NOTICE OF FUNDING OPPORTUNITY

Funding Opportunity Title: Preservation and Access Education and Training

Funding Opportunity Number: 20200611-PE

Funding Opportunity Type: New

Federal Assistance Listing Number: 45.149

Application Due Date: June 11, 2020

Ensure your SAM.gov and Grants.gov registrations and passwords are current. NEH will not grant deadline extensions for lack of registration. Registration in all systems, including SAM.gov and Grants.gov, may take up to 1 month to complete.

Division of Preservation and Access
Telephone: 202-606-8570
Email: preservation@neh.gov
TTY: 800-877-8399

OMB Control Number 3136-0134, expiration date June 30, 2021
Executive Summary
The National Endowment for the Humanities (NEH) Division of Preservation and Access is accepting applications for the Preservation and Access Education and Training program. The purpose of this program is to support the development of knowledge and skills among professionals responsible for preserving and establishing access to humanities collections. Awards are made to organizations that offer national, regional, or statewide education and training programs that provide the staff of cultural institutions with the knowledge and skills needed to serve as effective stewards of humanities collections.

A. Program Description

1. Purpose
This notice solicits applications for National Endowment for the Humanities (NEH) Preservation and Access Education and Training program.

The Preservation and Access Education and Training program supports the development of knowledge and skills among professionals responsible for preserving and establishing access to humanities collections. Thousands of libraries, archives, museums, and historical organizations across the country maintain important collections of books and manuscripts, photographs, sound recordings and moving images, archaeological and ethnographic artifacts, art and material culture collections, electronic records, and digital objects. The challenge of preserving and making accessible such large and diverse holdings is enormous, and the need for knowledgeable staff is significant and ongoing.

Preservation and Access Education and Training awards are made to organizations that offer national, regional, or statewide education and training programs across the pedagogical landscape and at all stages of development, from early curriculum development to advanced implementation. Awards help the staff of cultural institutions, large and small, obtain the knowledge and skills needed to serve as effective stewards of humanities collections. Awards support projects that prepare the next generation of preservation professionals, as well as projects that introduce heritage practitioners to new information and advances in preservation and access practices.

The Preservation and Access Education and Training program supports activities such as:

- training offered by preservation field services, networks, and consortia, especially programs and activities targeting the needs of preservation and access practitioners at smaller libraries, museums, archives, and other cultural organizations;
- in-person and online continuing education opportunities that provide specialized or extended training in current preservation or access topics for staff responsible for the care of humanities collection; opportunities may be in the format of workshops, webinars, technical training, instructional series, postgraduate fellowships, apprenticeships, mentorships, and residencies;
- preservation and access-related educational initiatives that might include partnerships between academic and non-academic institutions; student financial support beyond tuition; curriculum development; speaker series, and travel, as well as fellowships or internships toward a master’s degree, such as library science, museum studies, and archival administration; and
- educational initiatives for programs that grant graduate degrees in art conservation; student financial support beyond tuition, curriculum development, speaker series, and travel, as well as fellowships or internships toward a master’s degree in art conservation.

Education and Training projects may address any topic—fundamental or advanced—associated with the work of preserving and providing access to humanities collections. Projects should identify needs within a localized network of institutions at a state or regional level, or more broadly at a national level. Project topics may include, but are not limited to, current areas of special interest such as:

- emergency preparedness, response, mitigation, and recovery;
• culturally appropriate practices for collections from under-represented communities, including but not limited to Native American, First Nations, and Indigenous communities, and other activities that support the educational needs of preservation and access practitioners in diverse institutional, geographic, educational, and demographic settings;
• preventive conservation and sustainable preservation strategies; and
• preservation techniques and access solutions for audiovisual, digital, and time-based media.

Applicants may apply for funds to provide a one-year postgraduate fellowship for emerging preservation professionals. These fellowships aim to bridge the gap between completion of graduate training and full-time employment by offering specialized training in preservation and access topics. Applicants may request funding for one fellowship each year of the period of performance. The maximum stipend for a one-year fellowship is $45,000; the award ceiling may not exceed $350,000.

Unallowable activities are described in section D6. Funding Restrictions.

2. Background
This program is authorized by 20 U.S.C. §956 et seq. Awards are subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the General Terms and Conditions for Awards to Organizations (for grants and cooperative agreements issued December 26, 2014 or later).

According to the 1965 National Foundation on the Arts and the Humanities Act, “The term ‘humanities’ includes, but is not limited to, the study of the following: language, both modern and classical; linguistics; literature; history; jurisprudence; philosophy; archaeology; comparative religion; ethics; the history, criticism and theory of the arts; those aspects of the social sciences which have humanistic content and employ humanistic methods; and the study and application of the humanities to the human environment with particular attention to reflecting our diverse heritage, traditions, and history and to the relevance of the humanities to the current conditions of national life.”

NEH Areas of Interest
NEH is especially interested in supporting projects that advance humanities-related work in the following areas.

“A More Perfect Union”: NEH Special Initiative Advancing Civic Education and Commemorating the Nation’s 250th Anniversary
As our nation approaches its 250th anniversary in 2026, NEH encourages projects that promote a deeper understanding of American history and culture and that advance civic education and knowledge of our core principles of government. The agency-wide “A More Perfect Union” initiative will help Americans better understand the world’s oldest constitutional democracy and how our founding ideals are met in a modern, pluralistic society.

NEH welcomes consideration of diverse topics in American history, from Native American culture to rural life to the rise of the industrial city, from the Civil War to the Cold War to the Civil Rights movement, etc. We also seek projects that examine foundational documents in U.S. history, as well as projects that examine historical objects, places, traditions, events, and individuals who collectively shaped our states and nation. Applications about the contributions of under-represented communities are highly encouraged.
Protecting our Cultural Heritage
In response to the destruction of cultural heritage materials worldwide, NEH encourages applications for projects that study, document, or create digital representations of lost or imperiled cultural heritage materials. Proposed projects should be based on scholarly work and follow standards and best practices. Projects must demonstrate the capacity to be sustained and must be widely accessible to the public. Learn more about Protecting our Cultural Heritage.

Special encouragement for applicants in federally declared disaster areas
Mindful of the importance of preserving cultural heritage threatened by natural disasters, and recognizing the importance of planning, mitigation, and long-term recovery efforts, we encourage applications from, and projects that support, cultural institutions in federally designated disaster areas. Project activities may include training sessions related to recovery efforts, development of regional mutual aid consortia, and workshops focused on emergency planning and response.

In addition, NEH especially encourages projects that include Native American organizations and communities as lead applicants and project partners.

Examples of previously funded projects may be found by using the NEH’s Funded Projects Query Form available online at https://securegrants.neh.gov/publicquery/main.aspx.

To learn more about the National Endowment for the Humanities, visit https://www.neh.gov/about.

B. Federal Award Information

1. Type of Application and Award
Type of applications sought: new.

NEH will provide funding in the form of grants.

2. Summary of Funding
Approximately $2,200,000 is expected to be available to fund six recipients. You may apply for a ceiling amount of up to $350,000.

Programs that grant graduate degrees in art conservation may apply for up to $250,000 in outright funds and up to $100,000 in federal matching funds for a period of performance of not less than three years and up to five years. Programs that grant graduate degrees in art conservation requesting the full $350,000 must submit a budget reflecting total project costs of at least $450,000 ($250,000 in outright, $100,000 in federal matching funds, and $100,000 in required cost share for the federal matching funds).

All other applicants may apply for up to $350,000 in outright funds, or a combination of outright and matching funds, not to exceed $350,000 for a period of performance of up to three years.

NEH will not determine the amount available until Congress has enacted the final FY 2021 budget. This program notice is subject to the appropriation of funds, and is a contingency action taken to ensure that, should funds become available for this purpose, applications can be processed and funds awarded in a timely manner.
All applicants may apply for funds to provide a one-year postgraduate fellowship for emerging preservation professionals. These fellowships aim to bridge the gap between completion of graduate training and full-time employment by offering specialized training in preservation and access topics. Applicants may request funding for one fellowship each year of the period of performance. The maximum stipend for a one-year fellowship is $45,000; the award ceiling may not exceed $350,000.

The period of performance start date for all applicants may be no earlier than March 1, 2021.

C. Eligibility Information

1. Eligible Applicants
Eligible applicants include U.S. nonprofit organizations with 501(c)(3) tax-exempt status, accredited public and 501(c)(3) institutions of higher education, state and local governmental agencies, and federally recognized Native American tribal governments.

Foreign and for-profit entities and individuals are not eligible to apply.

2. Cost Sharing
Cost sharing is not required in this program, unless federal matching funds are requested. Applicants may use voluntary cost sharing for projects in which the total costs exceed the amount awarded by NEH.

Cost sharing or matching is the portion of the project costs not paid by NEH funds. Cost sharing will not be considered in the evaluation of applications.

Voluntary cost sharing consists of the cash contributions made to a project by the applicant, including unrecovered indirect costs, and by third parties as well as third-party in-kind contributions. Third-party in-kind contributions means the value of non-cash contributions (such as property or services) that benefit the funded project, and are contributed by nonfederal third parties, without charge, to the recipient of the federal award.

When federal matching funds are requested, the recipient must raise cash contributions from nonfederal third parties and have them certified by NEH before the funds are released (see NEH’s Federal Matching Funds Guidelines). The full amount of federal matching funds may not be available for release in the first year of a multi-year period of performance. Federal matching funds are typically distributed on an annual basis over the life of the award. Funds raised to satisfy a match count toward an institution’s required cost share for a project.

Recipients are responsible for maintaining auditable records of cost sharing contributions. See 2 CFR §200.306 for additional information.

3. Other Eligibility Information
Eligible applicants may submit multiple applications for separate and distinct projects under this announcement.

Two or more applications for federal funding and/or approved federal award budgets are not permitted to include overlapping project costs.

Consortia applications are welcome. When two or more eligible institutions or organizations collaborate on a project, one of them must serve as the lead applicant and administer the award
on behalf of the others. If funded, the lead applicant will be programmatically, fiscally, and legally responsible for the award.

NEH does not make awards to other federal entities or to applicants whose projects are so closely intertwined with a federal entity that the project takes on characteristics of the federal entity’s own authorized activities. This does not preclude applicants from using funds from, or sites and materials controlled by, other federal entities in their projects. Such resources may not, however, be used as gifts to release NEH matching funds.

NEH does not provide financial assistance to foreign institutions or organizations. Nevertheless, otherwise eligible American institutions may apply for collaborative projects involving U.S. and foreign organizations provided they do not use NEH funds for the purpose of issuing subawards to any foreign organization, as defined by 2 CFR §200.92 and 2 CFR §200.330(a). This limitation does not preclude American institutions from obtaining the services of foreign individuals and consultants to carry out various programmatic activities on a fee-for-service basis, as specified in 2 CFR §200.459; it also does not preclude vendor contracts such as in-country transportation services. If you are interested in submitting an application for a project involving international collaboration, please consult beforehand with the division staff.

All application materials must be received by the application deadline. Late, incomplete, or ineligible applications will not be considered for funding under this notice. Applications that exceed specified page limits will not be reviewed. See the Application Components Table.

D. Application and Submission Information

1. Application Package
You must apply electronically through Grants.gov Workspace, using either Workspace or your organization’s system-to-system software. Use the Standard Form 424 - Short Organizational (SF-424 Short) application package associated with the funding opportunity, and follow the instructions provided by Grants.gov unless otherwise noted below.

The Preservation and Access Education and Training program application package is available in Grants.gov. A link to the application package can be found on the program resource page.

To request a paper copy of this announcement, please contact preservation@neh.gov. Applicants who are deaf or hard of hearing (TTY users) can contact NEH via Federal Relay at 800-877-8399.

2. Content and Form of Application Submission
Your application will consist of a narrative, budget, budget justification, and other required forms and components described below.

i. Project Narrative
The narrative provides a comprehensive framework and description of all aspects of the proposed project. It should be succinct, self-explanatory, well organized, and free of technical terms and jargon so that peer reviewers can understand the proposed project.

You must limit the narrative to twelve numbered single-spaced pages with one-inch margins and a font size no smaller than eleven points.

NEH has aligned each section of the narrative with a corresponding review criterion. Refer to Section E1, Review Criteria for full descriptions.
Successful applications will contain the information below. Use the following section headings for the narrative.

**Project impact and the significance of the humanities collections to be served (corresponds to review criterion a)**

Discuss how the proposed project will support efforts to preserve or improve access to humanities collections. Describe how the project will address specific national, regional, or statewide needs, and the breadth of its impact on preservation and access practices. Identify the kinds of institutions, and the communities that they serve, that will benefit from practitioners participating in project activities. In addition, describe the significance of the humanities collections that will benefit. Explain how this project relates to others of a similar nature that currently exist or have existed in the past. Clarify the degree to which this project will build on past work or break new ground. Estimate approximately how many practitioners would benefit from the proposed educational programs and services. If your project includes a combination of different types of activities, explain how each activity, either on its own or in tandem, contributes to meeting broader needs in the field.

**Methodology and work plan (corresponds to review criterion b)**

Describe the educational activities that the project would support. Discuss which pedagogical method(s) you plan to employ and why. Explain how you would adopt recognized curricular and accepted professional training approaches, unless you are developing new curricula. Provide a summary of your work plan for each educational activity that you are proposing. If your project includes a combination of programmatic activities, provide a detailed work plan for each activity.

Include the following, as appropriate.

**Projects to support emergency planning, response, mitigation, and recovery**

Explain how the proposed project would support recovery and mitigation efforts in a federally declared disaster area. Include information about the nature of the damage to cultural heritage, existing preparedness and response activities, and ongoing needs in the area. Applicants must demonstrate an ability to work with public and private partners in relief efforts.

**Projects to support training programs offered by preservation field services, networks, and consortia**

Explain how the service or network would promote the care of humanities collections or improve the knowledge, skills, and abilities of staff in cultural heritage organizations. Incorporate a detailed account of each type of activity that will be implemented during the period of performance, including staff involved, procedures to be followed, fees to be charged, and number of institutions or participants who would benefit.

**Projects to support one-year postgraduate fellowships**

Demonstrate institutional commitment to supporting the postgraduate fellowship. Describe how the fellow will be mentored, and outline the proposed activities the fellow would undertake.

**Projects to satisfy educational needs and to support activities of master’s degree programs**

Explain how the proposed project would meet evolving needs in the field by supporting the education of the next generation of cultural heritage professionals who will care for humanities collections. Include the proposed curriculum, learning outcomes, and the structure and duration of the program. Explain the appropriateness of the chosen methods and program structure, the number of students who would benefit, and the level of funding that would
support the students. Outline strategies for monitoring and evaluating project outcomes. Provide course outlines and the structure of the program in Attachment 7: Additional supporting documentation.

Projects to offer continuing education opportunities
Describe the importance of the topic, the content of the curriculum, the intended audience (including prerequisites for attending and the cost of attending), the time and location of the program, and the program’s expected outcomes. Explain how the program’s structure is appropriate for the topics in question and the educational needs or level of the attendees. List any outputs or outcomes of the activities, including specialized training materials. Explain strategies to monitor project outcomes and how you would evaluate its impact. Provide detailed outlines and the program curriculum in Attachment 8: Additional supporting documentation.

Participant recruitment and outreach (corresponds to review criterion e)
Describe the process for selecting participants or students for educational activities supported under your project. Describe the outreach you would conduct to attract new participants and how your recruitment strategy addresses needs in the field. Describe the selection criteria you would apply to ensure that participation matches those needs. Projects planning to recruit from minority or traditionally underserved communities should address how outreach strategies will be customized to reach those communities.

Evaluation (corresponds to review criterion d)
Discuss how the recipient and participants will evaluate programs. Describe how the evaluation will measure the longer-term impacts of training on collection care and access and the professional expertise of participants. You may include detailed descriptions of assessment strategies, including sample survey instruments or other tools in Attachment 7: Additional supporting documentation. If your project has previously received support, describe the outcomes and impact of the previously funded activities. NEH encourages thorough assessment strategies that seek to measure the outcomes of education and training efforts on preservation and access practices.

Staff, faculty, and consultants (corresponds to review criterion e)
For each person responsible for creating and conducting the programs, courses, symposia, workshops, or events, provide a short paragraph listing the person’s name, relevant professional expertise, and a brief description of his or her responsibilities.

**ii. Budget**

Applicants must submit a project budget using the Research and Related Budget Form found in the Grants.gov application package, and attach a budget justification in section L of this form.

Complete a detailed budget for the period of performance requested. The form will generate a cumulative budget for the period of performance.

Required fields are indicated in yellow. If no funds are requested for a required field, enter "0." You must round to the nearest whole dollar amount in all dollar fields.

Programs that grant graduate degrees in art conservation requesting the full $350,000 must submit a budget reflecting total project costs of at least $450,000 ($250,000 in outright, $100,000 in federal matching funds, and $100,000 in required cost share for the federal matching funds).

All of the items listed, whether supported by NEH funds or required cost sharing contributions (if applicable), must be reasonable, necessary to accomplish project objectives, allowable in terms of 2 CFR 200 Subpart E - Cost Principles, auditable, and incurred during the period of performance. All costs are subject to audit, record retention and other requirements set forth in 2 CFR 200 Subpart F.

The inclusion of a cost category on the Research and Related Budget Form does not automatically indicate that an expense is allowable in this program. See D6. Funding Restrictions for a list of unallowable costs. Carefully review these instructions to ensure that costs are not disallowed.

When indirect costs are charged to the project, ensure that expenses included in the organization's indirect cost pool are not charged to the project as direct costs. For further information, see Section H. Indirect Costs.

**Introductory Fields**

If not pre-populated, indicate your organization’s D-U-N-S® number, the name of your organization, and the period of performance start and end dates. The period of performance start and end dates should be the same as your SF-424 Application for Federal Assistance - Short Organizational. Check “Project” for budget type.

**Section A. Senior/Key Person**

Include the names of the project director and other senior/key persons employed by the applicant organization who are involved in the project.

Indicate the name and project role of each senior/key person. Enter the annual compensation and identify the number of months the senior/key person will devote to the project in the applicable box (i.e., calendar, academic, summer). Use either calendar months or a combination of academic and summer months.

If effort does not change throughout the year, you may use only the calendar months column. You may use both the academic and summer months columns if your institutional business
process requires noting each separately even if effort remains constant. If effort varies between academic and summer months, leave the calendar months column blank and use only the academic and summer months columns. If your institution does not use a 9-month academic year or a 3-month summer period, indicate your institution’s definition of these in Section L, Budget Justification.

Regardless of the number of months being devoted to the project, indicate the salary and amount of fringe benefits being requested for the senior/key person. Per 2 CFR §200.431, fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick or military), employee insurance, pensions, and unemployment benefit plans. The sum of requested salary and fringe benefits will automatically calculate for each senior/key person.

The form can accommodate up to eight senior/key persons. If you are requesting funds for more senior/key persons than the form allows, you must include an attachment listing the additional senior/key person(s) in the "Additional Senior/Key Persons" field. Use the same format as the budget form and include all the information identified in this section. If you have attached a file with additional senior/key persons, enter the total funds requested for everyone listed in the attachment in the "Total Funds requested for all Senior/Key Persons in the attached file" field.

All salaries and wages claimed must be in compliance with 2 CFR §§200.430 and 466. All fringe benefits claimed must be in compliance with 2 CFR §200.431.

Do not list details of collaborators at other institutions or consultants here, as they will be included in Section F, Other Direct Costs.

Section B. Other Personnel
For each project role category described below, identify the number of personnel proposed, the total number of months, the total salary, and total fringe requested as described in Section A. Senior/Key Person. Totals will be automatically calculated.

Post-doctoral associates, graduate students, and undergraduate students
For all post-doctoral associates, graduate students, and undergraduate students, individually list names, roles, associated months, and requested salary and fringe benefits in Section L, Budget Justification.

As a matter of programmatic policy, tuition remission is not allowed in this program.

Secretarial/Clerical
In most circumstances, the salaries of administrative, secretarial, or clerical staff at educational institutions and nonprofit organizations are included as part of indirect costs (Section H, Indirect Costs). However, examples of situations where direct charging of administrative or clerical staff salaries may be appropriate may be found at 2 CFR §200.413 (c).

Inclusion of such costs may be appropriate only if all of the following conditions are met:

1. Administrative or clerical services are directly involved in a project or activity (for example, a project coordinator)
2. Individuals involved can be specifically identified with the project or activity
3. Such costs are explicitly included in the budget or have prior written approval of the federal awarding agency
4. The costs are not also recovered as indirect costs
Requests for direct charging for secretarial/clerical personnel (i.e., administrative and clerical staff) must be appropriately justified in Section L. Budget Justification. For all individuals classified as secretarial/clerical, provide a justification (in the budget justification) documenting how they meet all four conditions. NEH may request additional information for these positions in order to assess allowability.

Other Project Roles
List any additional project role(s) in the blank(s) provided. Identify the number of each personnel proposed.

You may include up to six named roles. If you have more than six, you must combine project roles here and add an explanation about the named roles in Section L. Budget Justification.

All salaries and wages claimed must be in compliance with 2 CFR §§200.430 and 466. All fringe benefits claimed must be in compliance with 2 CFR §200.431.

Do not list details of collaborators at other institutions or consultants here, as they will be included in Section F. Other Direct Costs.

Section C. Equipment Description
List each item of equipment to be purchased with Federal funds and its estimated cost (including shipping and maintenance), and justify each in Section L. Budget Justification.

Equipment may be purchased for a project if an analysis demonstrates that purchasing is more economical and practical than leasing (equipment rental/user fees should be included in the budget in Section F. Other Direct Costs). Equipment is defined as nonexpendable personal property costing $5,000 or more and having a service life of more than one year (unless the organization has established a lower level). See 2 CFR §§200.313 and 439.

Consistent with Executive Order 13788 ("Buy American and Hire American"), recipients and subrecipients who purchase equipment and products costing $10,000 or more per unit with grant funds should purchase only American-made equipment and products. This encouragement does not apply to commercial information technology.

You may add up to ten equipment items to this list. If you request funds for more equipment than the form allows, you must include an attachment listing the additional equipment items in this "Additional Equipment" field. Enter the information in a separate file and attach it as a PDF. List each additional item and the funds requested for each individual item. If you have attached a file with additional equipment, enter the total funds requested for all the equipment listed in the attachment.

Total equipment costs will be automatically calculated based on the sum of the "Funds Requested" column and the "Total funds requested for all equipment listed in the attached file" field.

Section D. Travel
Enter the total funds requested for both domestic (both local and long-distance) and foreign travel. In Section L. Budget Justification, include the purpose, destination, dates of travel (if known), and the names and number of travelers for each trip. If the dates of travel are not known, specify the estimated length of trip (e.g., 3 days). All trips—both foreign and domestic—must be justified individually.
For local travel, outline the mileage rate, number of miles, reason for travel and staff member/consumers completing the travel. For long-distance travel, calculate per diem amounts for meals and lodging using written institutional policy. The lowest available commercial fares for coach or equivalent accommodations must be used. Any arrangements made on a non-refundable basis are at the risk of the recipient if the services must be cancelled for any reason. All travel costs claimed must be in compliance with 2 CFR §200.474, and foreign travel must comply with article 10 of the General Terms and Conditions for Awards to Organizations.

NEH funds may not be used to support attendance at regularly-occurring professional meetings unless the purpose of attending is to disseminate project-related findings.

Total travel costs will automatically calculate based on domestic and foreign travel costs. Travel to Canada and Mexico should be considered foreign travel.

**Section E. Participant/Trainee Support Costs**

Per 2 CFR §200.75, participant support costs are direct costs for expenses such as stipends, travel allowances, subsistence allowances, and registration fees paid to or on behalf of participants or trainees (but not employees) in connection with conferences or training projects.

Per 2 CFR §200.432, a conference is defined as a meeting, retreat, seminar, symposium, workshop or event whose primary purpose is the dissemination of technical information beyond the non-Federal entity and is necessary and reasonable for successful performance under the Federal award.

Justify participant/trainee support costs in Section L, Budget Justification.

Total participant support costs will be automatically calculated based on the sum of the Funds Requested column.

1. **Tuition/Fees/Health Insurance**

   Leave this field blank.

2. **Stipends**

   List the total funds requested for Participant/Trainee stipends.

3. **Travel**

   List the total funds requested for Participant/Trainee travel. In Section L, Budget Justification, name the travelers (if possible) and reflect the travel expenses for each (e.g., roundtrip airfare, mileage or public transportation, related parking, etc.). Any arrangements made on a non-refundable basis are at the risk of the recipient or participant if the services must be cancelled for any reason.

4. **Subsistence**

   List the total funds requested for Participant/Trainee subsistence. Subsistence expenses include:

   (a) Lodging and service charges;
   (b) Meals, including taxes and tips; and
   (c) Incidental expenses (fees and tips given to porters, baggage carriers, hotel staff, and staff on ships).
5. Other
Describe any other Participant/Trainee support costs (e.g., local ground transportation to various venues, admission fees, bottled water, etc.) and list the total funds requested for all other Participant/Trainee costs described.

Number of Participants/Trainees
List the total number of proposed Participants/Trainees. The value of this field cannot exceed 999.

Section F. Other Direct Costs
Total Other Direct Costs will be automatically calculated based on the sum of the Funds Requested column.

1. Materials and Supplies
List the total funds requested for materials and supplies. Include the total funds requested for materials and supplies to be used in the project costing the lesser of the capitalization level established by the applicant or $5,000, regardless of the length of its useful life. See 2 CFR §§200.314 and 453.

In Section L. Budget Justification, indicate general categories, including an amount for each category. Categories with amounts less than $1,000 are not required to be itemized.

2. Publication Costs
List the total funds requested for publication costs. The proposal budget may request funds for the costs of documenting, preparing, publishing, or otherwise making available to others, the findings and products of the work conducted under the award. Include supporting information in Section L. Budget Justification.

3. Consultant Services
List the total funds requested for all consultant services. Identify the following items in Section L. Budget Justification, as applicable:

- each consultant, the services he/she will perform, total number of days, travel costs, and the total estimated costs; and
- persons who are confirmed to serve on external advisory committees to the project. Describe the services to be performed.

All consultant fees claimed must be in compliance with 2 CFR §200.459.

4. Automated Data Processing (ADP)/Computer Services
List the total funds requested for ADP/computer services. The cost of the applicant’s computer services, including computer-based retrieval of scientific, technical, and education information may be requested. In Section L. Budget Justification, include the established computer service rates at the proposing organization, if applicable. If such services are provided by a third-party, include them in line 5 Subawards/Consortium/Contractual Costs.

5. Subawards/Consortium/Contractual Costs
List the total funds requested for project activities to be undertaken by third-party subrecipients. This includes subawards and other contractual costs proposed for the project. A complete itemization of the cost comprising the charge should be provided in Section L. Budget Justification organized using the same categories present on the Research and Related budget.
If there is more than one subrecipient, each must be justified separately in the budget justification. See 2 CFR §§200.330 and 331 for additional information.

Per 2 CFR §§200.92 and 330(a), subaward means an award provided by a pass-through entity (the recipient) to a subrecipient to carry out part of a Federal award received by the pass-through entity. It does not include payments to a contractor (as defined in 2 CFR §200.23) or payments to an individual that is a beneficiary of a Federal program. A subaward may be provided through any form of legal agreement, including an agreement that the pass-through entity considers a contract.

This line item should include both direct and indirect costs for all subrecipients. If a subrecipient is claiming indirect costs, include their federally negotiated indirect cost rate agreement as part of Attachment 8: Federally negotiated indirect cost rate agreement.

Contractual costs as defined in 2 CFR §§200.22 and 330(b), are occasionally sufficiently high to warrant a categorical breakdown of costs. When this is the case, provide detailed information as part of Section L. Budget Justification.

6. Equipment or Facility Rental/User Fees
List the total funds requested for equipment or facility rental/user fees. In Section L. Budget Justification, identify and justify each rental/user fee.

Applicants may charge depreciation in compliance with 2 CFR §200.436. If the equipment was purchased with federal funds under another award, user fees may be appropriate (see 2 CFR §200.313 (c)(2)). The applicant may not charge both depreciation and user fees. Per 2 CFR §200.432, allowable conference costs may include rental of facilities.

The Hotel and Motel Fire Safety Act of 1990 (Pub. L. 101-391) states that federally funded meetings and conferences cannot be held in properties that do not comply with the law. The Act is applicable to all places of public accommodation affecting commerce, and requires that such properties are equipped with:

- hard-wired, single-station smoke detectors in each guestroom in accordance with the National Fire Protection Association (NFPA) standard 72;
- an automatic sprinkler system, with a sprinkler head in each guest room in compliance with NFPA standards 13 or 13R. Properties three stories or lower in height are exempt from the sprinkler requirement.

Note: ‘place of public accommodation affecting commerce’ means any inn, hotel, or other establishment not owned by the Federal Government that provides lodging to transient guests, except that such term does not include an establishment treated as an apartment building for purposes of any State or local law or regulation or an establishment located within a building that contains not more than five rooms for rent or hire and that is actually occupied as a residence by the proprietor of such establishment.

The United States Fire Administration (USFA) is charged with carrying out FEMA’s responsibilities with respect to the Hotel and Motel Fire Safety Act of 1990. In addition to compiling, maintaining and publishing the National Master List, USFA is also responsible for taking steps to encourage states to promote the use of automatic sprinkler systems and automatic smoke detection systems.
7. Alterations and Renovations
Do not include any expenses under 7. Alterations and Renovations. Per 2 CFR §200.462, costs incurred for ordinary and normal rearrangement and alteration of facilities are allowable as indirect costs.

8-10. Other
Include items not previously listed, such as postgraduate fellows, under other budget categories or in the indirect cost pool in lines 8-10. Use Section L. Budget Justification to further itemize and justify. “Miscellaneous” and “contingency” are not acceptable budget categories.

Per 2 CFR §200.432, allowable conference costs may include speakers’ fees, costs of meals and refreshments, and other items incidental to such conferences. Conference hosts/sponsors must exercise discretion and judgment in ensuring that conference costs are appropriate, necessary and managed in a manner that minimizes costs to the NEH award. If incidental food items and/or meals are provided at no charge during meetings, conferences, training, or other events attended while on NEH-supported travel, the per diem charged to the award must be reduced accordingly. Alcoholic beverages are unallowable and may not be included in your budget.

Section G. Total Direct Costs
This total will be automatically calculated based on the sum of the Total funds requested for all direct costs (sections A-F).

Section H. Indirect Costs
Indirect costs (sometimes referred to as Facilities and Administration or “F&A”) are costs that are incurred for common or joint objectives and therefore cannot be readily identified with a specific project or activity of an organization. Items that would typically be regarded as indirect costs include the depreciation on buildings, equipment and capital improvement, operations and maintenance expenses, salaries of executive officers, accounting and legal services.

Indirect costs are computed by applying a federally negotiated indirect cost rate to a distribution base (usually the modified total direct costs of the project).

For applicants seeking reimbursement for indirect costs: carefully review your institution’s negotiated indirect cost rate(s) to make sure you are using the most appropriate rate in your application budget. Many institutions of higher education negotiate multiple rates—for example, “Research,” “Instruction,” and “Other Sponsored Activities.” With rare exceptions, your institution’s “Research” rate will not be the appropriate rate for inclusion in your NEH project budget, as the use of this rate is reserved for projects involving scientific research, not scholarly inquiry of the type most often supported by NEH.

Note: Except as provided in paragraph (c)(1) of 2 CFR §200.414, federal agencies must use the negotiated rates in effect at the time of the initial award throughout the life of the federal award. Award levels may not be adjusted in future years as a result of changes in negotiated rates. Except as provided in 2 CFR §200.414, when an educational institution does not have a negotiated rate with the federal government at the time of an award (because the educational institution is a new recipient or the parties cannot reach agreement on a rate), the provisional rate used at the time of the award must be adjusted once a rate is negotiated and approved by the cognizant agency for indirect costs. If the recipient fails to negotiate an indirect cost rate applicable to the period of performance within the period of performance, indirect costs may be disallowed.

Organizations that wish to include indirect costs in the budget but have never had a federally negotiated indirect cost rate may choose one of the following options:
• direct cost all expenses;
• submit an indirect cost proposal to their cognizant federal agency to negotiate a rate with
the federal government within three months of the effective date (period of performance
start date) of the award (subrecipients may negotiate a rate with the recipient consistent
with the requirements outlined in 2 CFR §200.414); or
• per 2 CFR §200.414(f), the applicant may charge a de minimis rate of 10 percent of
modified total direct costs (MTDC).

Per 2 CFR §200.68, modified total direct costs are all direct salaries and wages, applicable fringe
benefits, materials and supplies, services, travel, and up to the first $25,000 of each subaward
(regardless of the period of performance of the subawards under the award). Modified total
direct costs excludes equipment, capital expenditures, charges for patient care, rental costs,
tuition remission, scholarships and fellowships, participant support costs and the portion of
each subaward in excess of $25,000. If you choose one of these three options, indicate on the
budget form which option you are choosing.

If you are claiming indirect costs, include a copy of your federally negotiated indirect cost rate
agreement as Attachment 8: Federally negotiated indirect cost rate agreement.

### Indirect Cost Type
Enter the type of indirect cost (e.g., Other Sponsored Activities (OSA), All Programs,
Instruction, 10% de minimis, etc.) and base (e.g., Salaries, Salaries & Fringe, MTDC, etc.) and
whether the activity and rate are off-site or onsite. If more than one rate or base is involved for a
given type of indirect cost, then list them as separate entries. If you do not have a current
indirect rate(s) approved by a federal agency but intend to (re)negotiate, indicate "None--will
negotiate." Use Section L. Budget Justification if additional space is needed.

### Indirect Cost Rate (%)
Enter the most recent indirect cost rate(s) established with the cognizant federal agency. This
field should be entered using a rate such as "32.5."

### Indirect Cost Base ($)
Enter the amount of the base for each indirect cost type. Use Section L. Budget Justification to
explain any exclusions applied to the F&A base calculation.

### Funds Requested ($)
Enter the funds requested for each indirect cost type.

### Total Indirect Costs
This total will be automatically calculated from the "Funds Requested" column.

### Cognizant Federal Agency
Enter the name of the cognizant Federal Agency.

### Section I. Total Direct and Indirect Costs
This total will be automatically populated from the sum of Total Direct Costs (from Section G.
Direct Costs) and the Total Indirect Costs (from Section H. Indirect Costs).

### Section J. Fee
Do not include any expenses under this section.
**Section K. Total Costs and Fee**
This total will be automatically calculated from the sum of Total Direct Costs and Fee (from sections "I. Total Direct and Indirect Costs" and "J. Fee"). Since there is no fee, this should be the same amount as in Section I. Total Direct and Indirect Costs.

**Section L. Budget Justification**
The budget justification attachment is required. Attach only one PDF file named justification.pdf.

Use the budget justification to provide the additional information requested in each budget category identified above and any other information the applicant wishes to submit to support the budget request. The budget justification should specifically describe how each item will support the achievement of proposed objectives. If you have a quote(s), you may include it here. The following budget categories must be justified, where applicable: equipment, travel, participant/trainee support, and other direct cost categories.

Also use the budget justification to explain any exclusions applied to the F&A base calculation.

**If your project includes voluntary cost share, describe it here.** However, these costs should not be included on the Research and Related budget form.

If you are requesting federal matching funds, a dollar for dollar, or 1:1, required cost share must be included on the Research and Related budget form. Identify the activities to be covered by such funds in the budget justification, describe your contributions to the project here. The total federal matching funds and cost share should be equal to the amounts indicated on the Supplementary Cover Sheet for NEH Grant Programs in the “Federal Matching” and “Cost Sharing” fields.

Do not use the budget justification to expand the project narrative.

**iii. Application Components**
In addition to the standard forms included in the Grants.gov application package, your application also consists of a narrative, budget and other required attachments. You will upload these components into the Attachments Form.

The Application Components Table below will help you prepare a complete application. Applications missing any required documents or conditionally required documents from this list will be considered incomplete and may be rejected from further consideration.

Proposals that exceed page limits or violate format instructions will be considered nonresponsive and will be rejected from further consideration.

SF-424 Application for Federal Assistance – Short Organizational
This form asks for basic information about the project, the project director, and the institution. Items 1, 2, and 4 will be automatically filled in; item 3 should be left blank. Provide the following information:

5. Applicant Information
Provide your organization’s legal name, address, employer/taxpayer identification number (EIN/TIN), D-U-N-S® number, website address, and congressional district of the institution.

If your institution is located, for example, in the 5th Congressional District of your state, put a “5.” If your institution doesn’t have a congressional district (for example, it is in a state or U.S. territory that doesn’t have districts or is in a foreign country), put a “0” (zero).

Also choose the “type” that best describes your institution (you only need to select one).

All institutions applying to federal programs are required to provide a D-U-N-S® number, issued by Dun & Bradstreet, as part of their application. Project directors should contact their institution’s grants administrator or chief financial officer to obtain their institution’s D-U-N-S® number.

6. Project Information
a. Provide the title of your project. Your title should be brief (no more than 125 characters, including spaces), descriptive, and substantive. Successful applications will typically have titles that are descriptive of the project, substantive, and free of specialized language. Most importantly, your title should be easily understood by the general public. NEH reserves the right to retitle funded projects for clarity when announcing its funding decisions and in its own reports and communications, but recipients are permitted to use their preferred title for any award products.
b. Provide a brief (no more than one thousand characters) description of your project. The description should be written for a nonspecialist audience and clearly state the importance of the proposed work and its relation to larger issues in the humanities.

c. List the starting and ending dates for your project. All projects must begin on the first day of a month. All ending dates are on the last day of a month.

7. Project Director
Provide the name, title, mailing address, e-mail address, and telephone and fax numbers for the project director. The project director is responsible for the programmatic aspects and day-to-day management of the proposed project. Because the project director’s involvement in the proposed project is critical to its success, applicants must notify NEH immediately if the project director listed in the application changes.

8. Primary Contact/Grants Administrator
Provide the contact information for the official responsible for the administration of the NEH award (that is, negotiating the project budget and ensuring compliance with the terms and conditions of the award). This person is often a grants administrator or sponsored programs official.

As a matter of NEH policy, the Project Director listed in section 7 may not be the same individual listed as the Primary Contact/Grants Administrator listed in section 8. The role of the project director must be distinguished from that of the institutional grant administrator, who functions as the representative of the recipient organization with authority to act on the organization’s behalf in matters related to the administration of the award. All financial reports and prior approval requests such as budget revisions, extensions of the period of performance, and changes in key personnel must be signed or countersigned by the institutional grant administrator. Similarly, official correspondence from NEH to a recipient (for example, an offer letter, the award document, an extension, a supplement or amendment) is addressed to the institutional grant administrator and copied to the project director.

9. Authorized Representative
Provide the contact information for the Authorized Organization Representative (AOR) who is submitting the application on behalf of the institution. This person, often called an “Authorizing Official,” is typically the president, vice president, executive director, provost, or chancellor. To become an AOR, the person must be designated by the institution’s E-Business Point of Contact. For more information, consult the Grants.gov Online User Guide.

Supplementary Cover Sheet for NEH Grant Programs
Provide the following information:

1. Project Director
Use the pull-down menu to select the major field of study for the project director.

2. Institutional Information
Select the appropriate institution type from the drop-down menu.

3. Project Funding
Enter your project funding information. Learn more about different funding types.
4. Application Information
Indicate whether the proposal will be submitted to other NEH programs, government agencies, or private entities for funding. If so, indicate when and to whom. NEH frequently cosponsors projects with other funders. Providing this information will not prejudice the review of your application.

For Type of Application, check “new.”

Enter the primary project discipline (and, if you like, the project’s secondary and tertiary disciplines as well).

Project/Performance Site Location(s) Form
Provide the primary location and any other locations where the project activity will occur during the period of performance. This form allows for the collection of multiple performance sites. If you need to add more project/performance site locations than the form allows, enter the information in a separate file and add it to the "Additional Locations" section. Instructions for each requested data element may be viewed by positioning your cursor over the blank field.

Certification Regarding Lobbying
Applicants requesting awards greater than $100,000 must complete and submit the Certification Regarding Lobbying.

Standard Form-LLL, “Disclosure of Lobbying Activities”
If non-federal funds have been or will be used for lobbying, you must also complete and submit Standard Form-LLL, “Disclosure of Lobbying Activities.” See 2 CFR §200.450 for additional information.

Attachments Form
Attach your narrative, budget, and the other application components to this form. Consult the Application Components Table to learn about the required application components, how to name each attachment, and the order in which to attach them. You must name and attach your files in the proper order so that NEH can identify them.

Your attachments must be in Portable Document Format (.pdf). Make sure that all files in formats other than PDF (images, Word or Excel files, etc.) have been properly saved as PDF files. Do not simply rename your non-PDF files with PDF extensions. If an attachment contains multiple documents, you must merge those documents into a single PDF. Do not attach PDF portfolios containing multiple PDFs. In addition, NEH cannot accept PDFs to which security has been added (password-protection, encryption, digital signatures, etc.). Flatten any such files before uploading to Grants.gov.

Visit Grants.gov’s Adobe Software Compatibility page to verify the compatibility of your current software or to download the appropriate version. Even if you choose to complete the online webforms in Workspace, you will need to convert the files that you will attach (to the Attachments Form) into PDFs. If you have a problem installing Adobe Reader, it may be because you do not have permission to install a new program on your computer. Many organizations have rules about installing new programs. If you encounter a problem, contact your system administrator.

When you open the Attachments Form, you will find fifteen attachment buttons, labeled “Attachment 1” through “Attachment 15.” By clicking on a button, you will be able to choose the file from your computer that you wish to attach.
Note the following Grants.gov file naming conventions: limit file names to 50 or fewer characters. Do not attach any documents with the same name. All attachments should have a unique name. Use only the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, colon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. Attachments that do not follow this rule may cause the entire application to be rejected or cause issues during processing.

Grants.gov may accept and validate your submission even if required components are missing. This may result in NEH rejecting your application as incomplete. It is your responsibility to ensure that all required components are properly attached and submitted.

iv. Attachments

Provide the following items in the order specified below to complete the content of the application. Each attachment must be saved as a PDF and named in accordance with naming conventions outlined in the Application Components Table.

Attachment 1: Narrative (required)
Refer to the prior instructions on preparing your narrative. The narrative may not exceed 12 pages. Name the file narrative.pdf.

Attachment 2: List of project personnel (required)
List in alphabetical order, surnames first, all project personnel and collaborators and their institutional affiliations. This list should include advisory board members and authors of letters of support, if applicable.
Name the file personnel.pdf.

Attachment 3: Résumés and job descriptions (required)
Include résumés for persons occupying the key positions described in the budget, not to exceed two pages in length per person. In the event that a biographical sketch is included for an identified individual who is not yet hired, include a letter of commitment from that person with the biographical sketch. If you are hiring additional staff to work on the project, include a job description in this attachment. Name the file resumes.pdf.

Attachment 4: Work plan (required)
Describe the activities or steps that you will use during the period of performance to achieve each of the objectives proposed. Use a timeline that includes each activity and identifies responsible staff. Explain how outcomes from one activity will carry over into the next. For each activity, specify the project team members involved. For multi-institutional collaborative projects, discuss the distribution of responsibilities across each institution. As appropriate, identify meaningful support and collaboration with key stakeholders in planning, designing, and implementing all activities.

Attachment 5: Letters of commitment and support (conditionally required)
If your project involves partner or service providers, provide letters of commitment. Letters of support are not required, but are highly recommended. They should address the project’s significance and the program’s review criteria, and should be written by experts in the project’s subject area. Authors of letters of support will not participate in the NEH review process.
Elected government officials and current members of NEH’s **National Council on the Humanities** may not serve as authors of letters of support.

Name the file letters.pdf.

**Attachment 6: History of support (conditionally required)**
If the project has received support from any federal or nonfederal sources, including NEH, list on one page the sources, dates, and amounts of these awards. If the project has a long history of support, the sources and contributions may be grouped and summarized.

Name the file history.pdf.

**Attachment 7: Additional supporting documentation (optional)**
Applicants may include other relevant documents to support the application.

Consider including documents such as:

- course syllabi or outlines
- a profile or brief history of the applicant organization
- detailed descriptions of evaluation strategies and samples of assessment tools
- sample application forms for continuing education training or workshop participants
- relevant excerpts from strategic planning documentations
- a list of the expected knowledge, skills, and abilities required for the prospective one-year postgraduate fellow, as well as the selection criteria for choosing the fellow

Documentation may not exceed 40 pages. Merge all relevant materials into a single document and name the file documentation.pdf.

**Attachment 8: Federally negotiated indirect cost rate agreement (conditionally required)**
If the applicant institution is claiming indirect costs and has a current federally negotiated indirect cost rate agreement, submit a copy of the agreement. If a subrecipient is claiming indirect costs, submit a copy of its federally negotiated indirect cost rate agreement. Name the file agreement.pdf.

**Attachment 9: Explanation of delinquent federal debt (conditionally required)**
If you are delinquent in the repayment of any federal debt, provide explanatory information on a separate page or pages. Also provide evidence that you have entered into a repayment agreement with the Internal Revenue Service, and that you are current on all payments due. Examples of relevant debt include student loans, delinquent payroll or other taxes, audit disallowances, and benefit overpayments. See [OMB Circular A-129](http://www.omb.gov/). Name the file delinquentdebt.pdf.

### 3. Unique Entity Identifier and System for Award Management

All organizations must submit their applications for NEH funding using [Grants.gov Workspace](https://www.grants.gov/) or a Grants.gov system-to-system solution. Before using Grants.gov for the first time, each organization must have an Employer Identification Number (EIN) and register with Grants.gov.

The Grants.gov registration process requires completing information in three separate systems:
1. Dun and Bradstreet (https://fedgov.dnb.com/webform)
2. System for Award Management (SAM) (https://www.sam.gov/SAM/)

Organizations must obtain a Unique Entity Identifier, currently a valid Dun and Bradstreet Data Universal Numbering System (D-U-N-S®) number. Organizations must also register with the System for Award Management (SAM) and continue to maintain active SAM registration with current information at all times during which you have an active federal award or an application or plan under consideration by an agency (unless the applicant is an individual or federal agency that is exempted from those requirements under 2 CFR §25.110(b) or (c), or has an exception approved by the agency under 2 CFR §25.110(d)).

If you have not already done so, SAM.gov will require entities to create a Login.gov user account. Applicants renewing or updating their registrations are strongly advised to know the e-mail address associated with their current SAM.gov user account. Using the same e-mail address allows SAM.gov to automatically migrate your roles. If a different e-mail address is provided, your roles will need to be reassigned. This could cause delays in renewing or updating your SAM.gov registration. As of February 2, 2019, you will be required to review and agree to the Financial Assistance Representations and Certifications when registering or renewing in SAM.gov. These are a common set of certifications and representations required by federal statutes or regulations in accordance with Title 2 of the Code of Federal Regulations. You can review your organization’s SAM registration [here](https://www.sam.gov/SAM/).

NEH may not make an award to an applicant until the applicant has complied with all applicable D-U-N-S® and SAM requirements and, if an applicant has not fully complied with the requirements by the time NEH is ready to make an award, NEH may determine that the applicant is not qualified to receive an award and use that determination as the basis for making an award to another applicant.

If you have already completed Grants.gov registration for NEH or another federal agency, confirm that the registration is still active and that the Authorized Organization Representative (AOR) has been approved.

If you fail to allow sufficient time to complete registration with SAM or Grants.gov, you will not be eligible for a deadline extension or waiver of the online submission requirement.

### 4. Submission Dates and Times

Program officers will review draft proposals submitted by April 30, 2020. Program officers will not respond to drafts submitted after this deadline. Although this optional preliminary review is not part of the formal review process and has no bearing on the final outcome of the proposal, previous applicants have found it helpful in strengthening their applications. If you choose to submit a draft proposal, send it as an attachment to preservation@neh.gov.

The due date for applications under this announcement is June 11, 2020 at 11:59 p.m. Eastern Time.

Applications must be complete, within the specified page limits, and validated by Grants.gov under the correct funding opportunity number prior to the deadline to be considered under this notice.

**Confirm that you successfully submitted your application.** It is your responsibility as an applicant to confirm that Grants.gov and subsequently NEH have received your application.
NEH will assign a tracking number beginning with PE- to your application when it has been received by the agency. The assignment of a tracking number does not guarantee that the application is free of technical problems (such as missing attachments or failure to convert attachments to PDFs). If NEH’s system detects a technical problem with your application after retrieving it from Grants.gov, NEH will send you an email notification.

Once an applicant formally submits an application, NEH will not comment on its status except with respect to issues of completeness and eligibility.

5. Intergovernmental Review
This funding opportunity is not subject to intergovernmental review under Executive Order 12373.

6. Funding Restrictions
Funds under this notice may not be used for the following purposes:

- projects intended primarily for audiences within a single institution or organization (museums, libraries, and archives that seek support to send their staff to preservation workshops should apply to Preservation Assistance Grants for Smaller Institutions)
- projects on the care and management of collections that are the responsibility of an agency of the federal government or are not regularly accessible for research, education, or public programming
- projects about the preservation of buildings or the natural environment
- projects primarily pursuing research in the development of preservation standards or best practices (applicants seeking support to conduct this sort of research should apply to the Research and Development program)
- tuition remission or tuition for degree-granting programs
- doctoral programs
- the support of either full-time or permanent faculty positions in graduate programs
- promotion of a particular political, religious, or ideological point of view
- advocacy of a particular program of social or political action
- support of specific public policies or legislation
- lobbying
- projects that fall outside of the humanities (including the creation or performance of art; creative writing, autobiographies, memoirs, and creative nonfiction; and empirically based social science research or policy studies)

All program income generated as a result of awarded funds must be used for approved project-related activities. The program income alternative applied to the award(s) under the program will be addition. Post-award requirements for program income can be found at 2 CFR §200.307.

E. Application Review Information

1. Review Criteria
Peer reviewers will use the following criteria to review applications in the Preservation and Access Education and Training program:
a) the national, regional, or statewide impact of the proposed activities for improving preservation and access practices for humanities collections, along with the significance of the humanities collections that would be served (corresponds to narrative section “Project impact and the significance of the humanities collections to be served”)

b) the soundness of the methodology and the program’s structure and activities (corresponds to narrative section “Methodology and work plan”)

c) the proposed plans to evaluate project activities and outcomes in relation to anticipated project impact (corresponds to narrative section “Participant recruitment and outreach”)

d) the training and experience of the staff in relation to the activity for which support is requested (corresponds to narrative section “Evaluation”)

e) the reasonableness of the project’s budget in relation to anticipated results (corresponds to narrative section “Staff, Faculty, and Consultants”)

2. Review and Selection Process

NEH staff review applications for eligibility and completeness. NEH uses a peer review process to evaluate all eligible and complete applications. Peer reviewers are experts in the field with relevant knowledge and expertise in the types of project activities identified in the applications. NEH instructs reviewers to evaluate applications according to the review criteria outlined in this Notice of Funding Opportunity. Peer reviewers must comply with Federal ethics and conflicts of interest requirements.

NEH staff comments on matters of fact or on significant issues that otherwise would be missing from peer reviews, then makes recommendations to the National Council on the Humanities. The National Council meets at least twice annually to advise the NEH Chairman. The Chairman considers the advice provided by the review process and, by law, makes all funding decisions. Learn more about NEH’s review process.

3. Assessment of Risk and Other Pre-Award Activities

NEH may elect not to fund applicants with management or financial instability that affects their ability to implement the terms and conditions of the award (2 CFR §200.205).

Applications that have received a favorable objective review are reviewed for other considerations that include past performance, as applicable; cost analysis of the project budget; assessment of management systems; continued applicant eligibility; and compliance with any public policy requirements. You may be asked to submit additional programmatic or administrative information (such as an updated budget or supporting documentation) or to undertake certain activities (such as negotiation of an indirect cost rate) in anticipation of an award. However, even at this point in the process, such requests do not guarantee that an award will be made. Following review of all applicable information, NEH’s approving and grant management officials will determine whether an award can be made, if special conditions are required, and what level of funding is appropriate.

Award decisions are discretionary and are not subject to appeal to any NEH official or board.

4. Anticipated Announcement and Award Dates

Applicants will be notified of funding decisions by e-mail in December 2020. For successful applicants, this notification is not an authorization to begin performance or incur related costs. Applicants may request evaluations of their applications by emailing preservation@neh.gov.
F. Federal Award Administration Information

1. Federal Award Notices
Institutional grant administrators and project directors of successful applications will receive award documents from the NEH Office of Grant Management by e-mail in January 2021.

2. Administrative and National Policy Requirements
Awards are subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the General Terms and Conditions for Awards to Organizations (for grants and cooperative agreements issued December 26, 2014 or later), and the specific terms and conditions in the Notice of Award.

Debarment, Suspension, Ineligibility, and Voluntary Exclusion Certification
You must comply with 2 CFR §§180.335 and 180.350 with respect to providing information regarding all debarment, suspension, and related offenses information, as applicable.

1) The prospective recipient certifies, by submission of this application, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any federal department or agency.
2) Failure to make required disclosures can result in any of the remedies described in 2 CFR §200.338, including suspension or debarment. (See also 2 CFR parts 180 and 3369).
3) Where the prospective recipient is unable to attest to the statements in this certification, an explanation must be included in Attachment 9: Explanation of delinquent federal debt.

Providing access to NEH-funded products
As a taxpayer-supported federal agency, NEH endeavors to make the products of its awards available to the broadest possible audience. Our goal is for scholars, educators, students, and the American public to have ready and easy access to the wide range of NEH award products. All other considerations being equal, NEH gives preference to those that provide free access to the public.

NEH recipients must follow the requirements of Section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of disability in any program or activity receiving federal financial assistance. For more information consult Design for Accessibility: A Cultural Administrator’s Handbook.

Copyright information
NEH recipients may copyright any work that is subject to copyright and was developed, or for which ownership was produced, under an award. In accordance with 2 CFR §200.315 (b), NEH reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so. NEH has typically exercised this right in consultation with recipients to publish an excerpt from resulting grant product(s) in Humanities magazine or on the NEH website.

Acknowledging NEH support
All materials publicizing or products resulting from NEH-funded activities must contain an acknowledgment of NEH support. Consult the Acknowledgment and Publicity Requirements for NEH Awards and Publicizing Your Project pages on the NEH website for guidance on acknowledging NEH support and promotion.
Principles of Civility
Recipients are required to adhere to the Principles of Civility for NEH Seminars, Institutes, and Workshops. NEH expects project directors to take responsibility for encouraging an ethos of openness and respect, upholding the basic norms of civil discourse.

Eliminate Waste, Fraud, and Abuse
Help NEH eliminate fraud and improve management by providing information about allegations or suspicions of waste, fraud, abuse, mismanagement, research misconduct (fabrication, falsification, plagiarism), or unnecessary government expenditures, during the period of award performance, to the NEH Office of the Inspector General.

3. Reporting
Recipients must comply with the following reporting and review activities:

1.) Federal Financial Report. Recipients must submit the Federal Financial Reports (SF-425) on an annual basis. It must be completed online in eGMS Reach. Further information will be provided in the Notice of Action.

2.) Performance Progress Report(s). Recipients must submit a performance progress report to NEH on an annual basis. It must be completed online in eGMS Reach. Further information will be provided in the Notice of Action.

3.) Final Reports. Recipients must submit a final financial report and a final performance report within 90 calendar days after the period of performance ends. The final performance report collects information relevant to program specific goals and progress on strategies; impact of the overall project; the degree to which the recipient achieved the mission, goal and strategies outlined in the approved application; recipient objectives and accomplishments; barriers encountered; and responses to summary questions regarding the recipient's overall experiences during the entire period of performance. The final reports must be submitted online in eGMS Reach. Further information will be provided in the Notice of Action.

Learn more about Performance Reporting Requirements and Financial Reporting Requirements.

G. Agency Contacts
If you have questions about the program, contact:

Division of Preservation and Access
National Endowment for the Humanities
400 Seventh Street, SW
Washington, DC 20506
202-606-8570
preservation@neh.gov

If you have questions about registering or renewing your registration with login.gov or SAM.gov, contact the Federal Service Desk Monday – Friday 8 a.m. to 8 p.m. Eastern Time at:

The Federal Service Desk: FSD.gov
U.S. calls: 866-606-8220
International calls: +1 334-206-7828
For assistance in registering with or submitting your application through Grants.gov, contact Grants.gov 24 hours a day, 7 days a week, excluding federal holidays at:

Grants.gov Applicant Support  
Telephone: 1-800-518-4726  
International Calls: 606-545-5035  
Email: support@grants.gov  
Grants.gov Support  
Self-Service Knowledge Base

Always obtain a case number when calling for support.

**H. Other Information**

**Privacy policy**

Information in these guidelines is solicited under the authority of the National Foundation on the Arts and Humanities Act of 1965, as amended, 20 U.S.C. 956 et seq. The principal purpose for which the information will be used is to process the application. The information may also be used for statistical research, analysis of trends, and Congressional oversight. Failure to provide the information may result in the delay or rejection of the application.

**Application completion time**

The Office of Management and Budget requires federal agencies to supply information on the time needed to complete forms and also to invite comments on the paperwork burden. NEH estimates that on average it takes fifteen hours to complete this application. This estimate includes time for reviewing instructions, researching, gathering, and maintaining the information needed, and completing and reviewing the application.

You may send any comments regarding the estimated completion time or any other aspect of this application, including suggestions for reducing the completion time, to the Chief Funding Opportunity Officer at grantmanagement@neh.gov. According to the Paperwork Reduction Act of 1995, no persons are required to respond to a collection of information unless it displays a valid OMB number. The OMB Control Number for this notice of funding opportunity is 3136-0134, expiration date June 30, 2021.
