A. Program Description

1. Purpose
The National Endowment for the Humanities (NEH) is an independent federal agency in the executive branch. As designated by Congress, NEH awards approximately 40 percent of its annual appropriation to humanities councils in the United States and its jurisdictions in the form of general operating support grants.

State and jurisdictional humanities councils leverage general operating support grants to deliver on NEH’s mission to advance knowledge and understanding of the humanities and to increase public awareness of, access to, and support for the humanities at the state and local level. State and jurisdictional humanities councils tailor their grantmaking and programs to the needs, resources, and interests of their state or jurisdiction, while also extending the reach of NEH-funded projects and further strengthening NEH’s connection to local communities throughout the U.S. and its jurisdictions.

See D6. Funding Restrictions for unallowable activities.

2. Background
This program is authorized by 20 U.S.C. § 956. Awards are subject to 2 CFR Part 200 Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, and the General Terms and Conditions for General Support Grants to State Humanities Councils (for grants issued on or after December 26, 2014).

According to the National Foundation on the Arts and the Humanities Act of 1965, “The term ‘humanities’ includes, but is not limited to, the study of the following: language, both modern and classical; linguistics; literature; history; jurisprudence; philosophy; archaeology; comparative religion; ethics; the history, criticism and theory of the arts; those aspects of the social sciences which have humanistic content and employ humanistic methods; and the study and application of the humanities to the human environment with particular attention to reflecting our diverse heritage, traditions, and history and to the relevance of the humanities to the current conditions of national life.”

NEH Areas of Interest

A More Perfect Union: Exploring America's Story and Commemorating its 250th Anniversary
The task of building a more perfect Union rooted in the ideal of human equality falls to every generation of Americans, ours no less than our predecessors. The basic goals of life, liberty, and the pursuit of happiness endure over time, even as the challenges change: from founding a nation out of colonies; to dismantling the institution of slavery; to prevailing through times of economic depression and war; to advancing civil rights for all; to strengthening our democratic institutions; to building a more inclusive and sustainable society.

NEH’s A More Perfect Union initiative encourages projects that explore, reflect on, and tell the stories of our quest for a more just, inclusive, and sustainable society throughout our history. NEH especially welcomes projects that bring the perspective of the humanities to questions of racial justice, gender equality, the evolution of the American landscape, as well as America’s place in the world. Projects that strengthen Americans’ knowledge of our principles of
constitutional governance and democracy are strongly encouraged, as are projects that address the experiences of Native Americans and other under-represented communities. In addition, NEH welcomes projects that develop innovative approaches to sustaining the nation’s humanities infrastructure and preserving its historical record.

B. Federal Award Information

1. Type of Application and Award
NEH seeks new and supplemental applications in response to this notice.

NEH will provide funding in the form of grants.

2. Summary of Funding
Approximately $50,000,000 is expected to be available to fund 56 recipients. Awards will range from approximately $300,000 to approximately $3,000,000. NEH determines annual funding for each state and jurisdictional humanities council according to a legislatively mandated formula.

NEH will not determine the amount available until Congress enacts the final FY 2023 budget. This notice is subject to the availability of appropriated funds, and is a contingency action taken to ensure that, should funds become available for this purpose, applications can be processed and funds awarded in a timely manner.

State and Jurisdictional Humanities Councils General Operating Support Grants have a period of performance of five years. The program supports activities in years one, two, and three, and closeout requirements in years four and five. State and jurisdictional humanities councils must apply annually to receive this funding. The funding period under this notice is November 1, 2022, to October 31, 2023. State and jurisdictional humanities councils are expected to obligate most of the funds awarded each year by the end of the annual funding period. Applicants will apply for a new award with a five-year period of performance in year three of their current award.

Successful applicants will be awarded outright funds, federal matching funds, or a combination of the two, depending on the availability of funds. When federal matching funds are offered, the recipient must raise cash contributions from nonfederal third parties and submit certification to NEH annually by September 15 before the funds are released (see the Matching Guidelines for General Support Grants to State Humanities Councils). Funds raised to satisfy a match count toward an institution’s required cost share for a project (see C2. Cost Sharing).

Funding beyond the first year is dependent on the availability of appropriated funds for State and Jurisdictional Humanities Councils General Operating Support Grants in subsequent fiscal years, satisfactory recipient performance, and a decision that continued funding is in the best interest of the Federal Government.

C. Eligibility Information

1. Eligible Applicants
The only eligible applicants are the independent, nonprofit 501(c)(3) state and jurisdictional humanities councils.
Individuals and other organizations (including foreign and for-profit entities) are not eligible to apply.

Fiscal agents and fiscal sponsors are not eligible to receive NEH funding either as a recipient or subrecipient.

2. Cost Sharing
This program requires a one-to-one cost share. Cost sharing or matching is the portion of the project costs not paid by NEH funds. By law, NEH cannot support more than 50 percent of the costs of a state or jurisdictional humanities council’s activity. All expenditures of NEH funds must be matched by cash, earned income, other federal grants, or in-kind contributions.

State and jurisdictional humanities councils are permitted to use federal funds (excluding CARES Act and American Rescue Plan funding awarded by NEH) to meet their cost share but are not permitted to use federal funds or in-kind contributions to match federal matching funds, if offered.

NEH views cost sharing as a means of ensuring that many individuals and organizations are meaningfully involved in a council’s work. It encourages state and jurisdictional humanities councils to meet their cost-sharing requirements from a wide range of contributions; it discourages councils from meeting the requirements by relying solely on contributions at the subrecipient level. See the Matching Guidelines for General Support Grants to State Humanities Councils.

The following policy applies only to the American Samoa, Commonwealth of the Northern Mariana Islands, Guam, and U.S. Virgin Islands humanities councils: In accordance with 48 U.S.C. 1469a(d), as amended, NEH waives the cost-sharing requirement for the first $200,000 in outright funds awarded each fiscal year under this notice. The remainder of the annual outright funding provided under the legislated formula continues to require dollar-for-dollar cost sharing, as does the entire federal matching funds offer.

Recipients are responsible for maintaining auditable records of the source and use of cost sharing contributions. See 2 CFR § 200.306.

3. Other Eligibility Information
An applicant may not submit multiple applications under this notice.

If for any reason you submit an application more than once before the deadline (including submitting to the wrong funding opportunity or making corrections/updates), NEH will only accept your last validated submission, under the correct Grants.gov funding opportunity, prior to the deadline as the final application.

Two or more applications for federal funding and/or approved federal award budgets are not permitted to include overlapping project costs. However, applicants may seek funding from other NEH programs for complementary aspects of the same overall project.

NEH does not make awards to other federal entities or to applicants whose projects are so closely intertwined with a federal entity that the project takes on characteristics of the federal entity’s own authorized activities. This does not preclude applicants from using funds from, or sites and materials controlled by, other federal entities in their projects. Such resources may not be used as gifts to release NEH matching funds.

If you submit a late or incomplete application, your award may be delayed.
Subrecipient Eligibility
State and jurisdictional humanities councils are authorized to issue subawards to private nonprofit organizations; institutions of higher education; state, local, and federally recognized Indian tribal governments; groups of persons that form an association to carry out a project; and individuals.

Non-public organizations or groups that apply for funding must be constituted for nonprofit purposes, and donations to them must be deductible under the Internal Revenue Code (26 U.S.C. § 170(c)). It is not necessary that such organizations or groups be incorporated or have tax exempt status.

State and jurisdictional humanities councils may not issue subawards to foreign or for-profit entities or to fiscal agents applying on behalf of eligible or ineligible applicants.

Per 2 CFR § 25.300, recipients may only issue subawards using NEH funds (and funding from other federal agencies contributed as cost share) to organizations that have obtained and provided to the recipient a unique entity identifier. Subrecipients are not required to complete full registration with the System for Award Management (SAM) to obtain a unique entity identifier but are encouraged to do so.

Subrecipients of non-federally funded subawards are not required to have a unique entity identifier or register in SAM. Non-federally funded subawards for humanities programming may be used to satisfy required cost share/match if the subrecipient is eligible and all costs included in the subaward are allowable and allocable to the project.

State and jurisdictional humanities councils must verify the eligibility and monitor the performance of subrecipients consistent with 2 CFR § 200.332. Councils are responsible for improper payments to ineligible subrecipients.

**SF-424 Application for Federal Assistance – Short Organizational**

This form includes basic information about the project, the project director, and the institution. Items 1, 2, and 4 will be automatically filled in; item 3 should be left blank.

**5. Applicant Information**

Provide your organization’s legal name, address, employer/taxpayer identification number (EIN/TIN), unique entity identifier (assigned by the System for Award Management), website address, and congressional district. For example, if your institution is located in the 5th congressional district of your state, put a “5.” If your institution does not have a congressional district (for example, it is in a state or U.S. jurisdiction that does not have districts, or is in a foreign country), put a “0” (zero).

Select the applicant type that best describes your organization from the drop-down menu.
Institutions applying to federal programs are required to include a unique entity identifier. If you do not know your unique entity identifier, contact your grants administrator or chief financial officer.

6. Project Information
a. Name your project “State or Jurisdictional Humanities Program.”

b. Provide a brief (no more than one thousand characters) description of your project using the following structure: “With the General Operating Support Grant, [insert council name] brings the humanities to life through subawards and/or public programming in [insert state or jurisdiction]. The council tailors its subaward-making and public programs to the needs, resources, and interests of [insert state or jurisdiction]. In doing so, it delivers on its mission to [insert mission].”

c. The start date is November 1, 2022. The end date is October 31, 2023.

7. Project Director
The project director, typically the board chair of the state or jurisdictional humanities council, is responsible for oversight of the programmatic aspects of the state or jurisdictional humanities council. Because the project director’s involvement in the proposed project is critical to its success, applicants must notify NEH immediately if the project director listed in the application changes.

If the project director is not an employee of the recipient organization, the recipient must have a formal written agreement with the project director that specifies an official relationship between the parties even if the relationship does not involve a salary or other form of remuneration.

8. Primary Contact/Grants Administrator
The primary contact/grants administrator is typically the executive director of the state or jurisdictional humanities council.

Provide the name, title, and contact information for the official responsible for the administration of the award (e.g., negotiating the budget and ensuring compliance with the terms and conditions of the award).

As a matter of NEH policy, the project director named in item 7 may not be the same individual named as the primary contact/grants administrator named in item 8. The role of the project director must be distinguished from that of the institutional grants administrator, who functions as the representative of the recipient organization with authority to act on the organization’s behalf in matters related to the administration of the award. Financial reports and prior approval requests such as budget revisions, extensions of the period of performance, and changes in key personnel must be signed or countersigned by the institutional grants administrator. Similarly, official correspondence from NEH to a recipient (for example, an offer letter, award documents, an extension, a supplement, or amendment) is addressed to the institutional grants administrator and copied to the project director.

9. Authorized Representative
Provide the name, title, and contact information for the authorized organization representative (AOR) who is submitting the application on behalf of the institution. This person, often called an “authorizing official,” is typically the president, vice president, executive director, provost, or chancellor. To become an AOR, the person must be designated by the institution’s E-Business Point of Contact. Consult the Grants.gov Online User Guide.
Supplementary Cover Sheet for NEH State Councils

1. Project Director
Select the project director’s major field of study from the drop-down menu.

2. Institutional Information
Select the appropriate institution type from the drop-down menu.

3. Application Information
For Type of Application, check “new” if the application requests a new five-year period of performance (“new” requests are submitted in year three of your current period of performance). Check “supplement” if the application requests year two or year three funding for your current NEH grant. If you are requesting a supplement, provide the current grant number.

In 2022, the only state and jurisdictional humanities councils that should apply for “new” awards are:

- Alabama
- Alaska
- Arkansas
- California
- Florida
- Indiana
- Kansas
- Louisiana
- Maryland
- Massachusetts
- Michigan
- Mississippi
- Missouri
- Montana
- Nevada
- New Jersey
- New Mexico
- New York
- North Dakota
- Northern Marianas Islands
- Oregon
- Puerto Rico
- South Dakota
- Tennessee
- Texas
- Utah
- Vermont
- West Virginia
- Wisconsin

Contact the Office of Federal/State Partnership if you are unsure which type of application to select.

For the project’s Primary Field Code, use the pull-down menu to indicate the fields of your project. You may select one, two, or three fields. If you select more than one, list the primary field first.

Project/Performance Site Location(s) Form
Provide the primary location and any other locations where the project activity will occur during the period of performance. The primary location is the council’s headquarters.

You may include multiple performance sites. If you need to add more locations than the form allows, enter the information in a separate file and add it to the "Additional Locations" section. Position your cursor over each field to view instructions.

Certification Regarding Lobbying (conditionally required)
If you are requesting an award greater than $100,000, you must submit the Certification Regarding Lobbying. Once selected, this form will autofill based upon information provided on the SF-424 Application for Federal Assistance - Short Organizational.
**Standard Form-LLL, “Disclosure of Lobbying Activities” (conditionally required)**

If non-federal funds have been or will be used for lobbying, you must submit Standard Form-LLL, “Disclosure of Lobbying Activities.” See 2 CFR § 200.450.

**SF-424A: Budget Information – Non-Construction Programs**

Complete Section B of the SF-424A for projected costs that will be incurred during the budget period (November 1, 2022–October 31, 2023).

Base your budget projection on your current General Operating Support award, plus an additional 3%. For example, if your current award was for $500,000, your projected budget should be for $515,000.

Required fields are indicated in yellow. Round to the nearest whole dollar amount in all dollar fields. The inclusion of a cost category on the 424A does not automatically indicate that an expense is allowable. See D6. Funding Restrictions to ensure that costs are not disallowed.

Indirect costs are not allowed on general operating support awards. Per 2 CFR 200 § 403(f), councils must ensure there are no overlapping costs between two or more applications or approved budgets for federal funding.

All costs, whether supported by NEH funds or required cost sharing contributions, must be reasonable, necessary to accomplish project objectives, allowable in terms of 2 CFR 200 Subpart E - Cost Principles, auditable, and incurred during the period of performance. All costs are subject to audit, record retention, and other requirements set forth in 2 CFR 200 Subpart F - Audit Requirements.

In addition to SF-424A Section B, you must also include a budget justification with your application. Attach the budget justification to the Attachments Form as Attachment 2.

**Section B – Budget Categories**

The form includes four columns for different object class categories. Allocate costs across the following four functional activities:

1. **Program services, council-conducted projects, and public meetings:** Include costs incurred for council-conducted projects and public meetings, including related publicity and outreach.
2. **Fundraising:** Include direct costs associated with raising the required one-to-one cost share, such as development staff, campaigns, proposal costs, fundraising events, etc.
3. **Subawards:** Include the total amount allocated to subawards. This must include the NEH funds awarded to subrecipients and the council’s corresponding one-to-one cost share contribution. The council’s contribution may comprise non-NEH funded subawards as well as cost-share contribution generated at the subrecipient level, subject to the limitations in the terms and conditions.
4. **General management:** Include costs associated maintaining day-to-day operations. General management costs cover all allowable expenditures for organizational administration. They include, but are not limited to, administrative costs for subaward programs—such as subrecipient monitoring, site visits, grant administration and reporting—and financial management. See General Management Costs for State Humanities Councils.
Depending on its programs and activities, councils may not all allocate funds to every cost for each of the functional activities.

**a. Personnel**
Enter the aggregate personnel costs for each activity. Break out personnel costs across activities as a percentage of employees’ time. Personnel costs should only reflect expenses incurred for this award during the budget period. You must claim salaries and wages in compliance with 2 CFR §§ 200.430 and .466.

Per 2 CFR 200 § 403(f), you must ensure there are no overlapping costs between two or more applications or approved budgets for federal funds.

If you charge 100% of an employee’s salary to your general operating support award, you cannot include their salary on another award from NEH or other federal agencies during the same budget period. For example:

- **Executive Director:** 15% program services, 25% fundraising, 40% general management. (20% could be charged to another federal award.)
- **Program Officer:** 65% program services, 10% general management. (25% could be charged to another federal award.)
- **Development Coordinator:** 80% fundraising, 20% general management. (This individual is dedicated solely to the SO award and their time cannot be charged to other awards.)

**b. Fringe benefits**
Enter the aggregate fringe benefits for the corresponding personnel costs charged to each activity from A. Personnel. Per 2 CFR § 200.431, fringe benefits are allowances and services provided by employers to their employees as compensation in addition to regular salaries and wages. Fringe benefits include, but are not limited to, the costs of leave (vacation, family-related, sick, or military), employee insurance, pensions, and unemployment benefit plans.

c. **Travel**
Enter total travel costs by activity. Include travel expenses (e.g., airfare, mileage, lodging, parking, per diem, etc.) for each person and trip associated with meetings and other proposed trainings or workshops.

You must use the lowest available commercial fares for coach or equivalent accommodations. **Arrangements made on a non-refundable basis are at the risk of the recipient if the services must be cancelled for any reason.**

Travel costs must comply with 2 CFR § 200.475 and foreign travel must comply with General Terms and Conditions for General Support Grants to State Humanities Councils (for grant issued on or after December 26, 2014). NEH uses the General Services Administration’s published per diem rates to assess if proposed travel costs are reasonable.

d. **Equipment**
Enter the aggregate equipment costs by activity. Equipment is defined as nonexpendable personal property costing $5,000 or more per item and having a service life of more than one year (unless your organization has established a lower level). See 2 CFR §§ 200.313 and .439.

e. **Supplies**
Enter the aggregate supplies costs by activity. Supplies are tangible personal property costing the lesser of the capitalization level established by the applicant or $5,000 per item, regardless of the length of its useful life. See 2 CFR §§ 200.314 and .453.
f. Contractual
For columns 1, 2, and 4: enter the aggregate cost of contracts by activity.

For column 3: enter the anticipated cost of subawards. Include total costs (subawards plus any eligible council-required cost-share contributions generated at the subrecipient level) of both NEH-funded and non-NEH funded subawards to eligible entities for humanities programming. Include only subawards that will be issued during this budget period, regardless of their period of performance.

See 2 CFR §§ 200.330 and .331 for information on distinguishing between subawards and contracts.

g. Construction
Leave this line blank. Per the General Terms and Conditions for General Support Grants to State Humanities Councils (for grants issued on or after December 26, 2014), NEH funds may not be used for any costs related to the purchase of land or facilities by a council or for the construction, renovation, or alteration of council-owned facilities.

h. Other
Enter the aggregate cost of items not previously listed under other budget categories by activity. This might include mailing, space or equipment rental, association dues, subscriptions, etc. “Miscellaneous” and “contingency” are not acceptable budget categories. See 2 CFR § 200.454.

Per 2 CFR § 200.432, allowable conference costs may include speakers’ fees, costs of meals and refreshments, and other incidental items. Conference hosts must exercise discretion and judgment to ensure that costs are appropriate, necessary, and managed in a manner that minimizes costs to the award.

Food and/or meals are only allowable when vendors are unavailable during the scheduled program. Federal funds for meals/food/refreshments at receptions or “networking” events are not permitted. If complimentary meals or refreshments are provided during meetings, conferences, training, or other events while on NEH-supported travel, you must reduce the per diem charged to award accordingly. Per 2 CFR § 200.423, alcoholic beverages are unallowable.

i. Total Direct Charges (sum of 6a-6h)
The form will calculate total direct costs.

j. Indirect Charges
Leave this line blank. Because general operating support awards directly fund a variety of costs, applicants may not apply an indirect cost rate or claim indirect costs. Indirect costs (sometimes referred to as Facilities and Administration or “F&A”) are costs that are incurred for common or joint objectives and therefore cannot be connected to a specific project or activity. Common indirect costs include the depreciation on buildings, equipment and capital improvement, operations and maintenance expenses, salaries of executive officers, and accounting, and legal services.

Councils should charge general management costs such as office rent, maintenance, telephone, and utilities to the general operating support awards as direct costs. See H. Other.

k. Totals
The form will calculate total costs.
Total costs (shown in row K, column 5) must equal the amount of NEH funding plus the required one-to-one match (e.g. if your anticipated award is $515,000, total costs in K5 must be equal or greater than $1,030,000), subject to the terms and conditions of your award.

7. Program Income
Enter anticipated program income for each activity. Per 2 CFR § 200.1, program income is the gross income earned by the recipient that is directly generated by a supported activity or earned as a result of the federal award during the period of performance except as provided in 2 CFR § 200.307(f).

Program income includes, but is not limited to, fees for services performed and from the sale of items produced under an award; usage or rental fees for equipment or property acquired under an award; admission fees; broadcast or distribution rights; and license fees and royalties on patents and copyrights. Program income does not include rebates, credits, discounts, or interest earned on any of the listed income sources. Program income does not include cash generated as part of a fundraising campaign.

All program income generated as a result of awarded funds must be used for approved project-related activities. The program income alternatives applied to this program are addition and cost sharing or matching. See 2 CFR § 200.307.

Per 2 CFR § 200.305(5), to the extent that it is available, program income generated under the award must be disbursed prior to requesting federal funds.

Budget Justification
You must provide a budget justification to support your application. Specifically describe how each item supports the proposed objectives, itemize costs and detail how they you calculated them, and provide supporting documentation. Organize your budget justification using the section headings on the SF-424A. Attach the budget justification to the attachment form as Attachment 2.

Cost Summary
State top-line category allocations:

1.) NEH total dollar amount budgeted
2.) Required one-to-one cost share total amount budgeted

Personnel
Detail the salary and wages paid to personnel. Provide their names, position titles, annual salary or hourly wage, and percent full time equivalent (or total number of hours) charged to each functional activity and describe their roles in and suitability to the project.

Fringe benefits
Identify the fringe benefit rate and explain the base for the calculation for each person.

Travel
For each trip, provide the name of the traveler (if known), explain the purpose of the trip, and specify the points of origin and destination. Break out the costs of transportation, lodging, per diem, and any other expenses associated with the travel. Explain how you arrived at these dollar amounts.
For local travel, outline the mileage rate, number of miles, reason for travel, and staff member/consumers completing the travel. For long-distance travel, calculate per diem amounts for meals and lodging consistent with written institutional policy. You must use the lowest available commercial fares for coach or equivalent accommodations. **Arrangements made on a non-refundable basis are at the risk of the recipient if the services must be cancelled for any reason.**

If you anticipate travel in the coming budget period present this information in a table as shown below. You may provide reasonable estimates for airfare and lodging based on previous rates and comparison of current prices. NEH uses the General Services Administration’s published per diem rates to assess if proposed travel costs are reasonable. If plans for specific trips have not been made, provide the total anticipated expenses for airfare, lodging, and per diem.

Attachments Form
This form can accommodate up to fifteen attachments. Consult the Application Components Table to name and sequence your attachments in the proper order so that NEH can easily identify them.

Attachments must be in Portable Document Format (.pdf). Reformat all non-PDF files (i.e., Word, Excel, images, etc.) as PDFs. If an attachment contains multiple documents, merge them into a single file. Do not attach portfolios containing multiple PDFs. NEH cannot accept security-enhanced PDFs (e.g., password-protection, encryption, digital signatures, etc.). Flatten these files before uploading to Grants.gov.

Visit the Grants.gov Adobe Software Compatibility page to verify the compatibility of your current software or to download the appropriate version. If you have a problem installing Adobe Reader, contact your system administrator.

Limit file names to 50 or fewer characters. Do not attach any documents with the same name. Each attachment should have a unique name. Use only the following UTF-8 characters when naming your attachments: A-Z, a-z, 0-9, underscore, hyphen, space, period, parenthesis, curly braces, square brackets, ampersand, tilde, exclamation point, comma, semicolon, apostrophe, at sign, number sign, dollar sign, percent sign, plus sign, and equal sign. If you do not follow these naming conventions, your application may be rejected.

Grants.gov may accept and validate your submission even if required components are missing or are improperly formatted. This may result in NEH rejecting your application as incomplete or nonresponsive. It is your responsibility to ensure that all required components are properly formatted, attached, and submitted.

Occasionally, converting a document to PDF may alter its length. It is your responsibility to ensure that all attachments are within the stated page limits.

3. Unique Entity Identifier and System for Award Management

Before submitting its application, your organization must register with the System for Award Management (SAM) and Grants.gov. Learn more about this multistep process.

As of April 4, 2022, a D-U-N-S® numbers will be phased out in and replaced by a new Unique Entity Identifier issued by SAM. Learn more about the transition from D-U-N-S® to UEI.

Check your registrations well in advance of the deadline to ensure that they are accurate, current, and active. If your SAM registration is not active and current at the time of Grants.gov submission, your application will be rejected.

You should allow several weeks for the registration process. If you fail to allow sufficient time to complete registration with SAM or Grants.gov, you will not be eligible for a deadline extension or waiver of the online submission requirement.

If your SAM registration is not active and current at the time an award is made, NEH may determine that you are not qualified to receive an award and use that determination as a basis for making an award to another applicant.

System for Award Management (SAM)

Your organization must register with the System for Award Management (SAM) and continue to maintain active SAM registration with current information at all times during which you have an active federal award or an application or plan under consideration by an agency (unless the applicant is an individual or federal agency that is exempted from those requirements under 2 CFR § 25.110(b) or (c), or has an exception approved by the agency under 2 CFR § 25.110(d)). SAM will assign your organization a Unique Entity Identifier (UEI).

If you have not already done so, you will be required to create a Login.gov user account. When registering or renewing in SAM, you will be required to review and agree to the Financial Assistance Representations and Certifications, a common set of certifications and representations required by federal statutes or regulations in accordance with Title 2 of the Code of Federal Regulations.

Grants.gov

Your organization must register with Grants.gov before submitting an application. You must submit your application using Grants.gov Workspace or a Grants.gov system-to-system solution. Workspace is a shared, online environment where team members may simultaneously access and edit forms within a grant application.

After you register with Grants.gov and create an Organizational Applicant Profile, a request will be sent to your E-Business Point of Contact to assign the appropriate Grants.gov roles to individuals within your organization. This includes the authorized organization representative (AOR) who will give permission to complete and submit applications on behalf of your organization.

If you have previously registered with Grants.gov, confirm that your registration is still active and that your authorized organization representative (AOR) is current.
Grants.gov maintains a library of instructional videos which may be helpful resources as you prepare your application.

4. Submission Dates and Times
The deadline for applications under this notice is May 2, 2022, at 11:59 p.m. Eastern Time.

Late or incomplete applications may result in funding delays.

It is your responsibility to confirm that Grants.gov and subsequently NEH have received your application. Check your application status.

When NEH receives your application from Grants.gov, the agency will assign it a tracking number beginning with SO-. A tracking number does not guarantee that the application is free of technical problems (such as missing attachments or failure to convert attachments to PDFs). If a technical problem is detected, NEH will notify you via email. It is your responsibility to correct any errors prior to the deadline.

Once you have applied, NEH will not comment on the status of your application except on issues of eligibility, completeness, and responsiveness.

5. Intergovernmental Review
This funding opportunity is not subject to intergovernmental review under Executive Order 12372.

6. Funding Restrictions

E. Application Review Information

1. Review Criteria
NEH staff review applications in this program for eligibility, completeness, and responsiveness.
2. Review and Selection Process
Based on the information provided in the annual plan and the annual reports submitted following the close of the most recently completed funding period, NEH staff prepare a report on the state and jurisdictional humanities councils and present it to the National Council on the Humanities. The National Council meets at least twice annually to advise the NEH Chair. The Chair considers the advice provided by the review process and, by law, makes all funding decisions.

3. Assessment of Risk and Other Pre-Award Activities
While awards under this notice are issued based on a legislatively mandated formula, applicants to this program are held to the same standards as all other NEH applicants.

Prior to making an award, NEH will conduct a risk assessment, consistent with 2 CFR § 200.206. This assessment includes considerations such as past performance, as applicable; assessment of management systems; continued applicant eligibility; and compliance with any public policy requirements.

You may be asked to submit additional programmatic or administrative information or to undertake certain activities in anticipation of an award. This assessment guards against the risk that federal financial assistance might be wasted, used fraudulently, or abused. Based on its risk assessment, NEH will include in the award documents specific conditions designed to mitigate the effects of the risk, or it may withhold a portion or all of the award.

NEH is required to consider any information about your organization that is in the Federal Awardee Performance and Integrity Information System (FAPIIS). You may review and comment on any information about your organization that a federal awarding agency previously entered. NEH will consider your comments, in addition to other information in FAPIIS, in making a judgment about your organization’s integrity, business ethics, and record of performance under federal awards when completing the review of risk posed, as described in 2 CFR § 200.206. Per 2 CFR § 200.213, NEH will report determinations that an applicant is not qualified to FAPIIS.

4. Anticipated Announcement and Award Dates
NEH will notify applicants of funding decisions via GMS Reach in October 2022. This notification is not an authorization to begin performance or incur related costs.

Debarment, suspension, ineligibility, and voluntary exclusion certification

2) Failure to make required disclosures can result in any of the remedies described in 2 CFR § 200.339, including suspension or debarment. See also 2 CFR parts 180 and 3369.
3) If the prospective recipient is unable to attest to the statements in this certification, an explanation must be included in Attachment 3: Explanation of delinquent federal debt.

Providing access to NEH-funded products
As a taxpayer-supported federal agency, NEH endeavors to make the products of its awards available to the broadest possible audience. Our goal is for scholars, educators, students, and the American public to have ready and easy access to the wide range of NEH award products. All other considerations being equal, NEH gives preference to those that provide free access to the public.

Recipients must follow the requirements of Section 504 of the Rehabilitation Act of 1973, which is designed to eliminate discrimination on the basis of disability in any program or activity receiving federal financial assistance. Consult Design for Accessibility: A Cultural Administrator's Handbook.

In accordance with 2 CFR § 200.315(b), NEH reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so. NEH has typically exercised this right in consultation with recipients to publish an excerpt from resulting grant product(s) in Humanities magazine or on the NEH website.

Acknowledging NEH support
All materials publicizing or products resulting from NEH-funded activities must contain an acknowledgment of NEH support. Consult Acknowledgment and Publicity Requirements for NEH Awards and Publicizing Your Project for guidance.
