exclusion certification
By submitting an application, you certify that neither your institution nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.

You must comply with 2 CFR §§ 180.335 and .350 with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

If you cannot attest to the statements in this certification, explain why not in Attachment 11: Explanation of delinquent federal debt.

Providing access to NEH-funded products
As a taxpayer-supported federal agency, NEH strives to make the products of its awards available to the broadest possible audience. NEH’s goal is for scholars, educators, students, and the American public to have ready and easy access to the wide range of award products. All other considerations being equal, NEH gives preference to projects that provide free access to the public.

You must comply with Section 504 of the Rehabilitation Act of 1973, which prohibits discrimination on the basis of disability in any program or activity receiving federal financial assistance. Consult Design for Accessibility: A Cultural Administrator’s Handbook.

Copyright information
Subject to applicable law, you may copyright work that you develop or acquire under an award. In accordance with 2 CFR § 200.315(b), NEH reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so. NEH has typically exercised this right in consultation with recipients to publish excerpts of grant products in Humanities magazine or on its website.

Acknowledging NEH support
Materials publicizing or products resulting from NEH-funded activities must contain an acknowledgment of NEH support. Consult Acknowledgment and Publicity Requirements for NEH Awards and Publicizing Your Project for guidance.

Subrecipient Monitoring Requirements
Per 2 CFR § 25.300, you may only issue subawards with federal funds to organizations that have obtained and provided their Unique Entity Identifier. Subrecipients are not required to complete registration with the System for Award Management (SAM) to obtain a Unique Entity Identifier. See D3. Unique Entity Identifier and System for Award Management.

You must monitor your subrecipients to ensure that they use their subawards for authorized purposes; comply with federal statutes, legislative requirements, regulations, and the terms and conditions of the subaward; and achieve their performance goals. You must ensure that your subrecipients track, appropriately use, and report program income generated by the subaward. See 2 CFR § 200.332 for information that must be included in subaward agreements.
Program income
If your NEH-supported activities generate income during the period of performance, you must use it for additional approved project-related activities. See 2 CFR § 200.307 for income that you generate after the period of performance.

Eliminate waste, fraud, and abuse
Help NEH eliminate fraud and improve management by reporting allegations or suspicions of waste, fraud, abuse, mismanagement, research misconduct (fabrication, falsification, plagiarism), or unnecessary government expenditures to the NEH Office of the Inspector General.

Termination
NEH reserves the right to terminate awards consistent with 2 CFR § 200.340.

3. Reporting
If you receive an award, you must complete required reports in eGMS Reach, the NEH online grant management system, unless otherwise instructed. NEH will provide further information in the Notice of Action.

3. Final Reports. You must submit a final Federal Financial Report (SF-425) and a final performance report within 120 calendar days after the period of performance ends. The final performance report collects information relevant to program specific goals and progress on strategies; impact of the overall project; the degree to which you achieved the mission, goals, and strategies outlined in the approved application; your objectives and accomplishments; barriers encountered; and your overall experiences during the period of performance.

Learn more about performance reporting requirements and financial reporting requirements.

G. Agency Contacts
If you have questions about the program, contact:

Division of Preservation and Access
National Endowment for the Humanities
400 Seventh Street, SW
Washington, DC 20506
202-606-8570
preservation@neh.gov

If you have questions about administrative requirements or allowable costs, contact:
Office of Grant Management  
National Endowment for the Humanities  
400 Seventh Street, SW  
Washington, DC 20506  
202-606-8494  
grantmanagement@neh.gov

If you are deaf or hard of hearing, you can contact NEH using Federal Relay at 7-1-1.

If you have questions about registering or renewing your registration with login.gov or SAM.gov, contact the Federal Service Desk, Monday – Friday, 8:00 a.m. to 8:00 p.m. Eastern Time, at:

Federal Service Desk  
U.S. calls: 866-606-8220  
International calls: +1 334-206-7828

For assistance in registering with or submitting your application through Grants.gov, contact Grants.gov Applicant Support, at:

Grants.gov Applicant Support  
Telephone: 1-800-518-4726  
International Calls: +1-606-545-5035  
support@grants.gov

Always obtain a case number when calling for support.

**H. Other Information**

**Applicant resources**

It is important to match the skills and experience of the consultant to the nature of the collections and the project’s activities. The links below may provide information that assists in your search for an appropriate consultant.

- The American Institute for Conservation (AIC), the national membership organization of conservation professionals, offers a free guide to conservation services on its website. Visit AIC’s website at [www.culturalheritage.org](http://www.culturalheritage.org).
- AIC also offers a Wiki and a website with conservation resources entitled CoOL (Conservation Online). The Foundation for Advancement in Conservation offers free preservation webinars through [Connecting to Collections Care](https://www.connectingtocollisionscare.org).
- The North Carolina Preservation Consortium offers a list, with links, of state, regional, national, and international preservation organizations at [https://ncpreservation.org/resources/preservation-organizations/](https://ncpreservation.org/resources/preservation-organizations/).
- The Association for Library Collections & Technical Services (ALCTS), which is a division of the American Library Association, offers learning resources for managing and preserving library collections at [http://www.ala.org/alcts/about](http://www.ala.org/alcts/about).
• The Academy of Certified Archivists promotes fundamental standards of professional archival practice and maintains an archival consultant referral service. Visit the academy’s website at www.certifiedarchivists.org.

Institutions affected by natural disasters may wish to consult the following online resources that provide free information on the topic, though this is not an exhaustive list nor does NEH specifically endorse these resources.

• Heritage Emergency National Task Force: https://www.fema.gov/media-collection/heritage-emergency-national-task-force
• Alliance for Response: https://www.culturalheritage.org/resources/emergencies/alliance-for-response
• AIC/FAIC Disaster Response and Recovery Guides: https://www.culturalheritage.org/resources/emergencies/disaster-response-recovery
• Conservation Center for Art & Historic Artifacts Emergency Planning & Response: https://ccaha.org/emergency-planning-response
• Northeast Document Conservation Center Disaster Assistance: https://www.nedcc.org/free-resources/disaster-assistance/emergency-phone-assistance

Privacy policy
NEH solicits the information in this Notice of Funding Opportunity under the authority of the National Foundation on the Arts and Humanities Act of 1965, as amended, 20 U.S.C. 951, et seq. Disclosure of the information is voluntary. The principal purpose for which NEH will use the information is to process the application, which may include determining eligibility, evaluating the application, selecting recipients, and administering the award program. Panelists and other third parties may assist in the evaluation of applications, in which case NEH will take appropriate security measures with respect to the information provided to such individuals for review. NEH may also use or disclose the information it collects as required by law and for governmental purposes such as statistical research, analysis of trends, Congressional oversight, and the other routine uses set forth in the systems of records notice (“SORN”) published by NEH in the Federal Register. NEH ordinarily will not publicly disclose the contents of applications that NEH does not select for funding, except as set forth in the SORN. Failure to provide the information solicited in this Notice may result in rejection of the application.

Application completion time
The Office of Management and Budget requires federal agencies to supply information on the time needed to complete forms and also to invite comments on the paperwork burden. NEH estimates that on average it takes sixty hours to complete an application. This estimate includes time for reviewing instructions; researching, gathering, and maintaining the information needed; and completing and reviewing the application. Time needed may vary from program to program.

You may send any comments regarding the estimated completion time or any other aspect of this application, including suggestions for reducing the completion time, to the Chief Funding Opportunity Officer at grantmanagement@neh.gov. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB number. The OMB Control Number for this Notice of Funding Opportunity is 3136-0134, expiration date October 31, 2024.
